SUBJECT TO COMPLETION, DATED NOVEMBER 2, 2009

Spectrum Brands, Inc.

12% Senior Subordinated Toggle Notes due 2019

Common Stock

On August 28, 2009, Spectrum Brands, Inc. ("Spectrum Brands") and its United States subsidiaries (collectively, the "Debtors") emerged from Chapter 11 reorganization proceedings (the "Reorganization") in accordance with the Debtors' confirmed joint plan of reorganization (the "Plan"). Pursuant to the Plan, Spectrum Brands issued:

- \$218,076,405 in principal amount of reorganized Spectrum Brands' 12% Senior Subordinated Toggle Notes due 2019, which, as of October 28, 2009, are held in global form (together with the related guarantees, as "12% Notes") to the holders of its then existing public senior subordinated notes; and
- 30,000,000 shares of reorganized Spectrum Brands' common stock, par value \$0.01 per share (the "Common Stock"), to the holders of its then existing public senior subordinated notes, including 2,970,000 shares issued to supplemental and sub-supplemental loan participants in Spectrum Brands' debtor-in-possession senior secured revolving credit facility in the Reorganization, in each case in uncertificated form.

The 12% Notes bear interest at the rate of 12% per annum payable semi-annually on February 28 and August 28 of each year. Interest is payable in cash or in kind by increasing the principal amount of the notes, at Spectrum Brands' election. As noted elsewhere in this Prospectus, Spectrum Brands is restricted under the terms of its senior secured term credit agreement, as amended, from paying interest on the 12% Notes in cash until February 28, 2011 and, therefore, at least until such date, intends to satisfy its interest payment obligations under the 12% Notes by paying interest in kind. The 12% Notes will mature on August 28, 2019. They are unsecured senior subordinated obligations of Spectrum Brands and are guaranteed by all of the wholly owned direct and indirect United States subsidiaries of Spectrum Brands. In connection with the Reorganization, Spectrum Brands entered into registration rights agreements for the benefit of certain of the negotiating holders of its then existing public senior subordinated notes and certain of their respective transferees, as provided in the respective registration rights agreements, to allow such persons to resell shares of the Common Stock and the 12% Notes issued pursuant to the Plan as well as certain other securities of Spectrum Brands, in each case upon the terms and subject to the conditions set forth in the respective registration rights agreements.

In order to comply with Spectrum Brands' obligations under the registration rights agreements, Spectrum Brands and its United States subsidiaries filed the registration statement of which this Prospectus forms a part. This Prospectus relates to up to \$158,703,891 in principal amount of the 12% Notes (including \$32,837,275 representing an estimated additional aggregate principal amount of 12% Notes if Spectrum Brands elects for each interest period until August 28, 2011 to make payments of interest in kind by increasing the principal amount of the then outstanding 12% Notes) and up to 22,886,685 shares of the Common Stock, which may be offered for sale from time to time by the selling securityholders named in this Prospectus, which, as of October 28, 2009, include such negotiating noteholders. Neither Spectrum Brands nor any of its United States subsidiaries will receive any proceeds from the sale by the selling securityholders of such 12% Notes or such shares of Common Stock, as applicable. The selling securityholders may offer some or all of such shares or notes, as applicable, for sale from time to time through public or private transactions, at market prices prevailing at the time of sale, at prices related to such prevailing market prices, at negotiated prices, or at fixed prices, which may be changed. Spectrum Brands will pay all expenses relating to the offering by the selling securityholders, generally excluding those of certain counsel to the selling securityholders, any brokerage and underwriting discounts and selling commissions and transfer taxes, which will be paid by the selling securityholders. See "Plan of Distribution." We urge you to carefully read this Prospectus and any accompanying prospectus supplement before you make an investment decision.

The Common Stock is quoted on the OTC Bulletin Board and the Pink Sheet Electronic Quotation Service under the symbol "SPEB". Spectrum Brands' common stock that was outstanding prior to August 28, 2009, or the effective date of the Plan (the "Effective Date"), and which was quoted on the Pink Sheet Electronic Quotation Service under the symbol "SPCB," was cancelled on the Effective Date. As of October 28, 2009, the last reported bid price of the Common Stock quoted on the OTC Bulletin Board was \$23.10 per share.

Investing in the securities involves a high degree of risk. See "[Risk Factors](#)" beginning on page 7.

Neither the United States Securities and Exchange Commission (the "SEC") nor any state securities commission has approved or disapproved of these securities or determined if this Prospectus is truthful or complete. Any representation to the contrary is a criminal offense.

Chapter 11 Reorganization

On February 3, 2009, Spectrum Brands and thirteen of its United States subsidiaries (collectively, the “Debtors”) filed voluntary petitions for reorganization under Chapter 11 of the United States Bankruptcy Code in the United States Bankruptcy Court for the Western District of Texas. On the Effective Date, the Debtors’ joint plan of reorganization, or Plan, became effective and the Debtors emerged from Chapter 11 of the Bankruptcy Code. Pursuant to the Plan, Spectrum Brands’ capital structure was realigned. Spectrum Brands’ outstanding equity securities were cancelled with no distribution to holders of Spectrum Brands’ existing equity. The Common Stock and the 12% Notes were issued to holders of allowed claims in respect of Spectrum Brands’ then outstanding public senior subordinated notes. The supplemental and sub-supplemental participants in the Debtors’ debtor-in-possession credit facility also received the Common Stock. When we use the terms “Predecessor” and “Old Spectrum” in this Prospectus, we are referring to Spectrum Brands and its subsidiaries

prior to the Effective Date and when we use the terms “Successor” and “Reorganized Spectrum” in this Prospectus, we are referring to Spectrum Brands and its subsidiaries after the Effective Date.

The Official Committee of Equity Security Holders (the “Equity Committee”), which represents the interests of the Debtors’ pre-petition equity holders whose equity interests were cancelled pursuant to the terms of the Plan, filed a notice of appeal of the Confirmation Order on July 15, 2009. On September 21, 2009, the Equity Committee moved to withdraw its appeal of the Confirmation Order. The District Court granted the motion on September 23, 2009 and dismissed the Equity Committee’s appeal without prejudice.

Subsidiary Guarantors

Each of Spectrum Brands’ wholly owned direct and indirect United States subsidiaries have guaranteed Spectrum Brands’ obligations under the 12% Notes.

Risk Factors

Our businesses are subject to many material risks and challenges that we describe in “Risk Factors” and elsewhere in this Prospectus. If any of these risks materialize or we are unable to overcome these challenges, we may fail to achieve our strategic goals, and our businesses, financial condition or results of operations could suffer.

Our Relationship with Certain Significant Securityholders

In connection with the Reorganization, as of the Effective Date, the Company entered into agreements with Harbinger Capital Partners Master Fund I, Ltd., Harbinger Capital Partners Special Situations Fund, L.P. and Global Opportunities Breakaway Ltd. (collectively, the “Harbinger Parties”), D. E. Shaw Laminar Portfolios, L.L.C. (“Laminar”) and Avenue International Master, L.P., Avenue Investments, L.P., Avenue Special Situations Fund V, L.P., Avenue Special Situations Fund IV, L.P. and Avenue-CDP Global Opportunities Fund, L.P. (collectively, the “Avenue Parties”), relating to their respective rights as holders of shares of the Common Stock or the 12% Notes, including a registration rights agreement with respect to the Common Stock (and other equity and securities convertible into equity of Spectrum Brands) and a registration rights agreement with respect to the 12% Notes. As of October 26, 2009, based on information provided to us by the respective Significant Securityholders, the Harbinger Parties collectively owned 12,053,819 shares of the Common Stock, and \$92,021,474 principal amount of the 12% Notes; Laminar owned 4,069,995 shares of the Common Stock and \$3,750,365 principal amount of the 12% Notes; and the Avenue Parties collectively owned 6,762,871 shares of the Common Stock and \$30,094,777 principal amount of the 12% Notes; representing approximately 39.4%, 13.3% and 22.1%, respectively, of the voting power of the Spectrum Brands’ then outstanding voting securities and approximately 42.2%, 1.7% and 13.8%, respectively, of the then outstanding principal amount of the 12% Notes.

As of the Effective Date, Spectrum Brands also converted from a Wisconsin to a Delaware corporation and adopted a new Delaware certificate of incorporation and bylaws. The terms of the certificate of incorporation and bylaws of Reorganized Spectrum as well as the registration rights agreements were negotiated with representatives of each of the Harbinger Parties, Laminar and the Avenue Parties in the context of the Reorganization and in consideration for the support of the Plan of each of the Harbinger Parties, Laminar and the Avenue Parties holding Spectrum Brands’ then outstanding senior subordinated notes pursuant to that certain Restructuring Support Agreement dated as of February 3, 2009, by and among Spectrum Brands and each such holder (the “Support Agreement”). Accordingly, the terms of these agreements may be more or less favorable

than those that Spectrum Brands could have negotiated on a standalone basis. For a description of these registration rights agreements, read “Certain Relationships and Related Person Transactions—Agreements Between Each of the Significant Securityholders and Us in Connection with the Reorganization.” For a description of the certificate of incorporation and bylaws, read “Description of the Common Stock.”

In addition, also pursuant to the Plan, each of the Harbinger Parties, Laminar and the Avenue Parties designated certain persons who were approved by Spectrum Brands’ then existing directors and the Bankruptcy Court and, pursuant to the Plan and effective as of the Effective Date, appointed together with Mr. Hussey as directors of Spectrum Brands. See “Certain Relationships and Related Person Transactions.”

12% Senior Subordinated Toggle Notes due 2019

<i>Issuer</i>	Spectrum Brands, Inc.
<i>Aggregate Principal Amount of the 12% Notes that may be offered by selling noteholders by this Prospectus</i>	\$158,703,891 (including \$32,837,275 representing an estimated additional aggregate principal amount of 12% Notes if Spectrum Brands elects for each interest period until August 28, 2011 to make payments of interest in kind by increasing the principal amount of the then outstanding 12% Notes)
<i>Aggregate Principal Amount of the 12% Notes outstanding</i>	\$218,076,405, as of October 28, 2009.
<i>Maturity Date</i>	August 28, 2019.
<i>Interest</i>	Interest accrues on the 12% Notes at a rate of 12% per year and will be paid semi-annually in arrears entirely in cash or, at Spectrum Brands’ option, exercised semi-annually entirely by increasing the principal amount of the 12% Notes. Spectrum Brands is restricted under the terms of its senior secured term credit agreement, as amended, from paying interest on the 12% Notes in cash until the date that is 18 months from the Effective Date, or February 28, 2011, and, therefore, at least until such date, intends to satisfy its interest payment obligations by electing to increase the principal amount of the outstanding 12% Notes.
<i>Mandatory Prepayment</i>	At the end of any accrual period (as defined in Section 1272(a)(5) of the Internal Revenue Code of 1986, as amended (the “Code”)) ending

after August 28, 2014 in which, but for this provision (x) the aggregate amount of accrued and unpaid original issue discount (as defined in Section 1273(a)(1) of the Code) on the 12% Notes would exceed (y) an amount equal to the product of (A) the issue price (as defined in Sections 1273(b) and 1274(a) of the Code) of the 12% Notes multiplied by (B) the yield to maturity (interpreted in accordance with Section 163(i) of the Code) of the 12% Notes, Spectrum Brands is required to pay at the end of each such accrual period without premium or penalty the minimum amount of principal plus accrued interest on the 12% Notes necessary to prevent any of the accrued and unpaid interest and original issue discount on the 12% Notes from being disallowed or deferred as a deduction under Section 163(e)(5) of the Code to Spectrum Brands.

Guarantees

Obligations under the 12% Notes and the indenture governing such notes are guaranteed on a senior subordinated basis by all of Spectrum Brands' United States' subsidiaries (such subsidiaries being the "Guarantors"). Newly created or acquired United States' subsidiaries of Spectrum Brands are required to become Guarantors.

Ranking

The 12% Notes are subordinate to existing and future senior debt of Spectrum Brands, including (x) the Credit Agreement dated as of March 30, 2007, by and among Spectrum Brands, The Bank of New York Mellon (as successor to Goldman Sachs Credit Partners L.P.), as administrative agent, and the other parties thereto and (y) the Credit Agreement dated as of August 28, 2009, by and among Spectrum Brands, the subsidiaries of Spectrum Brands party thereto; General Electric Capital Corporation, as administrative agent, co-collateral agent, syndication agent, swingline lender and supplemental loan lender; Bank of America, N.A., as co-collateral agent and L/C issuer; and the lenders from time to time party thereto.

Redemption

Spectrum Brands may not optionally redeem the 12% Notes before August 28, 2012. The 12% Notes may be redeemed at a redemption premium of (a) 106% after August 28, 2012, (b) 103% after August 28, 2013, and (c) 100% after August 28, 2014.

Under the indenture governing the 12% Notes, Spectrum Brands is not required to redeem the 12% Notes, except (1) in connection with a change of control, (2) from the net proceeds of certain asset sales, and (3) as further described in the "Mandatory Prepayment" section above, if necessary to prevent any of the accrued and unpaid interest and original issue discount on the 12% Notes from being limited as a deduction under the "AHYDO" (applicable high yield discount obligation) rules.

Change of Control

In the event of a change of control of Spectrum Brands, Spectrum Brands is required to offer to repurchase the 12% Notes for cash equal to 101% of the aggregate principal amount of the 12% Notes repurchased.

Indebtedness

The indenture governing the 12% Notes restricts Spectrum Brands and its restricted subsidiaries (currently all of Spectrum Brands' direct and indirect subsidiaries) from incurring certain indebtedness and, with respect to such subsidiaries, issuing preferred stock.

The indenture also restricts Spectrum Brands and each Guarantor from incurring any indebtedness that is subordinate in right of payment to any senior debt of such entity unless it is pari passu or subordinate in right of payment to the 12% Notes to the same extent.

Liens

The 12% Notes are unsecured obligations of Spectrum Brands. Under the indenture governing the 12% Notes, Spectrum Brands may not incur liens securing indebtedness, other than certain permitted liens including liens (a) in favor of Spectrum Brands or any of its restricted subsidiaries, (b) existing on the property of an entity at the time such entity is merged or consolidated with Spectrum Brands or any of its restricted subsidiaries, (c) existing on property at the time it is acquired by Spectrum Brands or any of its restricted subsidiaries, (d) existing on the date of original issuance of the 12% Notes, (e) securing certain permitted refinancing indebtedness, (f) incurred in the ordinary course of business and not exceeding \$25.0 million outstanding at one time and (g) on the assets of a foreign subsidiary of Spectrum Brands and securing indebtedness of a foreign subsidiary of Spectrum Brands, unless all payments due under the Indenture and the 12% Notes are secured on an equal and ratable basis with the obligations so secured until such time as such obligations are no longer secured by a lien.

Covenants

In addition to the above described provisions on interest payments, redemption, prepayment, change of control, indebtedness and liens, Spectrum Brands is subject to certain other covenants under the indenture governing the 12% Notes, including (a) requirements for Spectrum Brands to make certain reports to holders of the 12% Notes, (b) restrictions on making certain payments and dividends, (c) restrictions on entering into agreements that limit upstreaming of funds, (d) restrictions on merging, consolidating or selling assets, and (e) restrictions on engaging in affiliate transactions.

Events of Default

The indenture governing the 12% Notes contains events of default, including (a) default for thirty (30) days in paying interest due, (b) default in paying principal or premium due, (c) failure to comply with covenants restricting change of control, asset sale and merger, (d) failure to comply, upon due notice, with other covenants in the Indenture, (e) cross-default for defaults on material indebtedness, (f) failure to pay final judgments in excess of \$25.0 million, (g) if any note guarantee is held in any judicial proceeding to be unenforceable or invalid and (h) certain events of bankruptcy or insolvency.

Impact of "Fresh-Start" Reporting

All conditions required for the adoption of "fresh-start" reporting were met upon emergence from Chapter 11 of the Bankruptcy Code on the Effective Date. However, in light of the proximity of that date to our accounting period close immediately following the Effective Date, which was August 30, 2009, we elected to adopt a convenience date of August 30, 2009 for recording "fresh-start" reporting (the "Fresh-Start Adoption Date"). We adopted "fresh-start" reporting in accordance with American Institute of Certified Public Accountants ("AICPA") Statement of Position No. 90-7, "Financial Reporting by Entities in Reorganization under the Bankruptcy Code" ("SOP 90-7"), which had a significant impact on our financial statements as compared to our historical financial statements. As a result, the historical financial data of Spectrum Brands prior to the Fresh-Start Adoption Date may not be entirely comparable to the historical financial data of Reorganized Spectrum and may be of limited value in evaluating our financial and operating prospects in the future. For more details on "fresh-start" reporting, see "Chapter 11 Reorganization—Accounting Impact of Reorganization" and "Unaudited Pro Forma Condensed Consolidated Financial Information."

RISK FACTORS

We urge you to consider carefully all of the information set forth in this Prospectus and incorporated by reference into this Prospectus, including the risk factors and other information contained in our most recent Annual Report on Form 10-K (as recast) and Quarterly Reports on Form 10-Q that we have filed with the SEC. Please refer to “Incorporation by Reference” and “Where You Can Find Additional Information.” We urge you to particularly evaluate the following risks before deciding to purchase the Common Stock or 12 % Notes. Various statements contained in this Prospectus (including some of the following risk factors) or incorporated by reference into this Prospectus constitute forward-looking statements. Please refer to the section entitled “Special Note Regarding Forward-Looking Statements.”

Any investment in our company will be subject to risks inherent to our businesses. Before making an investment decision, you should carefully consider the risks described below together with all of the other information included in this Prospectus. The risks and uncertainties described below are not the only ones facing our company. Additional risks and uncertainties that we are not aware of or focused on or that we currently deem immaterial may also impair our business operations.

If any of the following risks actually occur, they could materially adversely affect our businesses, financial condition, liquidity or results of operations. In that case, the trading or other price of the Common Stock or the 12% Notes could decline and you may lose all or part of your investment.

Risks Related To Our Emergence From Bankruptcy

Our actual financial results may vary significantly from the projections filed with the bankruptcy court.

In connection with the Reorganization, the Debtors were required to prepare projected financial information to demonstrate to the bankruptcy court administering the Reorganization the feasibility of the Plan and the ability of the Debtors to continue operations upon emergence from bankruptcy. As part of the disclosure statement approved by the bankruptcy court and as otherwise furnished to the SEC, the projections reflected numerous assumptions concerning anticipated future performance and prevailing and anticipated market and economic conditions that were and continue to be beyond our and the other Debtors’ control and that may not materialize. Projections are inherently subject to uncertainties and to a wide variety of significant business, economic and competitive risks. Our actual results may vary from those contemplated by the projections and the variations may be material. Neither these projections nor any form of the disclosure statement should be considered or relied upon in connection with the purchase of the Common Stock or the 12% Notes.

Because our consolidated financial statements are required to reflect fresh-start reporting adjustments to be made upon emergence from bankruptcy, financial information in our financial statements prepared after August 30, 2009 will not be comparable to our financial information from prior periods.

All conditions required for the adoption of “fresh-start” reporting were met upon emergence from Chapter 11 of the Bankruptcy Code on the Effective Date. However, in light of the proximity of that date to our accounting period close immediately following the Effective Date, which was August 30, 2009, we elected to adopt a convenience date of August 30, 2009 for recording “fresh-start” reporting. We adopted “fresh-start” reporting in accordance with the American Institute of Certified Public Accountants Statement of Position No. 90-7, “Financial Reporting by Entities in Reorganization under the Bankruptcy Code,” pursuant to which our reorganization value, which is intended to reflect the fair value of the entity before considering liabilities and approximate the amount a willing buyer would pay for the assets of the entity immediately after the Reorganization, will be allocated to the fair value of assets in conformity with Statement of Financial Accounting Standards No. 141, Business Combinations, using the purchase method of accounting for business combinations. We will state liabilities, other than deferred taxes, at a present value of amounts expected to be paid. The amount remaining after allocation of the reorganization value to the fair value of identified tangible and intangible assets will be reflected as goodwill, which is subject to periodic evaluation for impairment. In addition, under “fresh-start” reporting the accumulated deficit will be eliminated. Thus, our future balance sheets and results of

[Table of Contents](#)

operations will not be comparable in many respects to balance sheets and consolidated statements of operations data for periods prior to the adoption of “fresh-start” reporting. The lack of comparable historical information may discourage investors from purchasing the Common Stock or the 12% Notes. Additionally, the financial information incorporated by reference into this Prospectus may not be indicative of future financial information.

