September 15, 2015

ST. LOUIS, Sept. 15, 2015 /PRNewswire/ -- Spectrum Brands – Pet, Home & Garden Division, a leading supplier of consumer products for the home, lawn and garden, was recognized recently with a Gold Innovation Award from *Home Improvement Executive* magazine for the newest addition to its line of weed controls, Spectracide® Weed & Grass Killer₂ with AccuShot™ Sprayer.

The Home Improvement Executive Innovation Awards are presented annually to honor noteworthy products, programs and ideas in their respective home improvement categories. The awards are presented to gold, silver and bronze recipients, with gold being the most prestigious. Recipients are selected based on retailer feedback.

In a category that values precision application and easy-to-use delivery systems, the Spectracide® Weed & Grass Killer₂ with AccuShot™ Sprayer stands out with a novel, push-button sprayer with a comfortable grip and extendable wand for targeted treatment of problem weeds and unwanted grass – with no pumping required. Refills are also available so the sprayer can be used again and again.
