

Harbinger Group Commences \$50 Million Share Repurchase Program

August 15, 2013

NEW YORK-August 14, 2013 -- Harbinger Group Inc. ("HGI" or the "Company"; NYSE: HRG) today commenced the \$50 million share repurchase program previously authorized by its Board of Directors on August 8, 2013.

Omar Asali, HGI's President said, "We are initiating this Share Repurchase Program to opportunistically capitalize on the value that we see in the HGI platform and our underlying operating businesses. We are committed to realizing and building long term value for all of our shareholders."

In accordance with the authorized program, the Company purchased 1.7 million shares from one of the funds affiliated with Harbinger Capital Partners for an aggregate purchase price of \$12.325 million. While the program authorizes the remaining \$37.675 million of shares to be purchased from time to time in one or more open market or private transactions, the Company expects a significant portion of the remaining shares to be purchased in the open market. The manner of purchase, the number of shares to be purchased and the timing of purchases will be based on the price of HGI's common stock, general business and market conditions and applicable legal requirements, and is subject to the discretion of HGI's management. The Company expects to complete the purchase of the remaining \$37.675 million of shares within 12 months. The program does not require HGI to purchase any specific number of shares or any shares at all, and may be suspended, discontinued or re-instituted at any time without prior notice.

Forward Looking Statements

"Safe Harbor" Statement Under the Private Securities Litigation Reform Act of 1995: Some of the statements contained in the Press Release and certain oral statements made by our representatives from time to time regarding the matters described herein, including the completion of the stock repurchase program and its related terms, are or may be forward-looking statements. Such forward-looking statements are based upon management's current expectations that are subject to risks and uncertainties that could cause actual results, events and developments to differ materially from those set forth in or implied by such forward-looking statements. These statements and other forward-looking statements made from time-to-time by HGI and its representatives describing the stock repurchase program and future plans, strategies and expectations of HGI, and are generally identifiable by use of the words "believes," "expects," "intends," "anticipates," "plans," "seeks," "estimates," "projects," "may" or similar expressions. Factors that could cause actual results, events and developments to differ include, without limitation, capital market conditions, the ability of HGI's subsidiaries (including, target businesses following their acquisition) to generate sufficient net income and cash flows to make upstream cash distributions, HGI and its subsidiaries ability to identify any suitable future acquisition opportunities, efficiencies/cost avoidance, cost savings, income and margins, growth, economies of scale, combined operations, future economic performance, conditions to, and the timetable for, completing the integration of financial reporting of acquired or target businesses with HGI or HGI subsidiaries, completing future acquisitions and dispositions, litigation, potential and contingent liabilities, management's plans, changes in regulations, taxes and the risks that may affect the performance of the operating subsidiaries of HGI and those factors listed under the caption "Risk Factors" in HGI's most recent Annual Report on Form 10-K and Quarterly Reports on Form 10-Q, filed with the Securities and Exchange Commission. All forward-looking statements described herein are qualified by these cautionary statements and there can be no assurance that the actual results, events or developments referenced herein will occur or be realized. HGI does not undertake any obligation to update or revise forward-looking statements to reflect changed assumptions, the occurrence of unanticipated events or changes to future operation results.