Risks Related To Our Businesses

Our substantial indebtedness could adversely affect our businesses, financial condition and results of operations and prevent us from fulfilling our obligations under the terms of our indebtedness.

We have, and we expect to continue to have, a significant amount of indebtedness. As of August 30, 2009, we had total indebtedness under our senior subordinated notes, senior credit facilities and other senior debt of approximately \$1.69 billion.

Our substantial indebtedness could make it more difficult for us to satisfy our obligations with respect to the terms of our indebtedness and has had and could continue to have other material adverse consequences for our business, including:

- requiring us to dedicate a large portion of our cash flow to pay principal and interest on our indebtedness, which will reduce the availability of our cash flow to fund working capital, capital expenditures, research and development expenditures and other business activities;
- increasing our vulnerability to general adverse economic and industry conditions;
- limiting our flexibility in planning for, or reacting to, changes in our business and the industry in which we operate;
- restricting us from making strategic acquisitions, dispositions or exploiting business opportunities;
- placing us at a competitive disadvantage compared to our competitors that have less debt; and
- limiting our ability to borrow additional funds (even when necessary to maintain adequate liquidity) or dispose of assets.

In addition, a substantial portion of our debt bears interest at variable rates. If market interest rates increase, the interest rate on our variable-rate debt will increase and will create higher debt service requirements, which would adversely affect our cash flow and could adversely impact our results of operations. While we may enter into agreements limiting our exposure to higher debt service requirements, any such agreements may not offer complete protection from this risk.

The terms of our indebtedness impose restrictions on us that may affect our ability to successfully operate our businesses.

Our senior term credit agreement and senior asset-based revolving credit agreement and the indenture governing our outstanding 12% Notes each contain covenants that, among other things, limit our ability to:

- incur additional indebtedness;
- borrow money or sell preferred stock;
- create liens;
- pay dividends on or redeem or repurchase stock;
- make certain types of investments;
- issue or sell stock in our subsidiaries;
- restrict dividends or other payments from our subsidiaries;
- issue guarantees of debt;

[Table of Contents](#)

- transfer or sell assets and utilize proceeds of any such sales;
- enter into agreements that restrict our restricted subsidiaries from paying dividends, making loans or otherwise transferring assets to us or to any of our other restricted subsidiaries;
- enter into or engage in transactions with affiliates;
- merge, consolidate or sell all or substantially all of our assets; or
- pay cash interest on our 12% Notes until the date that is 18 months from the effective date of the Plan, or February 28, 2011.

In addition, our senior term credit agreement and the senior asset-based revolving credit agreement each require us to meet a number of financial ratios and tests. Noncompliance with these covenants could materially and adversely affect our ability to finance our operations or capital needs and to engage in other business activities that may be in our best interest and may also restrict our ability to expand or pursue our business strategies. We may not be able to comply with all of our covenants and obligations in all our debt instruments.

We face risks related to the current economic crisis.

The continued credit crisis and related turmoil in the global financial system has had and may continue to have an impact on our businesses and our financial condition. Global economic conditions have significantly impacted economic markets within certain sectors, including financial industries and retail business being particularly impacted. Our ability to generate revenue, in particular from sales of our home and garden products, pet supplies, electric shaving and grooming and electric personal care products, depends significantly on discretionary consumer spending. It is difficult to predict new general economic conditions that could impact consumer and customer demand for our products or our ability to manage normal commercial relationships with our customers, suppliers and creditors. The recent emergence of a number of negative economic factors, including heightened investor concerns about the credit quality of mortgages, constraints on the supply of credit to households, continuing increases in energy prices, lower equity prices, softening home values, uncertainty and perceived weakness in the labor market and general consumer fears of a recession or depression could have a negative impact on discretionary consumer spending. If the current situation deteriorates significantly, our business could be negatively impacted, including as a result of reduced demand for our products or supplier or customer disruptions. Any significant decrease in discretionary consumer spending could have a material adverse effect on our revenues, results of operations and financial condition. In addition, our ability to access the capital markets may be severely restricted at a time when we would like, or need, to do so, which could have an impact on our flexibility to react to changing economic and business conditions.

We participate in very competitive markets and we may not be able to compete successfully.

The markets in which we participate are very competitive. In the consumer battery market, our primary competitors are Duracell (a brand of Procter & Gamble), Energizer and Panasonic (a brand of Matsushita). In the electric shaving and grooming and electric personal care product markets, our primary competitors are Braun (a brand of Procter & Gamble), Norelco (a brand of Philips), and Vidal Sassoon and Revlon (brands of Helen of Troy). In the pet supplies market, our primary competitors are Mars, Hartz and Central Garden & Pet. In our Home and Garden Business our principal national competitors are the Scotts Company, Central Garden & Pet and S.C. Johnson. In each of our markets, we also face competition from numerous other companies.

We and our competitors compete for consumer acceptance and limited shelf space based upon brand name recognition, perceived quality, price, performance, product packaging and design innovation, as well as creative marketing, promotion and distribution strategies. Our ability to compete in these consumer product markets may be adversely affected by a number of factors, including, but not limited to, the following:

- We compete against many well established companies that may have substantially greater financial and other resources, including personnel and research and development, and greater overall market share than we do.

[Table of Contents](#)

- In some key product lines, our competitors may have lower production costs and higher profit margins than we do, which may enable them to compete more aggressively in offering retail discounts, rebates and other promotional incentives.
- Product improvements or effective advertising campaigns by competitors may weaken consumer demand for our products.
- Consumer purchasing behavior may shift to distribution channels where we do not have a strong presence.
- Consumer preferences may change to lower margin products or products other than those we market.

If our product offerings are unable to compete successfully, our sales, results of operations and financial condition could be materially and adversely affected.

We depend on key personnel and may not be able to retain those employees or recruit additional qualified personnel.

We are highly dependent on the continuing efforts of our senior management team and other key personnel. Our businesses, financial condition and results of operations could be materially adversely affected if we lose any of these persons and are unable to attract and retain qualified replacements.

Some of our directors may be designated by the Harbinger Parties, Laminar and/or the Avenue Parties, which could cause conflicts of interest that result in our not acting on opportunities we otherwise may have.

In accordance with the Plan and pursuant to the Support Agreement, each of the Harbinger Parties, Laminar and the Avenue Parties designated certain persons who were nominated by Spectrum Brands' then existing directors and effective as of the Effective Date, appointed, together with Kent J. Hussey, to the board of directors of Spectrum Brands. In the future, directors may be elected by the Harbinger Parties, Laminar and/or the Avenue Parties through exercise of their voting power. Such election of directors to our board of directors could create, or appear to create, conflicts of interest with respect to matters involving both us and the Harbinger Parties, Laminar and/or the Avenue Parties that could have different implications for the Harbinger Parties, Laminar and/or the Avenue Parties than they do for us. We cannot assure you that the provisions in our governing documents will adequately address any potential conflicts of interest or that potential conflicts of interest will be resolved in our favor or that we will be able to take advantage of corporate opportunities presented to directors that were designated by the Harbinger Parties, Laminar and/or the Avenue Parties. As a result, we may be precluded from pursuing certain growth initiatives. Further, the interests of the Harbinger Parties, Laminar and/or the Avenue Parties and our other stockholders may diverge. In addition, in connection with the Reorganization, Spectrum Brands has adopted a new certificate of organization that waives certain causes of action that may arise with respect to potential conflicts of interest with eligible stockholders, which may include the Harbinger Parties, Laminar and/or the Avenue Parties. For a further description of the certificate of incorporation see "Description of the Common Stock." Under these circumstances, persons who might otherwise accept our invitation to join our board of directors may decline.

Adverse weather conditions during our peak selling season for our home and garden control products could have a material adverse effect on our home and garden business.

Weather conditions in North America have a significant impact on the timing and volume of sales of certain of our lawn and garden and household insecticide and repellent products. Periods of dry, hot weather can decrease insecticide sales, while periods of cold and wet weather can slow sales of herbicides. In addition, an abnormally cold spring throughout North America could adversely affect insecticide sales and therefore have a material adverse effect on our home and garden business.

Our products utilize certain key raw materials; any increase in the price of these raw materials could have a material and adverse effect on our businesses, financial condition and profits.

The principal raw materials used to produce our products—including zinc powder, electrolytic manganese dioxide powder and steel—are sourced either on a global or regional basis, and the prices of those raw materials are susceptible to price fluctuations due to supply and demand trends, energy costs, transportation costs, government regulations, duties and tariffs, changes in currency exchange rates, price controls, general economic conditions and other unforeseen circumstances. In particular, during 2007 and 2008 we experienced extraordinary price increases for raw materials, particularly as a result of strong demand from China.

We regularly engage in forward purchase and hedging derivative transactions in an attempt to effectively manage and stabilize some of the raw material costs we expect to incur over the next 12 to 24 months; however, our hedging positions may not be effective or may not anticipate beneficial trends in a particular raw material market or as a result of changes in any of our businesses may no longer be useful for the Company. In addition, for certain of the principle raw materials we use to produce our products, such as electrolytic manganese dioxide powder, there are no available effective hedging markets. If these efforts are not effective or expose us to above average costs for an extended period of time and we are unable to pass our raw materials costs on to our customers, our future profitability may be materially and adversely affected. Further, with respect to transportation costs, certain modes of delivery are subject to fuel surcharges which are determined based upon the current cost of diesel fuel in relation to pre-established agreed upon costs. We may be unable to pass these fuel surcharges on to our customers which may have an adverse effect on our profitability and results of operations.

In addition, we have exclusivity arrangements and minimum purchase requirements with certain of our suppliers for our home and garden business, which increase our dependence upon and exposure to those suppliers. Some of those agreements include caps on the price we pay for our supplies and in certain instances, these caps have allowed us to purchase materials at below market prices. When we attempt to renew those contracts the other parties to the contracts may not be willing to include or may limit the effect of those caps and could even attempt to impose above market prices in an effort to make up for any below market prices paid by us prior to the renewal of the agreement. Any failure to timely obtain suitable supplies at competitive prices could materially adversely affect our businesses, financial condition and results of operations.

We may not be able to fully utilize our United States net operating loss carryforwards.

As of June 28, 2009, we are estimating that at September 30, 2009 we will have United States (“U.S.”) federal and state net operating loss carryforwards of approximately \$1.169 and \$2.058 billion, respectively. These net operating loss carryforwards expire through years ending in 2029. As of June 28, 2009, management determined that it continues to be more likely than not that the net U.S. deferred tax asset, excluding certain indefinite lived intangibles, would not be realized in the future and as such recorded a full valuation allowance to offset the net U.S. deferred tax asset, including the Company’s net operating loss carryforwards. In addition, the Company has had changes of ownership, as defined under Internal Revenue Code Section 382, that continue to subject a significant amount of the Company’s U.S. net operating losses and other tax attributes to certain limitations. If we are unable to fully utilize our net operating losses to offset taxable income generated in the future, our results of operations could be materially and negatively impacted.

Consolidation of retailers and our dependence on a small number of key customers for a significant percentage of our sales may negatively affect our businesses, financial condition and profits.

As a result of consolidation of national mass merchandisers, a significant percentage of our sales are attributable to a very limited group of retailer customers. Because of the importance of these key customers, demands for price reductions or promotions by such customers, reductions in their purchases, changes in their financial condition or loss of their accounts could have a material adverse effect on our business, financial condition and results of operations. In addition, as a result of the desire of retailers to more closely manage

[Table of Contents](#)

inventory levels, there is a growing trend among them to purchase our products on a “just-in-time” basis. This requires us to shorten our lead-time for production in certain cases and more closely anticipate their demand, which could in the future require us to carry additional inventories, increase our working capital and related financing requirements or result in excess inventory becoming unusable or obsolete. Furthermore, we primarily sell branded products and a move by one or more of our large customers to sell significant quantities of private label products, which we do not produce on their behalf and which directly compete with our products, could have a material adverse effect on our businesses, financial condition and results of operations.

If we are unable to improve existing products and develop new, innovative products, or if our competitors introduce new or enhanced products, our sales and market share may suffer.

Both we and our competitors make significant investments in research and development. If our competitors successfully introduce new or enhanced products that present technological advantages over or otherwise outperform our products, or are perceived by consumers as doing so, we may be unable to compete successfully in market segments affected by these changes. In addition, we may be unable to compete if our competitors develop or apply technology which permits them to manufacture products at a lower relative cost. The fact that many of our principal competitors have substantially greater resources than we do increases this risk. The patent rights or other intellectual property rights of third parties, restrictions on our ability to expand or modify manufacturing capacity or financial and other constraints on our research and development activity may also limit our ability to introduce products that are competitive on a performance basis.

Our future success will depend, in part, upon our ability to improve our existing products and to develop, manufacture and market new, innovative products. If we fail to successfully develop, manufacture and market new or enhanced products or develop product innovations, our ability to maintain or grow our market share may be adversely affected, which in turn could materially adversely affect our businesses, financial condition and results of operations.

As a result of our international operations, we face a number of risks related to exchange rates and foreign currencies.

Our international sales and certain of our expenses are transacted in foreign currencies. During the quarter ended June 28, 2009, approximately 42% of our net sales and 44% of our operating expenses were denominated in currencies other than U.S. dollars. We expect that the amount of our revenues and expenses transacted in foreign currencies will increase as our Latin American, European and Asian operations grow and, as a result, our exposure to risks associated with foreign currencies could increase accordingly. Significant changes in the value of the U.S. dollar in relation to foreign currencies could have a material effect on our businesses, financial condition and results of operations. Changes in currency exchange rates may also affect our sales to, purchases from and loans to our subsidiaries as well as sales to, purchases from and bank lines of credit with our customers, suppliers and creditors that are denominated in foreign currencies.

Our international operations may expose us to a number of risks related to conducting business in foreign countries.

Our international operations and exports and imports to and from international markets are subject to a number of special risks which could have a material adverse effect on our businesses, financial condition and results of operations. These risks include, but are not limited to:

- changes in the economic conditions or consumer preferences or demand for our products in these markets;
- economic and political destabilization, governmental corruption and civil and labor unrest;
- restrictive actions by multi-national governing bodies, foreign governments or subdivisions thereof (e.g., duties, quotas and restrictions on transfer of funds);

[Table of Contents](#)

- changes in foreign labor laws and regulations affecting our ability to hire and retain employees;
- changes in U.S. and foreign laws regarding trade and investment;
- noncompliance by our business partners with, or a failure by our business partners to enforce, rules and regulations targeting fraudulent conduct; and
- difficulty in obtaining distribution and support for our products.

There are three particular European Union (“EU”) Directives, Restriction of the Use of Hazardous Substances in Electrical and Electronic Equipment, Waste of Electrical and Electronic Equipment and the Directive on Batteries and Accumulators and Waste Batteries that may have a material impact on our businesses. Restriction of the Use of Hazardous Substances in Electrical and Electronic Equipment requires us to eliminate specified hazardous materials from products we sell in EU member states. Waste of Electrical and Electronic Equipment requires us to collect and treat, dispose of or recycle certain products we manufacture or import into the EU at our own expense. The Directive on Batteries and Accumulators and Waste Batteries bans heavy metals in batteries by establishing maximum quantities of heavy metals in batteries and mandates waste management of these batteries, including collection, recycling and disposal systems, with the costs imposed upon producers and importers such as us. Complying or failing to comply with the EU directives may harm our businesses. For example:

- Although contractually assured with our suppliers, we may be unable to procure appropriate Restriction of the Use of Hazardous Substances in Electrical and Electronic Equipment compliant material in sufficient quantity and quality and/or be able to incorporate it into our product procurement processes without compromising quality and/or harming our cost structure.
- We may face excess and obsolete inventory risk related to non-compliant inventory that we may continue to hold in Fiscal 2009 for which there is reduced demand and we may need to write down the carrying value of such inventories.
- We may be unable to sell certain existing inventories of our batteries in Europe.

Many of the developing countries in which we operate do not have significant governmental regulation relating to environmental safety, occupational safety, employment practices or other business matters routinely regulated in the United States or may not rigorously enforce such regulation. As these countries and their economies develop, it is possible that new regulations or increased enforcement of existing regulations may increase the expense of doing business in these countries. In addition, social legislation in many countries in which we operate may result in significantly higher expenses associated with labor costs, terminating employees or distributors and closing manufacturing facilities. Increases in our costs as a result of increased regulation, legislation or enforcement could materially and adversely affect our businesses, results of operations and financial condition.

Sales of certain of our products are seasonal and may cause our quarterly operating results and working capital requirements to fluctuate.

Sales of our battery and electric shaving and grooming and personal care products are seasonal. A large percentage of sales for these products generally occur during our first fiscal quarter that ends on or about December 31, due to the impact of the December holiday season. Sales of our lawn and garden and household insect control products that are offered through our home and garden business are also seasonal. A large percentage of our sales of these products occur during the spring and summer, typically our second and third fiscal quarters. As a result of this seasonality, our inventory and working capital needs relating to these products fluctuate significantly during the year. In addition, orders from retailers are often made late in the period preceding the applicable peak season, making forecasting of production schedules and inventory purchases difficult. If we are unable to accurately forecast and prepare for customer orders or our working capital needs, or there is a general downturn in business or economic conditions during these periods, our businesses, financial condition and results of operations could be materially and adversely affected.

We may not be able to adequately establish and protect our intellectual property rights.

To establish and protect our intellectual property rights, we rely upon a combination of national, foreign and multi-national patent, trademark and trade secret laws, together with licenses, confidentiality agreements and other contractual arrangements. The measures we take to protect our intellectual property rights may prove inadequate to prevent third parties from misappropriating our intellectual property. We may need to resort to litigation to enforce or defend our intellectual property rights. If a competitor or collaborator files a patent application claiming technology also invented by us, or a trademark application claiming a trademark, service mark or trade dress also used by us, in order to protect our rights, we may have to participate in an expensive and time consuming interference proceeding before the United States Patent and Trademark Office or a similar foreign agency. In addition, our intellectual property rights may be challenged by third parties. Even if our intellectual property rights are not directly challenged, disputes among third parties could lead to the weakening or invalidation of our intellectual property rights. Furthermore, competitors may independently develop technologies that are substantially equivalent or superior to our technology. Obtaining, protecting and defending intellectual property rights can be time consuming and expensive, and may require us to incur substantial costs, including the diversion of management and technical personnel. Moreover, the laws of certain foreign countries in which we operate or may operate in the future do not protect, and the governments of certain foreign countries do not enforce, intellectual property rights to the same extent as do the laws and government of the U.S., which may negate our competitive or technological advantages in such markets. Also, some of the technology underlying our products is the subject of nonexclusive licenses from third parties. As a result, this technology could be made available to our competitors at any time. If we are unable to establish and then adequately protect our intellectual property rights, then our businesses, financial condition and results of operations could be materially and adversely affected.

Claims by third parties that we are infringing on their intellectual property could adversely affect our businesses.

From time to time in the past we have been subject to claims that we are infringing upon the intellectual property of others, we currently are the subject of claims that we are infringing upon the intellectual property of others, and it is possible that third parties will assert infringement claims against us in the future. An adverse finding against us in these or similar trademark or other intellectual property litigations may have a material adverse effect on our businesses, financial condition and results of operations. Any such claims, with or without merit, could be time consuming and expensive, and may require us to incur substantial costs, including the diversion of management and technical personnel, cause product delays or require us to enter into licensing or other agreements in order to secure continued access to necessary or desirable intellectual property. If we are deemed to be infringing a third party's intellectual property and are unable to continue using that intellectual property as we had been, our business and results of operations could be harmed if we are unable to successfully develop non-infringing alternative intellectual property on a timely basis or license non-infringing alternatives or substitutes, if any exist, on commercially reasonable terms. In addition, an unfavorable ruling in intellectual property litigation could subject us to significant liability, as well as require us to cease developing, manufacturing or selling the affected products or using the affected processes or trademarks. Any significant restriction on our proprietary or licensed intellectual property that impedes our ability to develop and commercialize our products could have a material adverse effect on our business, financial condition and results of operations.

Our dependence on a few suppliers and one of our U.S. facilities for certain of our products makes us vulnerable to a disruption in the supply of our products.

Although we have long-standing relationships with many of our suppliers, we do not have long-term contracts with them. An adverse change in any of the following could have a material adverse effect on our businesses, financial condition and results of operations:

- our relationships with our suppliers;
- the terms and conditions upon which we purchase products from our suppliers;

[Table of Contents](#)

- the financial condition of our suppliers;
- the ability to import outsourced products; or
- our suppliers' ability to manufacture and deliver outsourced products on a timely basis.

If our relationship with one of our key suppliers is adversely affected, we may not be able to quickly or effectively replace such supplier and may not be able to retrieve tooling, molds or other specialized production equipment or processes used by such supplier in the manufacture of our products.

In addition, we manufacture the majority of our foil cutting systems for our shaving product lines, using specially designed machines and proprietary cutting technology, at our Portage, Wisconsin facility. Damage to this facility, or prolonged interruption in the operations of this facility for repairs, as a result of labor difficulties, or for other reasons, would have a material adverse effect on our ability to manufacture and sell our foil shaving products which would in turn harm our businesses, financial condition and results of operations.

Class action and derivative action lawsuits and other investigations, regardless of their merits, could have an adverse effect on our business, financial condition and results of operations.

Spectrum Brands and certain of its officers and directors have been named in the past, and may be named in the future, as defendants of class action and derivative action lawsuits. In the past, Spectrum Brands has also received requests for information from government authorities. Regardless of their subject matter or merits, class action lawsuits and other government investigations may result in significant cost to us, which may not be covered by insurance, may divert the attention of management or otherwise have an adverse effect on our business, financial condition and results of operations.

We may be exposed to significant product liability claims which our insurance may not cover and which could harm our reputation.

In the ordinary course of our business, we may be named as defendants in lawsuits involving product liability claims. In any such proceeding, plaintiffs may seek to recover large and sometimes unspecified amounts of damages and the matters may remain unresolved for several years. Any such matters could have a material adverse effect on our business, results of operations and financial condition if we are unable to successfully defend against or settle these matters or if our insurance coverage is insufficient to satisfy any judgments against us or settlements relating to these matters. Although we have product liability insurance coverage and an excess umbrella policy, our insurance policies may not provide coverage for certain, or any, claims against us or may not be sufficient to cover all possible liabilities. Moreover, any adverse publicity arising from claims made against us, even if the claims were not successful, could adversely affect the reputation and sales of our products.

We may incur material capital and other costs due to environmental liabilities.

Because of the nature of our operations, our facilities are subject to a broad range of federal, state, local, foreign and multi-national laws and regulations relating to the environment. These include laws and regulations that govern:

- discharges to the air, water and land;
- the handling and disposal of solid and hazardous substances and wastes; and
- remediation of contamination associated with release of hazardous substances at our facilities and at off-site disposal locations.

Risk of environmental liability is inherent in our business. As a result, material environmental costs may arise in the future. In particular, we may incur capital and other costs to comply with increasingly stringent environmental laws and enforcement policies, such as the European Union directives, Restriction of the Use of

[Table of Contents](#)

Hazardous Substances in Electrical and Electronic Equipment, Waste of Electrical and Electronic Equipment and the Directive on Batteries and Accumulators and Waste Batteries, discussed above. Although we believe that we are substantially in compliance with applicable environmental regulations at our facilities, we may not be in compliance with such regulations in the future, which could have a material adverse effect upon our business, financial condition and results of operations.

From time to time, we have been required to address the effect of historic activities on the environmental condition of our properties or former properties. We have not conducted invasive testing at all our facilities to identify all potential environmental liability risks. Given the age of our facilities and the nature of our operations, material liabilities may arise in the future in connection with our current or former facilities. If previously unknown contamination of property underlying or in the vicinity of our manufacturing facilities is discovered, we could be required to incur material unforeseen expenses. If this occurs, it may have a material adverse effect on our business, financial condition and results of operations. We are currently engaged in investigative or remedial projects at a few of our facilities and any liabilities arising from such investigative or remedial projects at such facilities may be material.

We are also subject to proceedings related to our disposal of industrial and hazardous material at off-site disposal locations or similar disposals made by other parties for which we are responsible as a result of our relationship with such other parties. These proceedings are under Federal Comprehensive Environmental Response, Compensation and Liability Act of 1980 (“CERCLA”) or similar state laws that hold persons who “arranged for” the disposal or treatment of such substances strictly liable for costs incurred in responding to the release or threatened release of hazardous substances from such sites, regardless of fault or the lawfulness of the original disposal. Liability under CERCLA is typically joint and several, meaning that a liable party may be responsible for all of the costs incurred in investigating and remediating contamination at a site. As a practical matter, liability at CERCLA sites is shared by all of the viable responsible parties. We occasionally are identified by federal or state governmental agencies as being a potentially responsible party for response actions contemplated at an off-site facility. At the existing sites where we have been notified of our status as a potentially responsible party, it is either premature to determine if our potential liability, if any, will be material or we do not believe that our liability, if any, will be material. We may be named as a potentially responsible party under CERCLA or similar state laws in the future for other sites not currently known to us, and the costs and liabilities associated with these sites may be material.

Compliance with various public health, consumer protection and other regulations applicable to our products and facilities could increase our cost of doing business and expose us to additional requirements with which we may be unable to comply.

Certain of our products sold through and facilities operated under each of our business segments are regulated by the United States Environmental Protection Agency, the United States Food and Drug Administration or other federal consumer protection and product safety agencies and are subject to the regulations such agencies enforce, as well as by similar state, foreign and multinational agencies and regulations. For example, in the United States, all products containing pesticides must be registered with the United States Environmental Protection Agency and, in many cases, similar state and foreign agencies before they can be manufactured or sold. Our inability to obtain or the cancellation of any registration could have an adverse effect on our business, financial condition and results of operations. The severity of the effect would depend on which products were involved, whether another product could be substituted and whether our competitors were similarly affected. We attempt to anticipate regulatory developments and maintain registrations of, and access to, substitute chemicals and other ingredients, but we may not always be able to avoid or minimize these risks.

The Food Quality Protection Act (“FQPA”) established a standard for food-use pesticides, which is that a reasonable certainty of no harm will result from the cumulative effect of pesticide exposures. Under the FQPA, the United States Environmental Protection Agency is evaluating the cumulative effects from dietary and non-dietary exposures to pesticides. The pesticides in certain of our products which are sold through our home

[Table of Contents](#)

and garden business continue to be evaluated by the United States Environmental Protection Agency as part of this program. It is possible that the United States Environmental Protection Agency or a third party active ingredient registrant may decide that a pesticide we use in our products will be limited or made unavailable to us. We cannot predict the outcome or the severity of the effect of the United States Environmental Protection Agency's continuing evaluations of active ingredients used in our products.

In addition, the use of certain pesticide and fertilizer products which are sold through our global pet supplies business and through our home and garden business may be regulated by various local, state, federal and foreign environmental and public health agencies. These regulations may require that: only certified or professional users apply the product, that certain products be used only on certain types of locations (such as "not for use on sod farms or golf courses"), that users post notices on properties where products have been or will be applied, that users notify individuals in the vicinity that products will be applied in the future, that the product not be applied for aesthetic purposes, or that certain ingredients may not be used. Compliance with such public health regulations could increase our cost of doing business and expose us to additional requirements with which we may be unable to comply.

We face risks related to our sales of products obtained from third-party suppliers.

We sell a number of products that are manufactured by third party suppliers over which we have no direct control. While we have implemented processes and procedures to try to ensure that the suppliers we use are complying with all applicable food and health regulations, there can be no assurances that such suppliers in all instances will comply with such processes and procedures or otherwise with applicable food and health regulations. Noncompliance could result in our marketing and distribution of contaminated or defective products which could subject the Company to liabilities and could result in the imposition by governmental authorities of procedures or penalties that could restrict or eliminate our ability to purchase products from non-compliant suppliers. Any or all of these effects could adversely affect the Company's business, financial condition and results of operations.

Our businesses could suffer from the effects of the H1N1 virus.

The effects of the H1N1 virus, commonly known as "Swine Flu," could adversely affect our businesses. An outbreak of the virus in a given location could severely interfere with and substantially disrupt the manufacture and/or shipment of our products and could have a material adverse effect on our operations. A prolonged recurrence of the virus could also adversely affect the various economies into which we ship our products and cause an immediate and prolonged drop in consumer demand for our products in those economies. Any of these events could adversely affect our financial condition and results of operations. The general impact, if any, of the virus on our operations, our results of operations and financial condition is highly speculative, cannot be accurately predicted or quantified, and would depend on numerous factors, including the rate of contagion, the regions of the world most affected, the effectiveness of treatment for the infected population and the rates of mortality and morbidity.

Public perceptions that some of the products we produce and market are not safe could adversely affect us.

We manufacture and market a number of complex chemical products bearing our brands relating to our home and garden business, such as herbicides and pesticides. On occasion, customers and some current or former employees have alleged that some products failed to perform up to expectations or have caused damage or injury to individuals or property.

In 2007, certain pet food manufactured in China, which was tainted with a mildly toxic chemical known as melamine, and sold in the United States was linked to numerous companion animal fatalities and triggered a widespread recall of pet food by many major pet food suppliers. Sales of our pet food and pet treat products may be adversely affected because of general consumer distrust of pet food suppliers who manufacture pet food or pet

[Table of Contents](#)

treats in China or distribute pet food or pet treats manufactured in China or negative public perceptions resulting from enhanced scrutiny by the FDA or other governmental authorities of pet food and pet treats and related animal food products. Public perception that any of our products are not safe, whether justified or not, could impair our reputation, damage our brand names and have a material adverse effect on our businesses, financial condition and results of operations.

If we are unable to negotiate satisfactory terms to continue existing or enter into additional collective bargaining agreements, we may experience an increased risk of labor disruptions and our results of operations and financial condition may suffer.

Approximately 20% of our total labor force is employed under collective bargaining agreements. Four of these agreements, which cover approximately 56% of the labor force under collective bargaining agreements, or approximately 11% of our total labor force, are scheduled to expire during Fiscal 2010. While we currently expect to negotiate continuations to the terms of these agreements, there can be no assurances that we will be able to obtain terms that are satisfactory to us or otherwise to reach agreement at all with the applicable parties. In addition, in the course of our business, we may also become subject to additional collective bargaining agreements. These agreements may be on terms that are less favorable than those under our current collective bargaining agreements. Increased exposure to collective bargaining agreements, whether on terms more or less favorable than existing collective bargaining agreements, could adversely affect the operation of our business, including through increased labor expenses. While we intend to comply with all collective bargaining agreements to which the Company is subject, there can be no assurances that we will be able to do so and any noncompliance could subject the Company to disruptions in its operations and materially and adversely affect its results of operations and financial condition.

Significant changes in actual investment return on pension assets, discount rates, and other factors could affect our results of operations, equity, and pension contributions in future periods.

Our results of operations may be positively or negatively affected by the amount of income or expense we record for our defined benefit pension plans. U.S. GAAP requires that we calculate income or expense for the plans using actuarial valuations. These valuations reflect assumptions about financial market and other economic conditions, which may change based on changes in key economic indicators. The most significant year-end assumptions we used to estimate pension income or expense are the discount rate and the expected long-term rate of return on plans assets. In addition, we are required to make an annual measurement of plan assets and liabilities, which may result in a significant change to equity. Although pension expense and pension funding contributions are not directly related, key economic factors that affect pension expense would also likely affect the amount of cash we would contribute to pension plans as required under the Employee Retirement Income Security Act.

Risks Related to the Common Stock

Risks of trading in an over the counter market.

The Common Stock currently trades in the over-the-counter market. Securities traded in the over-the-counter market generally have significantly less liquidity than securities traded on a national securities exchange, through factors such as a reduction in the number of investors that will consider investing in the securities, the number of market makers in the securities, reduction in securities analyst and news media coverage and lower market prices than might otherwise be obtained. As a result, holders of shares of Common Stock may find it difficult to resell their shares at prices quoted in the market or at all. Furthermore, because of the limited market and generally low volume of trading in the Common Stock that could occur, the share price of the Common Stock could be more likely to be affected by broad market fluctuations, general market conditions, fluctuations in our operating results, changes in the markets perception of our businesses, and announcements made by us, our competitors or parties with whom we have business relationships. In some cases, we may be subject to additional compliance requirements under applicable state laws in the issuance of Spectrum Brands'

[Table of Contents](#)

securities. The lack of liquidity in the Common Stock may also make it difficult for us to issue additional securities for financing or other purposes, or to otherwise arrange for any financing we may need in the future. In addition, we may experience other adverse effects, including, without limitation, the loss of confidence in us by current and prospective suppliers, customers, employees and others with whom we have or may seek to initiate business relationships.

The market price of the Common Stock is likely to be highly volatile and could fluctuate widely in price in response to various factors, many of which are beyond our control.

Factors that may influence the price of the Common Stock include, without limitation, the following:

- loss of any of our key customers or suppliers;
- additions or departures of key personnel;
- sales of the Common Stock;
- our ability to execute our business plan;
- operating results that fall below expectations;
- additional issuances of the Common Stock;
- low volume of sales due to concentrated ownership of the Common Stock;
- intellectual property disputes;
- industry developments;
- economic and other external factors; and
- period-to-period fluctuations in our financial results.

In addition, the securities markets have from time to time experienced significant price and volume fluctuations that are unrelated to the operating performance of particular companies. These market fluctuations may also materially and adversely affect the market price of the Common Stock. You should also be aware that price volatility might be worse if the trading volume of shares of the Common Stock is low.

If the selling stockholders sell a large number of shares all at once or in large blocks, the market price of the Common Stock would most likely decline.

It is possible that the selling stockholders will offer all of the shares covered by this Prospectus for sale. Further, because it is possible that a significant number of shares could be sold at the same time, the sales, or the possibility thereof, may have a depressive effect on the future market price of Common Stock.

Additional issuances of the Common Stock may result in dilution to Spectrum Brands' existing stockholders.

Spectrum Brands may issue up to 3,333,333 shares of Common Stock, or options exercisable for shares of Common Stock, under its 2009 equity incentive plan. In addition, Spectrum Brands' board of directors has the authority to issue additional shares of our capital stock to provide additional financing or for other purposes in the future. The issuance of any such shares or exercise of any such options may result in a reduction of the book value or market price of the outstanding shares of Common Stock. If Spectrum Brands does issue any such additional shares or any such options are exercised, such issuance or exercise also will cause a reduction in the proportionate ownership and voting power of all other stockholders. As a result of such dilution, the proportionate ownership interest and voting power of a holder of shares of Common Stock could be decreased. Further, any such issuance or exercise could result in a change of control. Under Spectrum Brands' certificate of incorporation, holders of 5% or more of the outstanding Common Stock or Spectrum Brands capital stock into which any shares of Common Stock may be converted have certain rights to purchase their pro rata share of certain future issuances of securities. See "Description of the Common Stock."

[Table of Contents](#)

Spectrum Brands has historically not paid dividends on its public common stock, and, therefore, any return on investment may be limited to the value of the Common Stock.

Spectrum Brands has not declared or paid dividends on Spectrum Brands' common stock since Spectrum Brands commenced public trading in 1997, and we do not anticipate paying dividends in the foreseeable future. The payment of dividends on the Common Stock will depend on earnings, financial condition and other business and economic factors affecting it at such time as Spectrum Brands' board of directors may consider relevant, including the ability to do so under Spectrum Brands' credit and other debt agreements. If Spectrum Brands does not pay dividends, returns on an investment in the Common Stock will only occur if our stock price appreciates.

Limited influence of minority holders of the Common Stock.

If holders of the Common Stock constituting a majority were to determine to act in concert with respect to any proposal or other item requiring a stockholder vote, other stockholders would then be unable to affect the outcome of such stockholder vote. As of October 28, 2009, we had no knowledge of any such determination to act in concert.

Risks Related to the 12% Notes

The right to receive payment on the 12% Notes is subject to payment of our senior debt. The 12% Notes will be effectively subordinated to all existing and future liabilities of our subsidiaries that are not subsidiary guarantors.

The 12% Notes are junior in right of payment to all existing and future senior debt of the Company, including, without limitation, amounts outstanding, if any, under our senior term credit facility or senior asset-based revolving credit facility. In addition, the guarantees of the 12% Notes are junior to all senior debt of each of the respective guarantors, which are the U.S. subsidiaries of Spectrum Brands. Spectrum Brands and its subsidiaries may incur additional senior indebtedness, including, without limitation, senior debt, from time to time, subject, among other things, to the terms of their outstanding indebtedness. If indebtedness is incurred by a subsidiary that is not a guarantor, the 12% Notes will be structurally subordinated to such indebtedness with respect to the assets of such subsidiary. In the event of a bankruptcy, liquidation or reorganization of any of the obligors under the 12% Notes, the assets of such obligors will be available to pay obligations under the 12% Notes only after all of such obligors' senior debt has been paid in full. There may not be sufficient assets remaining to pay amounts due on any or all of the 12% Notes then outstanding.

There is a limited trading market for the 12% Notes, which may make it difficult to sell the 12% Notes.

The 12% Notes constitute a new issue of securities of Spectrum Brands with no established market. No assurance can be given that an active public or other market will develop for the 12% Notes or as to the liquidity of or the market for the 12% Notes. If a market does not develop or is not maintained, holders of the 12% Notes may experience difficulty in reselling the 12% Notes or may be unable to sell them at all. If a market for the 12% Notes develops, any such market may cease to continue at any time. If a public market develops for the 12% Notes, future prices of the 12% Notes will depend on many factors, including, among other things, prevailing interest rates, Spectrum Brands and its subsidiaries' results of operations and the markets for similar securities and other factors, including Spectrum Brands and its subsidiaries' financial condition. The 12% Notes may trade at a discount from their principal amount.

If the selling noteholders sell a large number of the 12% Notes all at once or in large blocks, the market price of the 12% Notes would most likely decline.

It is possible that the selling noteholders will offer all of the 12% Notes covered by this Prospectus for sale. Further, because it is possible that a significant number of the 12% Notes could be sold at the same time, the sales, or the possibility thereof, may have a depressive effect on the future market price of the 12% Notes.

We may not be able to comply with the terms of the 12% Notes or the related indenture.

The indenture governing the 12% Notes contains covenants that, among other things, limit our ability to:

- incur additional indebtedness;
- pay dividends on, redeem or repurchase our capital stock;
- make investments;
- issue or sell capital stock of our restricted subsidiaries;
- transfer assets and dispose of proceeds of such sales;
- enter into agreements that restrict our restricted subsidiaries from paying dividends, making loans or otherwise transferring assets to us or to any of our other restricted subsidiaries;
- engage in transactions with affiliates; or
- merge, consolidate or sell all or substantially all of our assets.

Our ability to comply with such agreements may be affected by events beyond our control, including prevailing economic, financial and industry conditions. The breach of any such covenants or restrictions could result in a default under the indenture or under our other debt agreements. Such an event of default under our debt agreements would permit lenders or noteholders, as the case may be, to declare all amounts borrowed from them to be due and payable, together with accrued and unpaid interest, and the commitments of lenders under our Senior Asset-Based Revolving Facility to make further extensions of credit under the facility could be terminated. If we were unable to repay debt to our senior lenders, such lenders could proceed against the collateral securing such debt.

We may be unable to repurchase the 12% Notes upon a change of control.

Upon the occurrence of specific change of control events, the Company will be required to offer to repurchase 12% Notes at a redemption premium. The lenders under the senior term credit facility and the senior asset-based revolving credit facility have a similar right to be repaid upon a change of control. Any of the Company's future debt agreements also may contain a similar provision. The Company's ability to pay cash to the holders of the 12% Notes in connection with such repurchase will be limited by the Company's and its subsidiaries' then existing financial resources. Accordingly, it is possible that the Company will not have sufficient funds at the time of the change of control to make the required repurchase of 12% Notes.

In addition, the terms of the senior term credit agreement and the senior asset-based revolving credit agreement limit the Company's ability to purchase 12% Notes until all debt under the respective agreements is paid in full. Any of the Company's future debt agreements may contain similar restrictions.

If the Company fails to repurchase any 12% Notes submitted in a change of control offer, it would constitute an event of default under the indenture governing the notes which would, in turn, constitute an event of default under the senior term credit agreement and the senior asset-based revolving credit agreement limit and could constitute a default under other of the Company's agreements, even if the change of control itself would not cause a default. This would allow some of the Company's lenders to proceed against the Company's assets.

A court could avoid the guarantees of the 12% Notes under fraudulent transfer law.

Our U.S. subsidiaries guarantee our obligations under the 12% Notes. If any guarantor becomes a debtor in a case under the United States Bankruptcy Code or suffers other financial difficulty, a court might avoid (that is, cancel) its guarantee under federal or state fraudulent transfer law. The court might do so if it found that when the guarantor entered into its guarantee (or, in some jurisdictions, when it became obligated to make payments thereunder), it received less than reasonably equivalent value or fair consideration for its guarantee and (1) was

[Table of Contents](#)

or was rendered insolvent, (2) was left with inadequate capital to conduct its business, (3) believed or should have believed that it would incur debts beyond its ability to pay or (4) was a defendant in an action for money damages or had a judgment for money damages docketed against it and, in either case, the judgment went unsatisfied. The court also might avoid a guarantee, without regard to these factors, if it found that the guarantor entered into its guarantee with actual intent to hinder, delay or defraud its creditors.

A court would likely find that a guarantor did not receive reasonably equivalent value or fair consideration for its guarantee unless the guarantor benefited directly or indirectly from the 12% Notes. If a court avoided a guarantee, a holder of 12% Notes would no longer have a claim against the guarantor. In addition, the court might order such holder of 12% Notes to repay any amounts received from the guarantor.

Courts in different jurisdictions measure solvency differently. In general, however, a court would consider an entity insolvent either if the sum of its existing debts exceeds the fair value of all its property, or if the present fair saleable value of its assets is less than the amount required to pay the probable liability on its existing debts as those debts become due. For this analysis, “debts” includes contingent and unliquidated debts.

Despite current indebtedness levels, we may still be able to incur more debt, which could further exacerbate the risks described above.

We may be able to incur additional indebtedness in the future. The terms of the indenture governing the 12% Notes and our existing credit facilities do not fully prohibit us from doing so. The addition of new debt to our current debt levels could increase the leverage-related risks described above.

Minority holders of the 12% Notes may have limited influence with respect to matters requiring a vote of holders of the 12% Notes.

We would note that if holders of the 12% Notes constituting a majority were to determine to act in concert with respect to any proposal or other item requiring a vote of holders of the 12% Notes, other holders of the 12% Notes would then be unable to affect the outcome of such vote. As of October 28, 2009, we had no knowledge of any such determination to act in concert.

SPECIAL NOTE REGARDING FORWARD-LOOKING STATEMENTS

We have made or implied certain forward-looking statements in this Prospectus and the documents incorporated by reference in this Prospectus. All statements, other than statements of historical facts included in this Prospectus, including the statements regarding our business strategy, future operations, financial position, estimated revenues, projected costs, projected synergies, prospects, plans and objectives of management, as well as information concerning expected actions of third parties, are forward-looking statements. - competitive promotional activity or spending by competitors or price reductions by competitors;
- the introduction of new product features or technological developments by competitors and/or the development of new competitors or competitive brands;

CHAPTER 11 REORGANIZATION

Commencement of the Chapter 11 Cases

On February 3, 2009, Spectrum Brands and thirteen of its United States subsidiaries filed voluntary petitions for reorganization under Chapter 11 of the United States Bankruptcy Code in the United States Bankruptcy Court for the Western District of Texas (the “Bankruptcy Court”).

Plan of Reorganization and Exit Financing

On February 3, 2009, the Debtors filed the Plan, describing their proposal for reorganizing, and a related disclosure statement with the Bankruptcy Court. On July 15, 2009 the Bankruptcy Court entered a written confirmation order approving the Plan (the “Confirmation Order”). The Plan became effective on August 28, 2009, and the Debtors emerged from the Reorganization.

In order to consummate the Plan, the Debtors obtained a \$242 million asset-based exit loan facility pursuant to a credit agreement among the Spectrum Brands, the Subsidiaries of Spectrum Brands party thereto, General Electric Capital Corporation, as the administrative agent, co-collateral agent, swingline lender and supplemental loan lender, Bank of America, N.A., as co-collateral agent and L/C Issuer, RBS Asset Finance, Inc., through its division RBS Business Capital, as syndication agent and the lenders party thereto.

The Official Committee of Equity Security Holders (the “Equity Committee”), which represents the interests of the Debtors’ pre-petition equity holders whose equity interests were cancelled pursuant to the terms of the Plan, filed a notice of appeal of the Confirmation Order on July 15, 2009. On July 16, 2009, the Equity Committee filed a motion to stay the Confirmation Order pending appeal in the District Court (“Stay Motion”) in the United States District Court for the Western District of Texas (Case No. 09-CV-0576). On July 23, 2009, the District Court concluded that the Equity Committee had not carried its burden of proof and denied the Stay Motion (“Order Denying Stay”). On July 27, 2009, the Equity Committee filed in the United States Court of Appeals for the Fifth Circuit (“Fifth Circuit”) an emergency motion of an expedited appeal of the Order Denying Stay and an emergency motion for stay pending appeal. The Fifth Circuit denied the Equity Committee’s emergency motion for stay pending appeal on August 19, 2009. Because the District Court and the Fifth Circuit denied the stay motions pending before them, the Plan, by its terms, became effective on August 28, 2009. After the effective date, the Equity Committee moved to withdraw its appeal of the Order Denying Stay in the Fifth Circuit. The Fifth Circuit entered an order dismissing the appeal on September 11, 2009. On September 21, 2009, the Equity Committee moved to withdraw its appeal of the Confirmation Order. The District Court granted the motion on September 23, 2009 and dismissed the Equity Committee’s appeal without prejudice.

Accounting Impact of the Reorganization

All conditions required for the adoption of “fresh-start” reporting were met upon emergence from Chapter 11 of the Bankruptcy Code on August 28, 2009. However, in light of the proximity of that date to our accounting period close immediately following August 28, 2009, which was August 30, 2009, we elected to adopt a convenience date of August 30, 2009 for recording “fresh-start” reporting. Under “fresh-start” reporting, a new reporting entity is considered to be created and our reorganization value was allocated to our assets based on, and the assets’ recorded value were adjusted to reflect, the fair values of those assets at the date “fresh-start” reporting is applied. Any portion of Spectrum Brands’ reorganization value not attributable to specific assets was an indefinite-lived intangible asset referred to as “reorganization value in excess of value of identifiable assets” and reported as goodwill. As a result of adopting “fresh-start” reporting and emerging from Chapter 11 protection, historical financial information is not comparable with financial information for those periods after emergence from Chapter 11 protection. As further described in “—Effect of Consummation of the Plan” below, the Debtors’ emergence from Chapter 11 protection resulted in a complete change in ownership of the Company’s equity securities.

Effect of Consummation of the Plan

Pursuant to and by operation of the Plan, on the Effective Date, all of Old Spectrum's existing equity securities, including the existing common stock and stock options, were extinguished and deemed cancelled. Spectrum Brands filed a certificate of incorporation authorizing new shares of the Common Stock. Pursuant to and in accordance with the Plan, on the Effective Date, Spectrum Brands issued a total of 27,030,000 shares of the Common Stock and \$218,076,405 in aggregate principal amount of 12% Notes to holders of allowed claims with respect to Old Spectrum's 8 1/2% Senior Subordinated Notes due 2013, 7 3/8% Senior Subordinated Notes due 2015 and Variable Rate Toggle Senior Subordinated Notes due 2013. Also on the Effective Date, Spectrum Brands issued a total of 2,970,000 shares of the Common Stock to supplemental and sub-supplemental debtor-in-possession facility participants in respect of the equity fee earned under the Debtors' debtor-in-possession credit facility.

Internal Restructuring Transactions

The Plan contemplated that on, as of, or after the Effective Date, with the consent of its Board of Directors, each of the reorganized Debtors may take such actions as may be necessary or appropriate to effect a corporate or operational restructuring of their respective businesses, to otherwise simplify the overall corporate or operational structure of the reorganized Debtors, to achieve corporate or operational efficiencies, or to otherwise improve financial results. On the Effective Date, the Board of Directors of Spectrum Brands approved an internal restructuring of the reorganized Debtors to consolidate the Company's legal structure within its three business segments, global batteries and personal care, global pet supplies and home and garden. The restructuring contemplates, among other things, that Aquaria, Inc.; Perfecto Manufacturing, Inc. and Aquarium Systems Inc., each a wholly owned subsidiary of Spectrum Brands and a guarantor of the 12% Notes, would be merged with and into Tetra Holding (US), Inc. ("Tetra"), another wholly owned subsidiary guarantor, with Tetra surviving. In addition, Southern California Foam, Inc. would be merged with and into United Pet Group, Inc. ("UPG"), another wholly owned subsidiary guarantor, with UPG surviving. The internal restructuring became effective on October 1, 2009.

USE OF PROCEEDS

We will not receive any proceeds from the sale of the Common Stock offered through this Prospectus by the selling stockholders or the sale of the 12% Notes offered through this Prospectus by the selling noteholders.

DIVIDEND POLICY

We currently intend to retain future earnings, if any, to reinvest in our businesses and do not anticipate declaring or paying any dividends in the foreseeable future. The Successor has not declared or paid any dividends on its common stock since the Effective Date, and the Predecessor did not declare or paid any cash dividends on its common stock since it commenced public trading in 1997. In addition, the terms of our senior credit facilities and the indenture governing our outstanding 12% Notes restrict our ability to pay dividends to Spectrum Brands' stockholders. Any future determination to pay cash dividends will be at the discretion of Spectrum Brands' board of directors and will be dependent upon our financial condition, results of operations, capital requirements, contractual restrictions and such other factors as the board of directors deems relevant.

DILUTION

The Common Stock and the 12% Notes offered by this Prospectus are currently issued and outstanding. Accordingly, there will be no dilution to our existing securityholders from any sales of such Common Stock or the 12% Notes.

RATIO OF EARNINGS TO FIXED CHARGES

The following table sets forth our ratio of earnings to fixed charges for the periods indicated. For purposes of computing the ratio of earnings to fixed charges, earnings represent earnings from continuing operations before income taxes, equity in earnings (loss) of investees and minority interest plus fixed charges. Fixed charges include (a) interest on indebtedness (whether expensed or capitalized) and (b) amortization premiums, discounts and capitalized expenses related to indebtedness.

UNAUDITED PRO FORMA CONDENSED CONSOLIDATED FINANCIAL INFORMATION

The following unaudited pro forma condensed consolidated financial information (the “Pro Forma Financial Information”) sets forth selected historical consolidated financial information for Spectrum Brands and its consolidated subsidiaries. The historical data provided as of and for the fiscal year ended September 30, 2008 are derived from the Company’s audited consolidated financial statements which have been incorporated by reference into this Prospectus.

The Pro Forma Financial Information is provided for informational and illustrative purposes only. These tables should be read in conjunction with “Management’s Discussion and Analysis of Financial Condition and Results of Operations,” and the consolidated financial statements and related notes in the Current Report on Form 8-K, September 18, 2009 and the Quarterly Report(s) on Form 10-Q which have been incorporated by reference into this Prospectus. In addition, the historical financial statements of the Company will not be comparable to the financial statements of Reorganized Spectrum following emergence from Chapter 11 due to the effects of the consummation of the Plan as well as adjustments for “fresh-start” accounting.

The Pro Forma Financial Information gives effect to the following categories of adjustments as if such transactions had occurred on October 1, 2008 for the unaudited pro forma condensed consolidated statement of operations, and on June 28, 2009 for the unaudited pro forma condensed consolidated balance sheet. Each of these adjustments is described more fully below and within the notes of the Pro Forma Financial Information:

- the effectiveness of the Plan and the implementation of the transactions contemplated by the Plan; and
- the adoption of “fresh-start” accounting, in accordance with American Institute of Certified Public Accountants Statement of Position 90-7, “Financial Reporting by Entities in Reorganization under the Bankruptcy Code” (“SOP 90-7”).

The Pro Forma Financial Information does not purport to represent what Reorganized Spectrum’s actual results of operations or financial position would have been had the Plan become effective or had the other transactions described above occurred on October 1, 2008 or June 28, 2009, as the case may be. In addition, the dollar amount of new equity and stockholders’ equity on the unaudited pro forma condensed consolidated balance sheet is not an estimate of the market value of the Common Stock or any other shares of capital stock of Reorganized Spectrum as of the Effective Date or at any other time. We make no representations as to the market value, if any, of the Common Stock or of any other shares of capital stock of Reorganized Spectrum.

Reorganization Adjustments

The “Effects of the Plan” column in the Pro Forma Financial Information gives effect to the effectiveness of the Plan and the implementation of the transactions contemplated by the Plan, including the discharge of administrative claims and of estimated claims allowed by the Bankruptcy Court upon confirmation, our recapitalization upon emergence from reorganization under chapter 11 of the Bankruptcy Code. These adjustments include:

- separating liabilities that are subject to compromise from liabilities that are not subject to compromise;
- distinguishing transactions and events that are directly associated with the reorganization from the ongoing operations of the businesses; and
- ceasing to accrue interest on the Company’s Variable Rate Toggle Senior Subordinated Notes due 2013 (the “Variable Rate Notes”), the Company’s 7 3/8% Senior Subordinated Notes due 2015 (the “7 3/8 Notes”) and the Company’s 8 1/2% Senior Subordinated Notes due 2013 (the “8 1/2 Notes”) (collectively, the “Senior Subordinated Notes”) outstanding prior to the Effective Date.

For additional information regarding the “Reorganization Adjustments,” see the notes to the Pro Forma Financial Information.

Fresh-Start Adjustments

The “Fresh-Start Adjustments” column of the Pro Forma Financial Information gives effect to fresh-start accounting adjustments, in accordance with SOP 90-7. The Company’s reorganization value, which represents the Company’s best estimate of fair value and approximates the amount a willing buyer would pay for the Company immediately after the Reorganization, will be allocated to the fair value of assets in conformity with Statement of Financial Accounting Standards No. 141, “Business Combinations” (“SFAS 141”). The Fresh-Start Adjustments are based on an assumed enterprise value of \$2.275 billion. Under SOP 90-7, reorganization value is generally allocated first to tangible assets and identifiable intangible assets, and lastly to excess reorganization value (i.e., goodwill).

The asset valuations used in this Prospectus represent current estimates based on data available. However, updates to these valuations will be completed as of the fresh-start adoption date based on the results of asset and liability valuations, as well as the related calculation of deferred taxes. The differences between the actual valuations and the current estimated valuations used in preparing the Pro Forma Financial Information will be reflected in our future balance sheets and may affect amounts, including depreciation and amortization expense, which we will recognize in our statement of operations post-emergence. In addition, the Company will realize certain non-recurring expenses subsequent to the Effective Date related to its Chapter 11 Reorganization. As such, the Pro Forma Financial Information may not accurately represent our post-emergence financial condition or results from operations, and any differences may be material.

For additional information regarding the “Fresh-Start Adjustments,” see the notes to the Pro Forma Financial Information.

Reorganization Adjustments

- (a) Adjustment reflects the elimination of pre-petition bankruptcy-related reorganization expenses of \$7,591 and the elimination of the Company's post-petition bankruptcy-related reorganization costs of \$83,832. The Company currently estimates an additional \$8,800 of bankruptcy-related reorganization costs subsequent to June 28, 2009. These additional costs have been excluded from the pro forma adjustments as the costs are non-recurring.
- (b) The Plan includes substantial changes to the Company's debt structure. The interest expense adjustments resulted in a net decrease of \$42,006 and \$10,078 for pro forma Fiscal 2008 and the nine month pro forma period ended June 28, 2009, respectively. The adjustment consists of the following:

	<u>Twelve Months ended September 30, 2008</u>	<u>Nine Months ended June 28, 2009</u>
Interest on adjusted term loans	\$ 108,258	\$ 81,194
Interest on new senior subordinated debt	26,169	19,627
Interest on new supplemental loan	7,875	5,906
Interest on exit financing facility	8,126	6,094
Accretion of discount/premium	33,134	24,662
Total pro forma interest expense	183,562	137,483
Less: elimination of interest expense on pre-petition debt	(225,568)	(147,561)
Pro forma adjustment	\$ (42,006)	\$ (10,078)

[Table of Contents](#)

The expected interest rates on the post-emergence financing facilities bear interest at a stated fixed rate or at the London Interbank Borrowing Rate (“LIBOR”) plus a margin, as summarized below:

	<u>Amount</u>	<u>Rate</u>	<u>LIBOR Floor</u>
Term Loan B, U.S. Dollar	\$ 973,998	LIBOR + 6.5%	1.5%
Term Loan, Euro	356,920	LIBOR + 7.0%	1.5%
New Senior Subordinated Notes	218,076	12.0%	NA
Exit financing	125,013	LIBOR + 4.0%	2.5%
Supplemental Loan	45,000	LIBOR + 14.5%	3.0%
	<u>\$1,719,007</u>		

As of August 28, 2009, the three month LIBOR was approximately 0.4%, and accordingly the Company estimates that it will be required to use the LIBOR floors summarized above. The Company estimates its weighted average interest rate on its estimated financing post emergence to be approximately 8.8% (based on current LIBOR rates and excluding fair value adjustment amortization) and its total indebtedness to be \$1,719,007. A 1/8th percentage increase or decrease in the expected weighted average interest rate would increase or decrease interest expense on the post-emergence debt facilities by \$2,149.

In conjunction with the expected new borrowings, the Company currently estimates that it will incur approximately \$114,108 of debt issuance costs, original issuance discount (OID) and fair value adjustments on the post-emergence financing. The debt issuance costs are classified as current or long-term assets, as appropriate. The OID and fair value adjustments associated with post-emergence financing are reflected as a reduction to the carrying value of the debt. The carrying value is accreted up to face value over the term of the debt. The table below details these amounts and the related amortization period, which is recorded as interest expense:

	<u>Total Amount</u>	<u>Amortization Period</u>
Debt issuance costs	\$ 8,949	3 years
Original Issuance Discount	21,976	3 - 10 years
Fair Value Adjustments	83,183	3 years
	<u>\$ 114,108</u>	

The fair value adjustment arises from the term loans, whose face value amounts are in excess of the related fair value of the debt as of fresh start adoption date.

Fresh-Start Adjustments

- (c) The Company estimates cost of sales will increase by approximately \$50,786 during the first inventory turn post-emergence due to the write-up of inventory. This cost has been excluded from the pro forma adjustments as this amount is non-recurring.
- (d) Property, plant and equipment are recorded at fair value. The Company currently estimates that property, plant and equipment will be increased by approximately \$34,250. Post-emergence, the Company will depreciate buildings at an original useful life of 40 years, however currently anticipates no other changes to the useful life guidelines for the other property, plant and equipment classes.

[Table of Contents](#)

The Company currently estimates the post-emergence depreciation expense will increase by approximately \$12,479 in the first year after emergence as shown in the pro forma Fiscal 2008 period. Due to older assets with remaining useful lives of 1 year or less at the date of emergence and changes in estimated depreciable lives, the Company currently estimates the post-emergence depreciation expense in the second year after emergence will decrease as shown in the \$3,026 pro forma adjustment for the nine month pro forma period ended June 28, 2009. The adjustment to depreciation expense is classified as follows:

	Twelve Months 2008	Nine Months 2009
Cost of goods sold	\$ 11,310	\$ (2,740)
General and administrative	1,169	(286)
	<u>\$ 12,479</u>	<u>\$ (3,026)</u>

- (e) Intangible assets are recorded at fair value. The Company currently estimates the intangible assets will be increased by approximately \$742,815. The Company currently estimates the post-emergence intangible amortization to increase approximately \$13,951 in pro forma Fiscal 2008. The estimated intangible amortization increase recorded for the nine month pro forma period ended June 28, 2009 is \$15,669. The Company's adjustment for pro forma Fiscal 2008 is less for the 2009 nine month pro forma period as the historical Fiscal 2008 amortization expense includes additional expense as a result of the Company reclassifying the Home and Garden Business as a continuing operation.

Existing goodwill of \$234,435 is eliminated and excess reorganization value of approximately \$513,719 is recorded for amounts in excess of reorganization value allocable to identifiable tangible and intangible assets. There is no impact to the unaudited pro forma condensed consolidated statements of operations for the increase in goodwill since goodwill is not amortized, but rather is subject to annual impairment testing.

- (f) The Company currently estimates employee benefit obligations will increase by approximately \$5,855 as a result of re-measuring the pension obligations and other post employment benefits (OPEB) as of the fresh start adoption date.

The decrease to pension and OPEB expense for the pro forma Fiscal 2008 period of approximately \$371 and \$136 is due to the elimination of prior service costs and net actuarial losses, respectively, recognized in the period. The decrease to pension and OPEB expense for the nine months ended June 28, 2009 of approximately \$165 and \$118 is due to the elimination of prior service costs and net actuarial losses, respectively, recognized in the period.

- (g) The Company estimates the pro-forma net tax expense for non-U.S. subsidiaries will decrease by approximately \$3,155 for the pro forma Fiscal 2008 period and \$1,304 for the nine month period ended June 30, 2009. During all periods presented, the Company had full valuation allowance for all net U.S. deferred tax assets, exclusive of indefinite-lived intangibles. Due to the Company's full valuation allowance position, any tax effect of the pro forma adjustments for the U.S. parent and U.S. subsidiaries would be offset by an adjustment to the valuation allowance. As such, the Company has recorded a zero tax effect for the pro-forma adjustments related to the U.S. parent and U.S. subsidiaries.

- (h) For purposes of the Company's basic and diluted pro forma loss per share calculations, the Company has used the following amounts of shares of common stock of reorganized Spectrum outstanding as of August 30, 2009, or the "fresh start" adoption date:

Direct shares issued to holders of allowed noteholder claims	27,030,000
Shares issued pursuant to the terms of the DIP Facility	2,970,000

Reorganization Adjustments

- (a) The Company's cash and cash equivalents adjustment reflects a net decrease of \$25,551 after implementing the Plan. The significant sources and uses of cash were as follows:

<i>Sources:</i>	
Funding of exit facility	\$ 125,013
New supplemental loan	45,000
Total Sources	170,013
<i>Uses (accrued as of June 28, 2009):</i>	
DIP revolving credit facility	60,013
Current maturities of long-term debt	68,445
Accounts payable	203
Long-term debt, net of current maturities	3,440
Accrued interest	48,066
Restructuring and related charges	6,448
Total uses accrued	186,615
<i>Uses (not accrued as of June 28, 2009):</i>	
Payment of debt issuance costs	8,949
Total uses not accrued	8,949
Net cash uses	\$ (25,551)

- (b) Approximately \$8,949 of the exit financing will be used to pay debt issuance costs to certain creditors of the exit facility. These debt issuance costs are classified as current or long-term assets as appropriate and amortized over the life of the financing.
- (c) The adjustment to current maturities of long-term debt reflects the \$20,005 payment of the debtors line of credit draw down obligations, the \$45,000 repayment of the old supplemental loan and the \$3,440 payment of current term loan principal amounts.
- (d) Reflects the \$60,013 repayment of the Debtor In Possession ("DIP") revolving credit facility.
- (e) Reflects the \$203 payment of pre-petition foreign exchange derivative contracts.
- (f) Reflects the \$6,448 payment of accrued restructuring and related charges.
- (g) Reflects term lender cure payments of \$33,995, terminated derivative contract payments of \$12,068 and other accrued interest of \$2,003
- (h) Reflects the reclassification of \$15,580 for rejected lease obligations subject to compromise which will be paid by the reorganized debtors in subsequent periods (as also reflected in note (k)).
- (i) The adjustment to long-term debt represents the issuance of approximately \$218,076 of new notes used to extinguish the senior subordinated notes of the debtors that were subject to compromise (as reflected in note (k)), the \$125,013 funding of the exit facility, and the \$45,000 borrowing related to the new supplemental loan. The new notes were issued with face value amounts in excess of the related fair value of the new notes of approximately \$25,515. The excess is recorded as an adjustment to long-term debt and will be accreted to interest expense over the life of the note. The adjustment to long-term debt also reflects the \$3,440 term loan principal payment.
- (j) Gain on the cancellation of debt as addressed in note (n) results in an \$81,678 reduction in the net U.S. deferred tax assets, exclusive of indefinite-lived intangibles. Due to the Company's full valuation allowance position as of June 28, 2009 for all U.S. net deferred tax assets, exclusive of indefinite-lived intangibles, the tax effect of the cancellation of debt is offset by an adjustment to the valuation allowance of \$81,678.

Table of Contents

- (k) The adjustment to liabilities subject to compromise relates the extinguishment of the senior subordinated notes balance of \$1,049,885 and the respective accrued interest of \$40,497 associated with the senior subordinated notes. Additionally, \$15,580 was reclassified from rejected lease obligations subject to compromise to other current liabilities and will be paid by the reorganized debtors in subsequent periods.
- (l) Pursuant to the Plan, the debtor's common stock will be canceled and new common stock of the reorganized debtors will be issued. Therefore, the adjustment eliminates the \$691 par value of the debtors' common stock and records the \$300 par value of the reorganized debtors' common stock. The Company currently expects to issue 30,000,000 shares at emergence, consisting of 27,030,000 shares to holders of allowed note holder claims and 2,970,000 shares in accordance with the terms of the DIP credit facility.
- (m) Pursuant to the Plan, the adjustment to additional paid-in capital eliminates \$676,418 of the debtors' additional paid in capital and records the \$682,880 fair value of the reorganized debtors' equity less the \$300 par value of the newly issued common stock.
- (n) The adjustment to accumulated deficit records the \$600,218 elimination of the debtors' common and treasury stock and records the \$214,941 gain on the cancellation of debt as a result of the Plan.
- (o) Pursuant to the Plan, the adjustment eliminates treasury stock of the debtors.

Fresh-Start Adjustments

- (p) Inventory is recorded at fair value. The Company estimates that as of June 28, 2009, the fair value of inventory exceeds book value by \$50,786.
- (q) Fresh start adjustments of \$17,493 and \$126,764 to deferred income tax assets and liabilities, respectively, reflect the tax effect of the pro forma fresh adjustments, net of adjustments to the valuation allowance.

SELLING SECURITYHOLDERS

The terms “selling noteholders” (to the extent a holder is identified below as owning the 12% Notes), “selling stockholders” (to the extent a holder is identified below as owning the Common Stock) and “selling securityholders” include each holder named below. To the extent necessary, eligible holders of the 12% Notes and the Common Stock not listed in the table below, if any, will be included as additional selling securityholders in a post-effective amendment to the registration statement of which this Prospectus is a part.

The tables below list the names of the selling stockholders who may offer for resale their shares of Common Stock, the selling noteholders who may offer for resale their 12% Notes and the amount of those securities that they may offer for resale. We have registered such securities for resale by the selling securityholders in accordance with the registration rights we granted to them under the registration rights agreements in connection with our Reorganization. Our registration of these securities does not necessarily mean that the selling securityholders will sell any or all of the securities we have registered. The information below has been provided to us by the selling securityholders as of October 26, 2009, and they may have sold, transferred or otherwise disposed of all or a portion of their common stock and/or convertible preferred stock since that date. For information about how the selling securityholders plan to offer the securities for resale, see “Plan of Distribution.”

The tables below present information regarding the beneficial ownership of the shares of Common Stock and principal amount of the 12% Notes by the selling securityholders both before and after giving effect to their sale of the securities offered by this Prospectus. The tables also present the number of shares of Common Stock and principal amount of the 12% Notes that the selling securityholders may offer for resale pursuant to this Prospectus.

Under SEC rules, a person is deemed to be a “beneficial owner” of a security if that person has or shares the power to vote or direct the voting of the security or the power to dispose of or direct the disposition of the security. Under these rules, beneficial ownership includes any security with respect to which a person has the right to acquire sole or shared voting or investment power within 60 days through the conversion or exercise of any convertible security, warrant, option or other right. Except as we otherwise indicate below and under applicable community property laws, we believe that the beneficial owners of the securities listed below have sole voting and investment power with respect to the shares shown.

Except as disclosed under the subheading entitled “Certain Relationships and Related Person Transactions,” no selling securityholder has had, within the past three years, any position, office, or material relationship with us or any of our predecessors or affiliates.

PLAN OF DISTRIBUTION

The selling securityholders may, from time to time, sell any or all of their shares of the Common Stock or the 12% Notes being offered through this Prospectus:

- to or through underwriters, brokers, dealers or agents; or
- directly to one or more purchasers.

These sales, which may include block transactions, may be at fixed or negotiated prices. The selling securityholders will act independently of us in making decisions with respect to the timing, manner and size of each sale. The selling securityholders may use any one or more of the following methods when selling the Common Stock or the 12% Notes:

- ordinary brokerage transactions and transactions in which the broker-dealer solicits purchasers;
- block trades in which the broker-dealer will attempt to sell the securities as agent but may position and resell a portion of the block as principal to facilitate the transaction;
- purchases by a broker-dealer as principal and resales by the broker-dealer for its own account;
- an exchange distribution in accordance with the rules of the applicable exchange;
- privately negotiated transactions;
- directly through one or more purchasers;
- in market transactions, including, without limitation, over the counter transactions;
- distribution to their respective stockholders, partners or members, as the case may be;
- a combination of any of these methods of sale; or
- any other method permitted by applicable law.

The sale price to the public may be:

- the market price prevailing at the time of sale;
- a price related to the prevailing market price;
- at negotiated prices; or
- a price the selling security holder determines from time to time.

In connection with sales of the shares of the Common Stock or the 12% Notes, the selling securityholders may enter into hedging transactions with brokers or dealers, which may in turn engage in short sales of the shares of Common Stock or the 12% Notes in the course of hedging in positions they assume. The selling securityholders may also sell shares of Common Stock or 12% Notes short and deliver shares of Common Stock or 12% Notes covered by this Prospectus to close out short positions and to return borrowed shares in connection with such short sales. The selling securityholders may also loan or pledge shares of Common Stock or 12% Notes to brokers or dealers that in turn may sell such shares or sell shares of Common Stock or 12% Notes under formal purchase contracts. The selling securityholders may offer the shares of Common Stock or 12% Notes through offerings of securities exchangeable, convertible or exercisable for the Common Stock or 12% Notes. The selling securityholders may also distribute the shares or notes to their members, partners or shareholders.

Any securities covered by this Prospectus which qualify for sale pursuant to Rule 144, Rule 144A or any other available exemption from registration under the Securities Act may be sold under Rule 144, Rule 144A or such other available exemption rather than pursuant to this Prospectus. In addition, the selling securityholders may transfer the securities by other means not described in this Prospectus.

The selling securityholders may from time to time offer shares of Common Stock or 12% Notes through brokers, dealers or agents who receive compensation in the form of discounts, concessions or commissions from

[Table of Contents](#)

the selling shareholders and/or the purchasers of the shares of Common Stock or 12% Notes for whom they may act as agent. In effecting sales, brokers or dealers that are engaged by the selling securityholders may arrange for other brokers or dealers to participate. Any brokers, dealers or agents who participate in the distribution of the shares of Common Stock or 12% Notes may be deemed to be “underwriters,” and any profits on the sale of the shares of Common Stock or 12% Notes by them and any discounts, commissions or concessions received by any such brokers, dealers or agents may be deemed to be underwriting discounts and commissions under the Securities Act. The selling securityholders may also be deemed to be “underwriters” within the meaning of the Securities Act. To the extent the selling securityholders may be deemed to be an underwriter, the selling securityholders will be subject to the prospectus delivery requirements of the Securities Act and may be subject to certain statutory liabilities of, including but not limited to, Sections 11, 12 and 17 of the Securities Act and Rule 10b-5 promulgated under the Exchange Act.

Brokers or dealers may agree with the selling securityholders to sell a specified number of shares or notes at a stipulated price per share, and, to the extent that such a broker or dealer is unable to do so acting as agent for the selling securityholders, to purchase as principal any unsold shares or notes at the price required to fulfill the broker or dealer commitment to the selling securityholders. Brokers or dealers who acquire shares or notes as principal may thereafter resell such shares or notes from time to time in transactions (which may involve crosses and block transactions and which may involve sales to and through other brokers or dealers, including transactions of the nature described above) on a securities exchange, in privately negotiated transactions or otherwise, at market prices prevailing at the time of sale or at negotiated prices, and in connection with such resales may pay to or receive commissions from the purchasers of such shares or notes.

To the extent required under the Securities Act or otherwise required under the applicable registration rights agreement, an amendment to this Prospectus, or a supplemental prospectus, will be filed, disclosing:

- the name of any underwriters, brokers, dealers or agents;
- the number of shares or principal amount of notes involved;
- the price at which such shares or notes are to be sold;
- the commission paid or discounts or concessions allowed to such underwriters, brokers, dealers or agents, as applicable and proceeds to the selling securityholders;
- that such brokers or dealers did not conduct any investigation to verify the information set out or incorporated by reference in this Prospectus, as supplemented; and
- other facts material to the transaction.

Underwriters and purchasers that are deemed underwriters under the Securities Act may engage in transactions that stabilize, maintain or otherwise affect the price of the securities, including the entry of stabilizing bids or syndicate covering transactions or the imposition of penalty bids. The selling securityholders and any other persons participating in the sale or distribution of the shares or notes will be subject to the applicable provisions of the Exchange Act and the rules and regulations thereunder, including without limitation, Regulation M. These provisions may restrict certain activities of, and limit the timing of, purchases by the selling securityholders or other persons or entities. Furthermore, under Regulation M, persons engaged in a distribution of securities are prohibited from simultaneously engaging in market-making and certain other activities with respect to such securities for a specified period of time prior to the commencement of such distributions, subject to special exceptions or exemptions. Regulation M may restrict the ability of any person engaged in the distribution of the securities to engage in market-making and certain other activities with respect to those securities. In addition, the anti-manipulation rules under the Exchange Act may apply to sales of the securities in the market. All of these limitations may affect the marketability of the shares or the notes and the ability of any person to engage in market-making activities with respect to the securities.

Under the securities laws of some states, the shares of Common Stock or 12% Notes may be sold in such states only through registered or licensed brokers or dealers. In addition, in some states the shares of Common

Stock or 12% Notes may not be sold unless such shares or notes have been registered or qualified for sale in such state or an exemption from registration or qualification is available and is complied with.

In order to comply with our obligations under the registration rights agreements entered into in connection with the Reorganization, we filed the registration statement of which this Prospectus forms a part. We are required to use our reasonable best efforts to keep the registration statement of which this Prospectus forms a part effective until all of the securities that are the subject of this Prospectus have been disposed of pursuant to the registration statement or have ceased to be Registrable Securities (as defined in the respective registration rights agreements, see “Certain Relationships and Related Person Transactions—Agreements Between Each of the Significant Securityholders and Us in Connection with the Reorganization”) or otherwise or until such securities may be sold by the selling securityholders or their permitted transferees under Rule 144 promulgated under the Securities Act without the volume or manner restrictions of such rule.

We are also required to pay the expenses of registering the shares of Common Stock and 12% Notes under the Securities Act, including registration, listing, qualification and filing (including Financial Industry Regulatory Authority) fees, accounting, preparation, printing, distributing, mailing and delivery expense fees and reasonable fees and, subject to certain limitations, disbursements of counsel for the selling securityholders. The selling securityholders have agreed to bear all transfer taxes, brokerage and underwriting discounts and commissions. To our knowledge, the selling securityholders have not entered into any agreement, arrangement or understanding with any particular broker or market maker with respect to the shares of Common Stock or 12% Notes offered hereby, nor do we know the identity of the brokers or market makers that may participate in the sale of the shares or notes.

In addition, we have agreed to indemnify the selling securityholders and underwriters of the resale of their shares or notes against certain liabilities in connection with the offering of the shares of Common Stock or 12% Notes offered hereby, including liabilities arising under the Securities Act, or, if such indemnity is unavailable, to contribute towards amounts required to be paid in respect of such liabilities. We have further agreed to reimburse each selling securityholder and underwriter for legal or other expenses reasonably incurred by them in connection with investigating or defending claims for which they are entitled to indemnification.

At any time a particular offer of the shares of Common Stock or 12% Notes is made, a revised prospectus or prospectus supplement may be filed with the SEC, or a report filed pursuant to the Exchange Act and incorporated by reference into this Prospectus (which Exchange Act report will be identified in a prospectus filed to the extent required by the Securities Act), to reflect the disclosure of required additional information with respect to the distribution of the shares of Common Stock or 12% Notes. If required, such post-effective amendment or prospectus supplement will be distributed. We may suspend the sale of shares or notes by the selling securityholders pursuant to this Prospectus for certain periods of time for certain reasons, including if the Prospectus is required to be supplemented or amended to include additional information.

CERTAIN RELATIONSHIPS AND RELATED PERSON TRANSACTIONS

On February 3, 2009, Spectrum Brands announced that it reached agreements with the Harbinger Parties, Laminar and the Avenue Parties, which, as of that date, in the aggregate, represented approximately 70% of the face value of Spectrum Brands’ outstanding public senior subordinated notes, to pursue a refinancing that, if implemented as proposed, would significantly reduce Spectrum Brands’ then outstanding debt. Also on February 3, 2009, each of the Harbinger Parties, Laminar and the Avenue Parties then holding Spectrum Brands’ senior subordinated notes agreed, pursuant to the Support Agreement and upon the terms and subject to the conditions in the agreement, to support the Plan as proposed and, upon receipt of a Bankruptcy Court approved disclosure statement and when properly solicited to do so, to vote all of their respective claims under the notes in favor of the Plan. See “Chapter 11 Reorganization” for a further description of the chapter 11 cases of Spectrum Brands and its United States subsidiaries.

Pursuant to the Plan, as of the Effective Date, the Harbinger Parties, Laminar and the Avenue Parties were issued shares of the Common Stock and became holders of the 12% Notes. As of October 26, 2009, based on information provided by the respective Significant Securityholders to us, the Harbinger Parties collectively owned 12,053,819 shares of the Common Stock, and \$92,021,474 principal amount of the 12% Notes; Laminar owned 4,069,995 shares of the Common Stock and \$3,750,365 principal amount of the 12% Notes; and the Avenue Parties collectively owned 6,762,871 shares of the Common Stock and \$30,094,777 principal amount of the 12% Notes; representing approximately 39.4%, 13.3% and 22.1%, respectively, of the voting power of the Spectrum Brands' then outstanding voting securities and approximately 42.2%, 1.7% and 13.8%, respectively, of the then outstanding principal amount of the 12% Notes. We refer in this Prospectus to each of the Harbinger Parties, Laminar and the Avenue Parties, collectively, in their respective capacities as holders of Spectrum Brands' securities, as "Significant Securityholders."

Pursuant to the Plan and in connection with the Reorganization, the Company converted from a Wisconsin corporation into a Delaware corporation and adopted a new certificate of incorporation and bylaws. The terms of the certificate of incorporation and bylaws were negotiated with certain representatives of the Harbinger Parties, Laminar and the Avenue Parties in the context of the Reorganization and in consideration for the support of the Plan of each of the Harbinger Parties, Laminar and the Avenue Parties holding Spectrum Brands' then existing senior subordinated notes pursuant to that certain Support Agreement. Accordingly, the terms of these documents may be more or less favorable than those that Spectrum Brands might have adopted on a standalone basis. See "Description of the Common Stock" for further information on the terms of the certificate of incorporation and bylaws.

In addition, also pursuant to the Plan, each of the Harbinger Parties, Laminar and the Avenue Parties designated certain persons who were approved by Spectrum Brands' then existing directors and the Bankruptcy Court and, pursuant to the Plan and effective as of the Effective Date, appointed together with Kent J. Hussey as directors of Spectrum Brands. These individuals continue to serve as the directors of Spectrum Brands.

Agreements Between Each of the Significant Securityholders and Us in Connection with the Reorganization

Also in connection with the Reorganization, as of the Effective Date, each Significant Securityholder and Spectrum Brands entered into certain agreements governing various relationships between us and such Significant Securityholder as a holder of our securities. These agreements include:

- a registration rights agreement with respect to the Common Stock, other securities in respect of the Common Stock and other equity of the Company (the "Equity Registration Rights Agreement"); and

The terms of each of these agreements were negotiated in the context of the Reorganization and in consideration for the support of each of the Harbinger Parties, Laminar and the Avenue Parties of the Plan pursuant to the Support Agreement. Accordingly, the terms of these agreements may be more or less favorable than those that we could have negotiated on a standalone basis.

The description of these agreements set forth herein is not complete and is qualified by reference to the specific terms of the agreement, each of which is filed as an exhibit to the registration statement of which this Prospectus forms a part. We encourage you to read the full text of these material agreements. We have entered into these agreements with each of the Significant Securityholders in the context of their relationship as holders of our securities.

In addition, each Stock Holder whose Equity Registrable Securities are included in a registration statement is required to indemnify Spectrum Brands and underwriters of the resale of their Equity Registrable Securities against certain liabilities related to the information provided by such Stock Holder with respect to such registration statement. Other Agreements with a Significant Securityholder

Several of the Avenue Parties, including Avenue Investments, L.P., Avenue International Master, L.P., Avenue CDP Global Opportunities Fund, L.P., and Avenue Special Situations Fund IV, L.P. and a now-terminated fund affiliated with the Avenue Parties were lenders under our senior credit facility, dated March 30, 2007, originally loaning us \$75,000,000 as part of our \$1 billion U.S. Dollar Term B Loan facility (the "US Dollar Term B Loan") and €15,000,000 as part of our €262 million Term Loan facility (the "Euro Facility"). Subsequently, Avenue Special Situations Fund V, L.P., along with several other of the above Avenue Parties, increased their participation in the US Dollar Term B Loan and the Euro Facility so that, as of October 21, 2009, their aggregate participation in the US Dollar Term B Loan was equal to \$43,798,322 and their aggregate participation in the Euro Facility was equal to €68,801,118, with a previous maximum aggregate participation in the US Dollar Term B Loan of \$208,132,111, and a maximum aggregate participation in the aggregate participation in the Euro Facility was equal to €70,227,120. Since the above persons became more than 5% stockholders of Spectrum Brands on August 28, 2009, the above Avenue Parties received payments of interest of \$5,198,584.16 relating to the US Dollar Term B Loan and €983,169.98 relating to the Euro Facility and principal

of \$1,068,121.28 relating to the US Dollar Term B Loan and €360,401.81 relating to the Euro Facility. In addition to the cash payment of interest and principal, the above Avenue Parties received an incremental payment in kind distribution of \$1,789,399 and €603,771. Interest on the U.S. Dollar Term B Loan, at Spectrum Brands' option, and subject to certain conditions, originally accrued at a reserve-adjusted LIBOR rate for a specified interest period plus a margin rate of 4.00% per annum or the Base Rate plus a margin rate of 3.00% per annum. The loans under the Euro Facility originally accrued interest at a reserve-adjusted LIBOR rate for a specified interest period plus a margin rate of 4.50% per annum. Base rate interest was defined as an alternate base rate equal to the greater of (i) the prime rate, as defined in our senior credit facility, and (ii) the federal funds effective rate in effect on such day published by the Federal Reserve Bank in New York plus 1/2 of 1%. Effective upon consummation of the reorganization, our senior credit facility was amended to include, among other things: (1) a floor on the LIBOR rate of 150 basis points, (2) a floor on the base rate of 2.50% and (3) an increase of 250 basis points in the applicable rate to apply to each tranche of the facility.

The above description of the credit facilities is qualified in its entirety by reference to the full text of the senior secured term credit agreement (as amended, the "Senior Secured Term Credit Agreement") governing the above mentioned credit facilities filed as Exhibit 10.1 to Spectrum Brands' Current Report on Form 8-K filed with the SEC on April 4, 2007, with Amendment No. 1 and Amendment No. 2 to the agreement filed as Exhibit 10.1 and Exhibit 10.2, respectively, to Spectrum Brands' Current Report on Form 8-K filed with the SEC on September 2, 2009 and incorporated herein by reference.

DESCRIPTION OF THE 12% NOTES

Pursuant to the Plan and on the Effective Date, Spectrum Brands issued \$218,076,405 in aggregate principal amount of the 12% Notes. Such 12% Notes were issued under an indenture, dated as of the Effective Date (the "Indenture"), by and among Spectrum Brands, the subsidiary guarantors and U.S. Bank National Association, as trustee (the "Trustee"). The terms of the 12% Notes include those stated in the Indenture and those made part of the Indenture by reference to the Trust Indenture Act of 1939, as amended. As of October 28, 2009, Spectrum Brands had not issued any other 12% Notes, and there was \$218,076,405 in principal amount of the 12% Notes outstanding.

The description of the Indenture and the 12% Notes set forth herein is not complete and is qualified by reference to the specific terms of those documents. The Indenture is filed as an exhibit to the registration statement of which this Prospectus forms a part and a form of 12% Note is attached as an exhibit to the Indenture. You are urged to read the Indenture and the 12% Notes because they, not this description would define your rights as noteholders.

As of August 30, 2009, the aggregate amount of outstanding indebtedness senior to the indebtedness under the 12% Notes is approximately \$1.47 billion. We are restricted under the terms of our senior credit facilities and the Indenture from incurring certain additional indebtedness. See the discussion below under the subheading "Incurrence of Indebtedness and Issuance of Preferred Stock" for more information on the restrictions in the Indenture.

Some of the terms we use in this description are defined below under the subheading "Certain Definitions."

Principal, Maturity and Interest

The 12% Notes have a maturity date that is 10 years from the date of the Indenture (the "Issue Date"). Spectrum Brands may issue 12% Notes in denominations of \$1.00 or integral multiples of \$1.00.

Spectrum Brands will, at its option, pay interest on the 12% Notes either (1) entirely in cash ("Cash Interest") or (2) entirely by increasing the principal amount of the outstanding 12% Notes ("PIK Interest"). **However, Spectrum Brands is restricted under the terms of its Senior Secured Term Credit Agreement from paying interest on the 12% Notes in cash until the date that is 18 months from the Effective Date, or February 28, 2011, and, therefore, at least until such date, intends to satisfy its interest payment obligations by electing to increase the principal amount of the outstanding 12% Notes.** For each Interest Period (as hereinafter defined) under the 12% Notes, interest will accrue on the 12% Notes at the rate of 12% per annum. To elect the form of interest payment with respect to each Interest Period, Spectrum Brands will give the Trustee irrevocable notice of such election on the second Business Day preceding the first day of the applicable Interest Period (the "Interest Election Date"). The Trustee will promptly deliver a corresponding notice to the Holders. If Spectrum Brands does not send a notice of election by the Interest Election Date for any Interest Period thereafter, interest on the 12% Notes for such Interest Period will be payable entirely in PIK Interest. PIK Interest will be payable by increasing the principal amount of the outstanding 12% Notes by an amount equal to the amount of PIK Interest for the applicable Interest Period (a "PIK Payment"). Following an increase in the principal amount of the outstanding 12% Notes as a result of a PIK Payment, the 12% Notes will accrue interest on such increased principal amount from and after the related interest payment date of such PIK Payment. Spectrum Brands will not issue 12% Notes in principal amount of less than \$1.00. In the event that PIK Interest due to any Holder on an interest payment date is not a round dollar amount, any fractional PIK Interest, if \$ 0.50 or more, will be rounded up to the nearest dollar or, if \$ 0.49 or less, will be rounded down to the nearest dollar. In connection with the payment of PIK Interest, Spectrum Brands is entitled, without the consent of the Holders, to increase the outstanding principal amount of the Global Notes (as hereinafter defined) representing the 12% Notes. References herein and in the Indenture to the "principal amount" of the 12% Notes include any increase in the principal amount of the outstanding 12% Notes as a result of a PIK Payment.

“Interest Period” means the period commencing on and including an interest payment date and ending on and including the day immediately preceding the next succeeding interest payment date.

“Business Day” means any day other than a Legal Holiday.

Interest on the 12% Notes is payable semi-annually in arrears on February 28 and August 28 of each year, beginning on February 28, 2010, until maturity. Spectrum Brands will make each interest payment to the Holders of record on the immediately preceding the applicable semi-annual record dates.

Interest on the 12% Notes accrues from the date of original issuance, or, if interest has already been paid, from the date it was most recently paid. Interest is computed on the basis of a 360-day year comprised of twelve 30-day months.

Methods of Receiving Payments on the 12% Notes

If a Holder has given wire transfer instructions to Spectrum Brands, Spectrum Brands will pay all principal, interest (in the event Spectrum Brands elects to pay interest in cash) and premium, if any, on that Holder’s 12% Notes in accordance with those instructions. All other payments on 12% Notes will be made at the office or agency of the Paying Agent and Registrar unless Spectrum Brands elects to make interest payments by check mailed to the Holders at their addresses set forth in the register of Holders.

Paying Agent and Registrar for the 12% Notes

The Trustee is acting as Paying Agent and Registrar. Under the Indenture, Spectrum Brands reserves the right to change the Paying Agent or Registrar without prior notice to the Holders, and Spectrum Brands or any of its Subsidiaries may act as Paying Agent or Registrar.

Transfer and Exchange

A Holder may transfer or exchange 12% Notes in accordance with the Indenture. The Registrar and the Trustee may require a Holder, among other things, to furnish appropriate endorsements and transfer documents and Spectrum Brands may require a Holder to pay any taxes and fees required by law or permitted by the Indenture. Spectrum Brands is not required to transfer or exchange any Note selected for redemption. Also, Spectrum Brands is not required to transfer or exchange any Note for a period of 15 days before a selection of the 12% Notes to be redeemed.

The registered Holder of a Note will be treated as the owner of it for all purposes.

Note Guarantees

The 12% Notes are guaranteed, jointly and severally, by all of the Domestic Subsidiaries of Spectrum Brands. Each Note Guarantee:

- is a general unsecured obligation of the Guarantor;
- is subordinated in right of payment to all existing and any future Senior Debt of the Guarantor, including the Guarantee by the Guarantor of Indebtedness under the Credit Agreement and the Exit Facility;
- is pari passu in right of payment with all existing and any future senior subordinated Indebtedness of the Guarantor; and
- is senior in right of payment to all existing and any future subordinated Indebtedness of the Guarantor.

[Table of Contents](#)

Each Note Guarantee is subordinated to the prior payment in full of all Senior Debt of that Guarantor. The Indenture provides that the obligations of each Guarantor under its Note Guarantee are limited as necessary to prevent that Note Guarantee from constituting a fraudulent conveyance under applicable law.

If Spectrum Brands or any of its Restricted Subsidiaries acquires or creates another Domestic Subsidiary on or after the date of the Indenture, then that newly acquired or created Domestic Subsidiary must become a Guarantor, execute a supplemental indenture and deliver an Opinion of Counsel to the Trustee.

Registration Rights

As of the Effective Date, Spectrum Brands and each Significant Securityholders have entered into a registration rights agreement with respect to the 12% Notes held by such Significant Securityholder. See “Certain Relationships and Related Person Transactions—Agreements Between Each of the Significant Securityholders and Us in Connection with the Reorganization.”

Subordination

The payment of principal, interest and premium, if any, on the 12% Notes and all other Obligations under the Indenture and the 12% Notes are subordinated to the prior payment in full of all existing and any future Senior Debt of Spectrum Brands.

The holders of Senior Debt of Spectrum Brands are entitled to receive payment in full of all Obligations due in respect of Senior Debt of Spectrum Brands (including interest after the commencement of any bankruptcy proceeding at the rate specified in the applicable Senior Debt of Spectrum Brands) before the Holders of the 12% Notes are entitled to receive any payment with respect to the 12% Notes (except that Holders of the 12% Notes may receive and retain Permitted Junior Securities and payments made from the trust described under “—Legal Defeasance and Covenant Defeasance”), in the event of any distribution to creditors of Spectrum Brands in connection with:

- (1) any liquidation or dissolution of Spectrum Brands;
- (2) any bankruptcy, reorganization, insolvency, receivership or similar proceeding relating to Spectrum Brands or its property;
- (3) any assignment for the benefit of creditors; or
- (4) any marshaling of Spectrum Brands’ assets and liabilities.

Spectrum Brands also may not make any payment in respect of the 12% Notes (except in Permitted Junior Securities or from the trust described under “—Legal Defeasance and Covenant Defeasance”) if:

- (1) a payment default on Designated Senior Debt of Spectrum Brands occurs and is continuing; or
- (2) any other default (a “nonpayment default”) occurs and is continuing on any series of Designated Senior Debt of Spectrum Brands that permits holders of that series of Designated Senior Debt of Spectrum Brands to accelerate its maturity and the Trustee receives a notice of such default (a “Payment Blockage Notice”) from Spectrum Brands or (i) with respect to Designated Senior Debt incurred pursuant to the Credit Agreement or the Exit Facility, the agent for the lenders thereunder and (ii) with respect to any other Designated Senior Debt, the holders of such Designated Senior Debt.

Payments on the 12% Notes may and shall be resumed:

- (1) in the case of a payment default on Designated Senior Debt of Spectrum Brands, upon the date on which such default is cured or waived; and
- (2) in case of a nonpayment default on Designated Senior Debt of Spectrum Brands, the earlier of the date on which such default is cured or waived or 179 days after the date on which the applicable Payment Blockage Notice is received, unless the maturity of such Designated Senior Debt of Spectrum Brands has been accelerated.

[Table of Contents](#)

No new Payment Blockage Notice may be delivered unless and until:

- (1) 360 days have elapsed since the delivery of the immediately prior Payment Blockage Notice; and
- (2) all scheduled payments of principal, interest and premium, if any, on the 12% Notes that have come due have been paid in full in cash.

No nonpayment default that existed or was continuing on the date of delivery of any Payment Blockage Notice to the Trustee shall be, or be made, the basis for a subsequent Payment Blockage Notice.

If the Trustee or any Holder of the 12% Notes receives a payment in respect of the 12% Notes (except in Permitted Junior Securities or from the trust described under “—Legal Defeasance and Covenant Defeasance”) when:

- (1) the payment is prohibited by these subordination provisions; and
- (2) the Trustee or the Holder has actual knowledge that the payment is prohibited;

the Trustee or the Holder, as the case may be, shall hold the payment in trust for the benefit of the holders of Senior Debt of Spectrum Brands. Upon the proper written request of the holders of Senior Debt of Spectrum Brands, the Trustee or the Holder, as the case may be, shall deliver the amounts in trust to the holders of Senior Debt of Spectrum Brands or their proper representative.

Spectrum Brands must promptly notify holders of its Designated Senior Debt if payment of the 12% Notes is accelerated because of an Event of Default.

As a result of the subordination provisions described above, in the event of a bankruptcy, liquidation or reorganization of Spectrum Brands, Holders of the 12% Notes may recover less ratably than creditors of Spectrum Brands who are holders of Senior Debt of Spectrum Brands.

Payments under the Note Guarantee of each Guarantor will be subordinated to the prior payment in full of all Senior Debt of such Guarantor, including Senior Debt of such Guarantor incurred after the date of the Indenture, on the same basis as provided above with respect to the subordination of payments on the 12% Notes by Spectrum Brands to the prior payment in full of Senior Debt of Spectrum Brands. See “Risk Factors.” Your right to receive payments on the 12% Notes will be junior to our existing and future senior indebtedness and the guarantees of the 12% Notes will be junior to all of the guarantors’ existing and future senior indebtedness.

“Designated Senior Debt” means:

- (1) any Indebtedness outstanding under the Credit Agreement and the Exit Facility; and
- (2) after payment in full of all Obligations under the Credit Agreement and the Exit Facility, any other Senior Debt permitted under the Indenture the principal amount of which is \$50.0 million or more and that has been designated by Spectrum Brands as “Designated Senior Debt.”

“Permitted Junior Securities” means:

- (1) Equity Interests in Spectrum Brands or any Guarantor or any other business entity provided for by a plan of reorganization; and
- (2) debt securities of Spectrum Brands or any Guarantor or any other business entity provided for by a plan of reorganization, in each case which Equity Interests and debt securities are subordinated to the payment of all Senior Debt and any Equity Interests and debt securities issued in exchange for Senior Debt to substantially the same extent as, or to a greater extent than, the 12% Notes and the Note Guarantees are subordinated to Senior Debt under the Indenture.

Table of Contents

“Senior Debt” means:

- (1) all Indebtedness of Spectrum Brands or any Guarantor outstanding under Credit Facilities and all Hedging Obligations with respect thereto;
- (2) any other Indebtedness of Spectrum Brands or any Guarantor permitted to be incurred under the terms of the Indenture, unless the instrument under which such Indebtedness is incurred expressly provides that it is on a parity with or subordinated in right of payment to the 12% Notes or any Note Guarantee; and
- (3) all Obligations with respect to the items listed in the preceding clauses (1) and (2).

Notwithstanding anything to the contrary in the preceding paragraph, Senior Debt will not include:

- (1) any liability for federal, state, local or other taxes owed or owing by Spectrum Brands or any Guarantor;
- (2) any Indebtedness of Spectrum Brands or any Guarantor to any of their Subsidiaries or other Affiliates;
- (3) any trade payables;
- (4) the portion of any Indebtedness that is incurred in violation of the Indenture;
- (5) any Indebtedness of Spectrum Brands or any Guarantor that, when incurred, was without recourse to Spectrum Brands or such Guarantor; or
- (6) any repurchase, redemption or other obligation in respect of Disqualified Stock.

Optional Redemption

At any time on or after August 28, 2012, Spectrum Brands may redeem all or a part of the 12% Notes, from time to time, upon not less than 30 nor more than 60 days notice, at the redemption prices (expressed as percentages of principal amount) set forth below plus accrued and unpaid interest, if any, to the applicable redemption date, in cash, if redeemed during the twelve-month period beginning on the day and month of August 28 in the years indicated below:

<u>Year</u>	<u>Percentage</u>
2012	106%
2013	103%
2014 and thereafter	100%

If less than all of the 12% Notes are to be redeemed at any time, the Trustee will select 12% Notes for redemption as follows:

- (1) if the 12% Notes are listed, in compliance with the requirements of the principal national securities exchange on which the 12% Notes are listed;
- or
- (2) if the 12% Notes are not so listed, on a pro rata basis, by lot or by such method as the Trustee shall deem fair and appropriate.

No 12% Notes of less than \$1.00 shall be redeemed in part. Notices of redemption shall be mailed by first class mail at least 30 but not more than 60 days before the redemption date to each Holder of the 12% Notes to be redeemed at its registered address. Notices of redemption may not be conditional.

If any Note is to be redeemed in part only, the notice of redemption that relates to that Note shall state the portion of the principal amount thereof to be redeemed. A new Note in principal amount equal to the unredeemed portion of the original Note will be issued in the name of the Holder thereof upon cancellation of the original Note. The 12% Notes called for redemption become due on the date fixed for redemption. On and after the redemption date, interest ceases to accrue on the 12% Notes or portions of them called for redemption.

Mandatory Redemption

Except as provided, Spectrum Brands is not required to make mandatory redemption or sinking fund payments with respect to the 12% Notes.

Notwithstanding anything to the contrary contained in the Indenture or the 12% Notes, with respect to any particular accrual period (as defined in Section 1272(a)(5) of the Code) ending after the fifth anniversary of the issuance of the 12% Notes at the end of which, but for the redemption and payment required by this paragraph, (x) the aggregate amount of accrued and unpaid original issue discount (as defined in Section 1273(a)(1) of the Code) on the 12% Notes would exceed (y) an amount equal to the product of (A) the issue price (as defined in Sections 1273(b) and 1274(a) of the Code) of the 12% Notes multiplied by (B) the yield to maturity (interpreted in accordance with Section 163(i) of the Code) of the 12% Notes, Spectrum Brands shall redeem and pay, as applicable, at the end of or during such accrual period, without premium or penalty, the minimum amount of principal and accrued interest on the 12% Notes necessary to prevent any of the accrued and unpaid interest and original issue discount on the 12% Notes from being disallowed or deferred as a deduction under Section 163(e)(5) of the Code to Spectrum Brands. Any mandatory redemption shall be made pursuant to the requirements for (1) Spectrum Brands to provide notice to the Trustee, (2) the Trustee to select by a specified process the 12% Notes to be redeemed, (3) Spectrum Brands to provide irrevocable notice to the Holders of the 12% Notes and (4) Spectrum Brands to deposit with the Trustee or the Paying Agent sufficient money to pay the redemption.

Repurchase at the Option of Holders

Change of Control

If a Change of Control occurs, each Holder of 12% Notes will have the right to require Spectrum Brands to repurchase all or any part (equal to \$1.00 or an integral multiple thereof) of that Holder's 12% Notes pursuant to a Change of Control Offer on the terms set forth in the Indenture. In the Change of Control Offer, Spectrum Brands will offer a Change of Control Payment in cash equal to 101% of the aggregate principal amount of 12% Notes repurchased, plus accrued and unpaid interest thereon, to the date of purchase. Within 30 days following any Change of Control, Spectrum Brands will mail a notice to each Holder describing the transaction or transactions that constitute the Change of Control and offering to repurchase 12% Notes on the Change of Control Payment Date specified in such notice, which date shall be no earlier than 30 days and no later than 60 days from the date such notice is mailed, pursuant to the procedures required by the Indenture and described in such notice. Spectrum Brands will comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder to the extent such laws and regulations are applicable in connection with the repurchase of the 12% Notes as a result of a Change of Control. To the extent that the provisions of any securities laws or regulations conflict with the Change of Control provisions of the Indenture, Spectrum Brands will comply with the applicable securities laws and regulations and will not be deemed to have breached its obligations under the Change of Control provisions of the Indenture by virtue of such compliance.

On the Change of Control Payment Date, Spectrum Brands will, to the extent lawful:

- (1) accept for payment all 12% Notes or portions thereof properly tendered pursuant to the Change of Control Offer;
- (2) deposit with the Paying Agent an amount equal to the Change of Control Payment in respect of all 12% Notes or portions thereof so tendered; and
- (3) deliver or cause to be delivered to the Trustee the 12% Notes so accepted together with an Officers' Certificate stating the aggregate principal amount of 12% Notes or portions thereof being purchased by Spectrum Brands.

The Paying Agent will promptly mail or wire transfer to each Holder of 12% Notes so tendered the Change of Control Payment for such 12% Notes, and the Trustee will promptly authenticate and mail (or cause to be transferred by book entry) to each Holder a new Note equal in principal amount to any unpurchased portion of

[Table of Contents](#)

the 12% Notes surrendered, if any; *provided* that such new Note will be in a principal amount of \$1.00 or an integral multiple thereof.

Prior to complying with any of the provisions of this “Change of Control” covenant, but in any event within 30 days following a Change of Control, Spectrum Brands will either repay all outstanding Senior Debt or obtain the requisite consents, if any, under all agreements governing outstanding Senior Debt to permit the repurchase of 12% Notes required by this covenant. Spectrum Brands will publicly announce the results of the Change of Control Offer on or as soon as practicable after the Change of Control Payment Date.

Spectrum Brands’ senior credit facilities prohibit Spectrum Brands from purchasing any 12% Notes, and also provide that certain change of control events with respect to Spectrum Brands would constitute a default under these agreements. Any future credit agreements or other agreements relating to Senior Debt to which Spectrum Brands becomes a party may contain similar restrictions and provisions. In the event a Change of Control occurs at a time when Spectrum Brands is prohibited from purchasing 12% Notes, Spectrum Brands could seek the consent of its senior lenders to the purchase of 12% Notes or could attempt to refinance the borrowings that contain such prohibition. If Spectrum Brands does not obtain such a consent or repay such borrowings, Spectrum Brands will remain prohibited from purchasing 12% Notes. In such case, Spectrum Brands’ failure to purchase tendered 12% Notes would constitute an Event of Default under the Indenture which would, in turn, constitute a default under such Senior Debt. In such circumstances, the subordination provisions in the Indenture would likely restrict payments to the Holders of 12% Notes.

The provisions described above that require Spectrum Brands to make a Change of Control Offer following a Change of Control will be applicable regardless of whether any other provisions of the Indenture are applicable.

Spectrum Brands will not be required to make a Change of Control Offer upon a Change of Control if a third party makes the Change of Control Offer in the manner, at the times and otherwise in compliance with the requirements set forth in the Indenture applicable to a Change of Control Offer made by Spectrum Brands and purchases all 12% Notes validly tendered and not withdrawn under such Change of Control Offer.

The definition of Change of Control includes a phrase relating to the direct or indirect sale, lease, transfer, conveyance or other disposition of “all or substantially all” of the properties or assets of Spectrum Brands and its Subsidiaries taken as a whole. Although there is a limited body of case law interpreting the phrase “substantially all,” there is no precise established definition of the phrase under applicable law. Accordingly, the ability of a Holder of the 12% Notes to require Spectrum Brands to repurchase such 12% Notes as a result of a sale, lease, transfer, conveyance or other disposition of less than all of the assets of Spectrum Brands and its Subsidiaries taken as a whole to another Person or group may be uncertain.

Asset Sales

Spectrum Brands will not, and will not permit any of its Restricted Subsidiaries to, consummate an Asset Sale unless:

(1) Spectrum Brands (or the Restricted Subsidiary, as the case may be) receives consideration at the time of such Asset Sale at least equal to the fair market value of the assets or Equity Interests issued or sold or otherwise disposed of;

(2) such fair market value is determined by Spectrum Brands’ Board of Directors and evidenced by a resolution of the Board of Directors set forth in an Officers’ Certificate delivered to the Trustee; and

(3) at least 75% of the consideration therefor received by Spectrum Brands or such Restricted Subsidiary is in the form of cash or Replacement Assets or a combination of both. For purposes of this clause, each of the following shall be deemed to be cash:

(a) any liabilities (as shown on Spectrum Brands’ or such Restricted Subsidiary’s most recent balance sheet) of Spectrum Brands or any Restricted Subsidiary (other than contingent liabilities, Indebtedness that is by its terms subordinated to the 12% Notes or any Note Guarantee and liabilities to

[Table of Contents](#)

the extent owed to Spectrum Brands or any Affiliate of Spectrum Brands) that are assumed by the transferee of any such assets pursuant to a written novation agreement that releases Spectrum Brands or such Restricted Subsidiary from further liability; and

(b) any securities, notes or other obligations received by Spectrum Brands or any such Restricted Subsidiary from such transferee that are converted by Spectrum Brands or such Restricted Subsidiary into cash (to the extent of the cash received in that conversion) within 90 days of the applicable Asset Sale.

Within 360 days after the receipt of any Net Proceeds from an Asset Sale, Spectrum Brands may apply such Net Proceeds at its option:

(1) to repay Senior Debt and, if the Senior Debt repaid is revolving credit Indebtedness, to correspondingly reduce commitments with respect thereto;

or

(2) to purchase Replacement Assets or make a capital expenditure in or that is used or useful in a Permitted Business.

Pending the final application of any such Net Proceeds, Spectrum Brands may temporarily reduce revolving credit borrowings or otherwise invest such Net Proceeds in any manner that is not prohibited by the Indenture.

Any Net Proceeds from Asset Sales that are not applied or invested as provided in clause (1) or (2) of the preceding paragraph will constitute “Excess Proceeds.” Within 10 days after the aggregate amount of Excess Proceeds exceeds \$20.0 million, Spectrum Brands will make an Asset Sale Offer to all Holders of the 12% Notes and all holders of other Indebtedness that is *pari passu* with the 12% Notes or any Note Guarantee containing provisions similar to those set forth in the Indenture with respect to offers to purchase with the proceeds of sales of assets, to purchase the maximum principal amount of the 12% Notes and such other *pari passu* Indebtedness that may be purchased out of the Excess Proceeds. The offer price in any Asset Sale Offer will be equal to 100% of the principal amount of the 12% Notes and such other *pari passu* Indebtedness plus accrued and unpaid interest to the date of purchase, and will be payable in cash. If any Excess Proceeds remain after consummation of an Asset Sale Offer, Spectrum Brands may use such Excess Proceeds for any purpose not otherwise prohibited by the Indenture. If the aggregate principal amount of the 12% Notes and such other *pari passu* Indebtedness tendered into such Asset Sale Offer exceeds the amount of Excess Proceeds, the 12% Notes and such other *pari passu* Indebtedness shall be purchased on a *pro rata* basis based on the principal amount of the 12% Notes and such other *pari passu* Indebtedness tendered. Upon completion of each Asset Sale Offer, the amount of Excess Proceeds shall be reset at zero.

Spectrum Brands will comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder to the extent such laws and regulations are applicable in connection with each repurchase of the 12% Notes pursuant to an Asset Sale Offer. To the extent that the provisions of any securities laws or regulations conflict with the Asset Sales provisions of the Indenture, Spectrum Brands will comply with the applicable securities laws and regulations and will not be deemed to have breached its obligations under the Asset Sale provisions of the Indenture by virtue of such compliance.

Spectrum Brands’ senior credit facilities also provide that certain asset sale events with respect to Spectrum Brands would constitute a default under these agreements. Any future credit agreements or other agreements relating to Senior Debt to which Spectrum Brands becomes a party may contain similar restrictions and provisions. In the event an Asset Sale occurs at a time when Spectrum Brands is prohibited from purchasing 12% Notes, Spectrum Brands could seek the consent of its senior lenders to the purchase of 12% Notes or could attempt to refinance the borrowings that contain such prohibition. If Spectrum Brands does not obtain such a consent or repay such borrowings, Spectrum Brands will remain prohibited from purchasing 12% Notes. In such case, Spectrum Brands’ failure to purchase tendered 12% Notes would constitute an Event of Default under the Indenture which would, in turn, constitute a default under such Senior Debt. In such circumstances, the subordination provisions in the Indenture would likely restrict payments to the Holders of the 12% Notes.

Certain Covenants

Restricted Payments

(A) Spectrum Brands will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly:

(1) declare or pay any dividend or make any other payment or distribution on account of Spectrum Brands' or any of its Restricted Subsidiaries' Equity Interests (including, without limitation, any payment in connection with any merger or consolidation involving Spectrum Brands or any of its Restricted Subsidiaries) or to the direct or indirect holders of Spectrum Brands' or any of its Restricted Subsidiaries' Equity Interests in their capacity as such (other than dividends, payments or distributions payable in Equity Interests (other than Disqualified Stock) of Spectrum Brands or to Spectrum Brands or a Restricted Subsidiary of Spectrum Brands);

(2) purchase, redeem or otherwise acquire or retire for value (including, without limitation, in connection with any merger or consolidation involving Spectrum Brands) any Equity Interests of Spectrum Brands or any Restricted Subsidiary of Spectrum Brands held by Persons other than Spectrum Brands or any of its Restricted Subsidiaries, other than the purchase, redemption or acquisition or retirement for value of all of the Equity Interests of Microlite not held by Spectrum Brands or any of its Restricted Subsidiaries pursuant to, and in accordance with the terms of, the Microlite Purchase Agreement as in effect on the date of the Indenture to the extent the cash purchase price does not exceed \$10.0 million;

(3) make any payment on or with respect to, or purchase, redeem, defease or otherwise acquire or retire for value any Indebtedness that is subordinated to the 12% Notes or the Note Guarantees, except (a) payments of interest on or after Stated Maturity thereof, (b) payments, purchases, redemptions, defeasances or other acquisitions or retirements for value of principal on or after the date that is 90 days prior to the Stated Maturity thereof or (c) payments on Indebtedness permitted to be incurred pursuant to clause 6 of the covenant described below under the caption "—Incurrence of Indebtedness and Issuance of Preferred Stock," or

(4) make any Restricted Investment (all such payments and other actions set forth in clauses (1) through (4) above being collectively referred to as "Restricted Payments"),

unless, at the time of and after giving effect to such Restricted Payment:

(1) no Default or Event of Default shall have occurred and be continuing or would occur as a consequence thereof; and

(2) Spectrum Brands would, at the time of such Restricted Payment and after giving pro forma effect thereto as if such Restricted Payment had been made at the beginning of the applicable four-quarter period, have been permitted to incur at least \$1.00 of additional Indebtedness pursuant to the Fixed Charge Coverage Ratio test set forth in the first paragraph of the covenant described below under the caption "—Incurrence of Indebtedness and Issuance of Preferred Stock;" and

(a) 50% of the Consolidated Net Income of Spectrum Brands for the period (taken as one accounting period) from the beginning of the first fiscal quarter commencing after the Issue Date to the end of Spectrum Brands' most recently ended fiscal quarter for which internal financial statements are available at the time of such Restricted Payment (or, if such Consolidated Net Income for such period is a deficit, less 100% of such deficit); *plus*

(b) 100% of the aggregate net cash proceeds received by Spectrum Brands since the Issue Date as a contribution to its common equity capital or from the issue or sale of Equity Interests of Spectrum

(c) with respect to Restricted Investments made by Spectrum Brands and its Restricted Subsidiaries after the date of Issue Date, an amount equal to the net reduction in Investments (other than reductions in Permitted Investments) in any Person resulting from repayments of loans or advances, or other transfers of assets, in each case to Spectrum Brands or any Restricted Subsidiary or from the net cash proceeds from the sale of any such Investment (except, in each case, to the extent any such payment or proceeds are included in the calculation of Consolidated Net Income, from the release of any Guarantee (except to the extent any amounts are paid under such Guarantee) or from redesignations of Unrestricted Subsidiaries as Restricted Subsidiaries, not to exceed, in each case, the amount of Investments previously made by Spectrum Brands or any Restricted Subsidiary in such Person or Unrestricted Subsidiary; *plus*

(d) \$50.0 million.

(B) So long as no Default has occurred and is continuing or would be caused thereby, the preceding provisions will not prohibit:

(1) the payment of any dividend within 60 days after the date of declaration thereof, if at said date of declaration such payment would have complied with the provisions of the Indenture;

(2) the redemption, repurchase, retirement, defeasance or other acquisition of any subordinated Indebtedness of Spectrum Brands or any Guarantor or of any Equity Interests of Spectrum Brands or any Guarantor in exchange for, or out of the net cash proceeds of a contribution to the common equity of Spectrum Brands or a substantially concurrent sale (other than to a Subsidiary of Spectrum Brands) of, Equity Interests of Spectrum Brands (other than Disqualified Stock); *provided* that the amount of any such net cash proceeds that are utilized for any such redemption, repurchase, retirement, defeasance or other acquisition shall be excluded from clause (3) (b) of the preceding paragraph (A);

(3) the defeasance, redemption, repurchase or other acquisition of subordinated Indebtedness of Spectrum Brands or any Guarantor with the net cash proceeds from an incurrence of Permitted Refinancing Indebtedness;

(4) the payment of any dividend by a Restricted Subsidiary of Spectrum Brands to the holders of its common Equity Interests on a *pro rata* basis;

interest, however designated) of such Restricted Subsidiary for fair market value; *provided* that the aggregate price paid for all such repurchased, redeemed, acquired or retired Equity Interests shall not exceed \$20.0 million; or

(9) the payment, repurchase, redemption, defeasance or other acquisition or retirement for value of any subordinated Indebtedness required in accordance with provisions applicable thereto similar to those described under the “Asset Sales” and “Change of Control” covenants; *provided* that all 12% Notes tendered by Holders in connection with a Change of Control Offer or Asset Sale Offer, as applicable, have been repurchased, redeemed or acquired for value.

The amount of all Restricted Payments (other than cash) shall be the fair market value on the date of the Restricted Payment of the asset(s) or securities proposed to be transferred or issued to or by Spectrum Brands or such Subsidiary, as the case may be, pursuant to the Restricted Payment. The fair market value of any assets or securities that are required to be valued by this covenant shall be determined by the Board of Directors whose resolution with respect thereto shall be delivered to the Trustee. Not later than the date of making any Restricted Payment, Spectrum Brands shall deliver to the Trustee an Officers’ Certificate stating that such Restricted Payment is permitted and setting forth the basis upon which the calculations required by this “Restricted Payments” covenant were computed, together with a copy of any fairness opinion or appraisal required by the Indenture.

Incurrence of Indebtedness and Issuance of Preferred Stock

Spectrum Brands will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, incur any Indebtedness (including Acquired Debt), and Spectrum Brands will not permit any of its Restricted Subsidiaries to issue any preferred stock; *provided, however*, that Spectrum Brands or any Restricted Subsidiary of Spectrum Brands may incur Indebtedness, if the Fixed Charge Coverage Ratio for Spectrum Brands’ most recently ended four full fiscal quarters for which internal financial statements are available immediately preceding the date on which such additional Indebtedness is incurred would have been at least 2.0 to 1, determined on a *pro forma* basis (including a *pro forma* application of the net proceeds therefrom), as if the additional Indebtedness had been incurred at the beginning of such four-quarter period.

So long as no Default shall have occurred and be continuing or would be caused thereby, the first paragraph of this covenant will not prohibit the incurrence of any of the following items of Indebtedness (collectively, “Permitted Debt”):

(1) the incurrence by Spectrum Brands or any Restricted Subsidiary of Spectrum Brands of Indebtedness under Credit Facilities (and the incurrence of Guarantees thereof) in an aggregate principal amount at any one time outstanding pursuant to this clause (1) (with letters of credit being deemed to have a principal amount equal to the maximum potential liability of Spectrum Brands and its Restricted Subsidiaries thereunder) not to exceed \$1.6 billion, *less* the aggregate amount of all Net Proceeds of Asset Sales applied by Spectrum Brands or any Restricted Subsidiary to permanently repay any such Indebtedness (and, in the case of any revolving credit Indebtedness, to effect a corresponding commitment reduction thereunder) pursuant to the covenant “—Repurchase at the Option of Holders—Asset Sales”;

(2) the incurrence of Existing Indebtedness;

(3) the incurrence by Spectrum Brands and the Guarantors of Indebtedness represented by the 12% Notes (including any Additional Notes) and the related Note Guarantees;

(4) the incurrence by Spectrum Brands or any Restricted Subsidiary of Spectrum Brands of Indebtedness represented by Capital Lease Obligations, mortgage financings or purchase money obligations, in each case, incurred for the purpose of financing all or any part of the purchase price or cost of construction or improvement of property, plant or equipment used in the business of Spectrum Brands or such Guarantor, in an aggregate principal amount, including all Permitted Refinancing Indebtedness

incurred to refund, refinance or replace any Indebtedness incurred pursuant to this clause (4), not to exceed, at any time outstanding, the greater of (a) \$50.0 million and (b) 10% of Consolidated Net Tangible Assets of Spectrum Brands;

(5) the incurrence by Spectrum Brands or any Restricted Subsidiary of Spectrum Brands of Permitted Refinancing Indebtedness in exchange for, or the net proceeds of which are used to refund, refinance or replace Indebtedness (other than intercompany Indebtedness) that was permitted by the Indenture to be incurred under the first paragraph of this covenant or clauses (2), (3), (4), (5), or (8) of this paragraph;

(6) the incurrence by Spectrum Brands or any of its Restricted Subsidiaries of intercompany Indebtedness owing to and held by Spectrum Brands or any of its Restricted Subsidiaries; *provided, however*, that:

(a) if Spectrum Brands or any Guarantor is the obligor on such Indebtedness, such Indebtedness must be unsecured and expressly subordinated to the prior payment in full in cash of all Obligations with respect to the 12% Notes, in the case of Spectrum Brands, or the Note Guarantee, in the case of a Guarantor;

(b) Indebtedness owed to Spectrum Brands or any Guarantor must be evidenced by an unsubordinated promissory note, unless the obligor under such Indebtedness is Spectrum Brands or a Guarantor; and

(c)(i) any subsequent issuance or transfer of Equity Interests that results in any such Indebtedness being held by a Person other than Spectrum Brands or a Restricted Subsidiary thereof and (ii) any sale or other transfer of any such Indebtedness to a Person that is not either Spectrum Brands or a Restricted Subsidiary thereof, shall be deemed, in each case, to constitute an incurrence of such Indebtedness by Spectrum Brands or such Restricted Subsidiary, as the case may be, that was not permitted by this clause (6);

(7) the Guarantee by Spectrum Brands or any Restricted Subsidiary of Spectrum Brands of Indebtedness of Spectrum Brands or a Restricted Subsidiary of Spectrum Brands that was permitted to be incurred by another provision of this covenant;

(8) the incurrence by Spectrum Brands or any Restricted Subsidiary of Spectrum Brands of additional Indebtedness in an aggregate principal amount (or accreted value, as applicable) at any time outstanding, including all Permitted Refinancing Indebtedness incurred to refund, refinance or replace any Indebtedness incurred pursuant to this clause (8), not to exceed \$50.0 million; and

(9) the incurrence of Indebtedness by Spectrum Brands or any Restricted Subsidiary of Spectrum Brands arising from the honoring by a bank or other financial institution of a check, draft or similar instrument inadvertently (except in the case of daylight overdrafts) drawn against insufficient funds in the ordinary course of business; *provided* that such Indebtedness is extinguished within five Business Days of incurrence.

For purposes of determining compliance with this “Incurrence of Indebtedness and Issuance of Preferred Stock” covenant, in the event that any proposed Indebtedness meets the criteria of more than one of the categories of Permitted Debt described in clauses (1) through (9) above, or is entitled to be incurred pursuant to the first paragraph of this covenant, Spectrum Brands will be permitted to classify at the time of its incurrence such item of Indebtedness in any manner that complies with this covenant. Indebtedness under Credit Facilities outstanding on the date on which 12% Notes are first issued under the Indenture shall be deemed to have been incurred on such date in reliance on the exception provided by clause (1) of the definition of Permitted Debt. In addition, any Indebtedness originally classified as incurred pursuant to clauses (1) through (9) above may later be reclassified by Spectrum Brands such that it will be deemed as having been incurred pursuant to another of such clauses to the extent that such reclassified Indebtedness could be incurred pursuant to such new clause at the time of such reclassification.

[Table of Contents](#)

Notwithstanding any other provision of this “Limitation on Indebtedness” covenant, the maximum amount of Indebtedness that may be Incurred pursuant to this “Limitation on Indebtedness” covenant will not be deemed to be exceeded, with respect to any outstanding Indebtedness due solely to the result of fluctuations in the exchange rates of currencies.

Limitation on Senior Subordinated Debt

Spectrum Brands shall not incur any Indebtedness that is subordinate or junior in right of payment to any Senior Debt of Spectrum Brands unless it is *pari passu* or subordinate in right of payment to the 12% Notes to the same extent. No Guarantor shall incur any Indebtedness that is subordinate or junior in right of payment to the Senior Debt of such Guarantor unless it is *pari passu* or subordinate in right of payment to such Guarantor’s Note Guarantee to the same extent. For purposes of the foregoing, no Indebtedness will be deemed to be subordinate or junior in right of payment to any other Indebtedness of Spectrum Brands or any Guarantor, as applicable, solely by reason of any Liens or Guarantees arising or created in respect thereof or by virtue of the fact that the holders of any secured Indebtedness have entered into intercreditor agreements giving one or more of such holders priority over the other holders in the collateral held by them.

Liens

Spectrum Brands will not, and will not permit any of its Restricted Subsidiaries to, create, incur, assume or otherwise cause or suffer to exist or become effective any Lien of any kind securing Indebtedness (other than Permitted Liens) upon any of their property or assets, now owned or hereafter acquired, unless all payments due under the Indenture and the 12% Notes are secured on an equal and ratable basis with the obligations so secured until such time as such obligations are no longer secured by a Lien.

Dividend and Other Payment Restrictions Affecting Restricted Subsidiaries

Spectrum Brands will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, create or permit to exist or become effective any consensual encumbrance or restriction on the ability of any Restricted Subsidiary to:

- (1) pay dividends or make any other distributions on its Capital Stock (or with respect to any other interest or participation in, or measured by, its profits) to Spectrum Brands or any of its Restricted Subsidiaries or pay any liabilities owed to Spectrum Brands or any of its Restricted Subsidiaries;
- (2) make loans or advances to Spectrum Brands or any of its Restricted Subsidiaries; or
- (3) transfer any of its properties or assets to Spectrum Brands or any of its Restricted Subsidiaries.

However, the preceding restrictions will not apply to encumbrances or restrictions existing under or by reason of or with respect to:

- (1) the Credit Agreement, the Exit Facility, Existing Indebtedness or any other agreements in effect on the Issue Date and any amendments, modifications, restatements, renewals, extensions, supplements, refundings, replacements or refinancings thereof, *provided* that the encumbrances and restrictions in any such amendments, modifications, restatements, renewals, extensions, supplements, refundings, replacement or refinancings are no more restrictive, taken as a whole, than those in effect on the Issue Date;
- (2) applicable law, rule, regulation or order;
- (3) any Person or the property or assets of a Person acquired by Spectrum Brands or any of its Restricted Subsidiaries existing at the time of such acquisition and not incurred in connection with or in contemplation of such acquisition, which encumbrance or restriction is not applicable to any Person or the properties or assets of any Person, other than the Person, or the property or assets of the Person, so acquired and any amendments, modifications, restatements, renewals, extensions, supplements, refundings, replacements or refinancings thereof, *provided* that the encumbrances and restrictions in any such

amendments, modifications, restatements, renewals, extensions, supplements, refundings, replacement or refinancings are no more restrictive, taken as a whole, than those contained in the Credit Agreement, the Exit Facility, Existing Indebtedness or such other agreements as in effect on the date of the acquisition;

(4) in the case of clause (3) of the first paragraph of this covenant:

(a) provisions that restrict in a customary manner the subletting, assignment or transfer of any property or asset that is a lease, license, conveyance or contract or similar property or asset;

(b) restrictions existing by virtue of any transfer of, agreement to transfer, option or right with respect to, or Lien on, any property or assets of Spectrum Brands or any Restricted Subsidiary not otherwise prohibited by the Indenture; or

(c) restrictions arising or agreed to in the ordinary course of business, not relating to any Indebtedness, and that do not, individually or in the aggregate, detract from the value of property or assets of Spectrum Brands or any Restricted Subsidiary in any manner material to Spectrum Brands or any Restricted Subsidiary;

(5) provisions with respect to the disposition or distribution of assets or property in joint venture agreements and other similar agreements entered into in the ordinary course of business;

(6) any agreement for the sale or other disposition of all or substantially all of the capital stock of, or property and assets of, a Restricted Subsidiary that restricts distributions by that Restricted Subsidiary pending such sale or other disposition; and

(7) Indebtedness of a Foreign Subsidiary permitted to be incurred under the Indenture; provided that (a) such encumbrances or restrictions are ordinary and customary with respect to the type of Indebtedness being incurred and (b) such encumbrances or restrictions will not affect Spectrum Brands' ability to make principal and interest payments on the 12% Notes, as determined in good faith by the Board of Directors of Spectrum Brands.

Merger, Consolidation or Sale of Assets

Spectrum Brands will not, directly or indirectly: (1) consolidate or merge with or into another Person (whether or not Spectrum Brands is the surviving corporation) or (2) sell, assign, transfer, convey or otherwise dispose of all or substantially all of the properties and assets of Spectrum Brands and its Restricted Subsidiaries taken as a whole, in one or more related transactions, to another Person or Persons, unless:

(1) either: (a) Spectrum Brands is the surviving corporation; or (b) the Person formed by or surviving any such consolidation or merger (if other than Spectrum Brands) or to which such sale, assignment, transfer, conveyance or other disposition shall have been made (i) is a corporation organized or existing under the laws of the United States, any state thereof or the District of Columbia and (ii) assumes all the obligations of Spectrum Brands under the 12% Notes and the Indenture pursuant to agreements reasonably satisfactory to the Trustee;

(2) immediately after giving effect to such transaction no Default or Event of Default exists;

(3) immediately after giving effect to such transaction on a *pro forma* basis, Spectrum Brands or the Person formed by or surviving any such consolidation or merger (if other than Spectrum Brands), or to which such sale, assignment, transfer, conveyance or other disposition shall have been made, will, on the date of such transaction after giving *pro forma* effect thereto and any related financing transactions as if the same had occurred at the beginning of the applicable four-quarter period, be permitted to incur at least \$1.00 of additional Indebtedness pursuant to the Fixed Charge Coverage Ratio test set forth in the first paragraph of the covenant described above under the caption “—Incurrence of Indebtedness and Issuance of Preferred Stock”; and

(4) each Guarantor, unless such Guarantor is the Person with which Spectrum Brands has entered into a transaction under this “Consolidation, Merger or Sale of Assets” covenant, shall have by amendment to its Note Guarantee confirmed that its Note Guarantee shall apply to the obligations of Spectrum Brands or the surviving Person in accordance with the 12% Notes and the Indenture.

[Table of Contents](#)

In addition, neither Spectrum Brands nor any Restricted Subsidiary may, directly or indirectly, lease all or substantially all of its properties or assets, in one or more related transactions, to any other Person. Clause (3) above of this “Merger, Consolidation or Sale of Assets” covenant will not apply to any merger, consolidation or sale, assignment, transfer, lease, conveyance or other disposition of assets between or among Spectrum Brands and any of its Restricted Subsidiaries.

Transactions with Affiliates

Spectrum Brands will not, and will not permit any of its Restricted Subsidiaries to, make any payment to, or sell, lease, transfer or otherwise dispose of any of its properties or assets to, or purchase any property or assets from, or enter into, make, amend, renew or extend any transaction, contract, agreement, understanding, loan, advance or Guarantee with, or for the benefit of, any Affiliate (each, an “*Affiliate Transaction*”), unless:

(1) such Affiliate Transaction is on terms that are no less favorable to Spectrum Brands or the relevant Restricted Subsidiary than those that would have been obtained in a comparable arm’s-length transaction by Spectrum Brands or such Restricted Subsidiary with a Person that is not an Affiliate of Spectrum Brands; and

(2) Spectrum Brands delivers to the Trustee:

(a) with respect to any Affiliate Transaction or series of related Affiliate Transactions involving aggregate consideration in excess of \$10.0 million, a resolution of the Board of Directors set forth in an Officers’ Certificate certifying that such Affiliate Transaction or series of related Affiliate Transactions complies with this covenant and that such Affiliate Transaction or series of related Affiliate Transactions has been approved by a majority of the disinterested members of the Board of Directors; and

(b) with respect to any Affiliate Transaction or series of related Affiliate Transactions involving aggregate consideration in excess of \$25.0 million, an opinion as to the fairness to Spectrum Brands or such Restricted Subsidiary of such Affiliate Transaction or series of related Affiliate Transactions from a financial point of view issued by an independent accounting, appraisal or investment banking firm of national standing.

The following items shall not be deemed to be Affiliate Transactions and, therefore, will not be subject to the provisions of the prior paragraph:

(1) transactions between or among Spectrum Brands and/or its Restricted Subsidiaries;

(2) payment of reasonable and customary fees and compensation to, and reasonable and customary indemnification arrangements and similar payments on behalf of, directors of Spectrum Brands;

(3) Restricted Payments that are permitted by the provisions of the Indenture described above under the caption “—Restricted Payments;”

(4) any sale of Capital Stock (other than Disqualified Stock) of Spectrum Brands;

(5) loans and advances to officers and employees of Spectrum Brands or any of its Restricted Subsidiaries for bona fide business purposes in the ordinary course of business consistent with past practice;

(6) any employment, consulting, service or termination agreement, or reasonable and customary indemnification arrangements, entered into by Spectrum Brands or any of its Restricted Subsidiaries with officers and employees of Spectrum Brands or any of its Restricted Subsidiaries and the payment of compensation to officers and employees of Spectrum Brands or any of its Restricted Subsidiaries (including amounts paid pursuant to employee benefit plans, employee stock option or similar plans), in each case in the ordinary course of business; and

[Table of Contents](#)

(7) any agreements or arrangements in effect on the Issue Date, or any amendment, modification, or supplement thereto or any replacement thereof, as long as such agreement or arrangement, as so amended, modified, supplemented or replaced, taken as a whole, is not more disadvantageous to Spectrum Brands and its Restricted Subsidiaries than the original agreement as in effect on the Issue Date, as determined in good faith by Spectrum Brands' Board of Directors, and any transactions contemplated by any of the foregoing agreements or arrangements.

Designation of Restricted and Unrestricted Subsidiaries

The Board of Directors may designate any Restricted Subsidiary to be an Unrestricted Subsidiary; *provided that*:

(1) any Guarantee by Spectrum Brands or any Restricted Subsidiary of any Indebtedness of the Subsidiary being so designated will be deemed to be an incurrence of Indebtedness by Spectrum Brands or such Restricted Subsidiary (or both, if applicable) at the time of such designation, and such incurrence of Indebtedness would be permitted under the covenant described above under the caption “—Certain Covenants—Incurrence of Indebtedness and Issuance of Preferred Stock;”

(2) the aggregate fair market value of all outstanding Investments owned by Spectrum Brands and its Restricted Subsidiaries in the Subsidiary being so designated (including any Guarantee by Spectrum Brands or any Restricted Subsidiary of any Indebtedness of such Subsidiary) will be deemed to be a Restricted Investment made as of the time of such designation and that such Investment would be permitted under the covenant described above under the caption “—Certain Covenants—Restricted Payments;”

(3) such Subsidiary does not own any Equity Interests of, or hold any Liens on any Property of, Spectrum Brands or any Restricted Subsidiary;

(4) the Subsidiary being so designated:

(a) is not party to any agreement, contract, arrangement or understanding with Spectrum Brands or any Restricted Subsidiary of Spectrum Brands unless the terms of any such agreement, contract, arrangement or understanding are no less favorable to Spectrum Brands or such Restricted Subsidiary than those that might be obtained at the time from Persons who are not Affiliates of Spectrum Brands;

(b) is a Person with respect to which neither Spectrum Brands nor any of its Restricted Subsidiaries has any direct or indirect obligation (a) to subscribe for additional Equity Interests or (b) to maintain or preserve such Person's financial condition or to cause such Person to achieve any specified levels of operating results;

(c) has not Guaranteed or otherwise directly or indirectly provided credit support for any Indebtedness of Spectrum Brands or any of its Restricted Subsidiaries, except to the extent such Guarantee or credit support would be released upon such designation; and

(d) has at least one director on its Board of Directors that is not a director or officer of Spectrum Brands or any of its Restricted Subsidiaries and has at least one executive officer that is not a director or officer of Spectrum Brands or any of its Restricted Subsidiaries; and

(5) no Default or Event of Default would be in existence following such designation.

Any designation of a Restricted Subsidiary of Spectrum Brands as an Unrestricted Subsidiary shall be evidenced to the Trustee by filing with the Trustee a certified copy of the resolution of the Board of Directors giving effect to such designation and an Officers' Certificate certifying that such designation complied with the preceding conditions and was permitted by the Indenture. If, at any time, any Unrestricted Subsidiary would fail to meet any of the preceding requirements described in clause (4) above, it shall thereafter cease to be an Unrestricted Subsidiary for purposes of the Indenture and any Indebtedness, Investments, or Liens on the property, of such Subsidiary shall be deemed to be incurred by a Restricted Subsidiary of Spectrum Brands as of such date and, if such Indebtedness, Investments or Liens are not permitted to be incurred as of such date under the Indenture, Spectrum Brands shall be in default under the Indenture.

[Table of Contents](#)

The Board of Directors of Spectrum Brands may at any time designate any Unrestricted Subsidiary to be a Restricted Subsidiary; *provided* that:

(1) such designation shall be deemed to be an incurrence of Indebtedness by a Restricted Subsidiary of Spectrum Brands of any outstanding Indebtedness of such Unrestricted Subsidiary and such designation shall only be permitted if such Indebtedness is permitted under the covenant described under the caption “—Certain Covenants—Incurrence of Indebtedness and Issuance of Preferred Stock,” calculated on a pro forma basis as if such designation had occurred at the beginning of the four-quarter reference period;

(2) all outstanding Investments owned by such Unrestricted Subsidiary will be deemed to be made as of the time of such designation and such Investments shall only be permitted if such Investments would be permitted under the covenant described above under the caption “—Certain Covenants—Restricted Payments;”

(3) all Liens upon property or assets of such Unrestricted Subsidiary existing at the time of such designation would be permitted under the caption “—Certain Covenants—Liens;” and

(4) no Default or Event of Default would be in existence following such designation.

Limitation on Issuances and Sales of Equity Interests in Restricted Subsidiaries

Spectrum Brands will not transfer, convey, sell, lease or otherwise dispose of, and will not permit any of its Restricted Subsidiaries to, issue, transfer, convey, sell, lease or otherwise dispose of any Equity Interests in any Restricted Subsidiary of Spectrum Brands to any Person (other than Spectrum Brands or a Restricted Subsidiary of Spectrum Brands or, if necessary, shares of its Capital Stock constituting directors’ qualifying shares or issuances of shares of Capital Stock of foreign Restricted Subsidiaries to foreign nationals, to the extent required by applicable law), except:

(1) if, immediately after giving effect to such issuance, transfer, conveyance, sale, lease or other disposition, such Restricted Subsidiary would no longer constitute a Restricted Subsidiary and any Investment in such Person remaining after giving effect to such issuance or sale would have been permitted to be made under the “Restricted Payments” covenant if made on the date of such issuance or sale and the cash Net Proceeds from such transfer, conveyance, sale, lease or other disposition are applied in accordance with the covenant described above under the caption “—Repurchase at the Option of Holders—Asset Sales;” or

(2) other sales of Capital Stock of a Restricted Subsidiary by Spectrum Brands or a Restricted Subsidiary, *provided* that Spectrum Brands or such Restricted Subsidiary complies with the covenant described above under the caption “—Repurchase at the Option of Holders—Asset Sales.”

Guarantees

If Spectrum Brands or any of its Restricted Subsidiaries acquires or creates another Domestic Subsidiary on or after the Issue Date, then that newly acquired or created Domestic Subsidiary must become a Guarantor and execute a supplemental indenture and deliver an Opinion of Counsel to the Trustee.

Spectrum Brands will not permit any of its Restricted Subsidiaries, directly or indirectly, to Guarantee or pledge any assets to secure the payment of any other Indebtedness of Spectrum Brands or any Restricted Subsidiary thereof, other than Foreign Subsidiaries, unless such Restricted Subsidiary is a Guarantor or simultaneously executes and delivers a supplemental indenture providing for the Guarantee of the payment of the 12% Notes by such Restricted Subsidiary, which Guarantee shall be senior to or *pari passu* with such Subsidiary’s Guarantee of such other Indebtedness unless such other Indebtedness is Senior Debt, in which case the Guarantee of the 12% Notes may be subordinated to the Guarantee of such Senior Debt to the same extent as the 12% Notes are subordinated to such Senior Debt. The form of the Notation of Guarantee will be attached as an exhibit to the Indenture.

Table of Contents

A Guarantor may not sell or otherwise dispose of all or substantially all of its assets to, or consolidate with or merge with or into (whether or not such Guarantor is the surviving Person), another Person, other than Spectrum Brands or another Guarantor, unless:

- (1) immediately after giving effect to that transaction, no Default or Event of Default exists; and
- (2) either:

(a) the Person acquiring the property in any such sale or disposition or the Person formed by or surviving any such consolidation or merger (if other than the Guarantor) is a corporation organized or existing under the laws of the United States, any state thereof or the District of Columbia and assumes all the obligations of that Guarantor under the Indenture and its Note Guarantee pursuant to a supplemental indenture satisfactory to the Trustee; or

(b) such sale or other disposition or consolidation or merger complies with the covenant described above under the caption “—Repurchase at the Option of Holders—Asset Sales.”

The Note Guarantee of a Guarantor will be released:

(1) in connection with any sale or other disposition of all of the Capital Stock of a Guarantor to a Person that is not (either before or after giving effect to such transaction) an Affiliate of Spectrum Brands, if the sale of all such Capital Stock of that Guarantor complies with the covenant described above under the caption “—Repurchase at the Option of Holders—Asset Sales;”

(2) if Spectrum Brands properly designates any Restricted Subsidiary that is a Guarantor as an Unrestricted Subsidiary under the Indenture; or

(3) solely in the case of a Note Guarantee created pursuant to the first paragraph of this covenant, upon the release or discharge of the Guarantee which resulted in the creation of such Note Guarantee pursuant to this covenant “—Certain Covenants—Guarantees,” except a discharge or release by or as a result of payment under such Guarantee.

Payments for Consent

Spectrum Brands will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, pay or cause to be paid any consideration to or for the benefit of any Holder of 12% Notes for or as an inducement to any consent, waiver or amendment of any of the terms or provisions of the Indenture or the 12% Notes unless such consideration is offered to be paid and is paid to all Holders of the 12% Notes that consent, waive or agree to amend in the time frame set forth in the solicitation documents relating to such consent, waiver or agreement.

Reports

Within 60 days after each May 15 beginning with the May 15 following the Issue Date, and for so long as 12% Notes remain outstanding, the Trustee shall mail to the Holders of the 12% Notes a brief report dated as of such reporting date that complies with Section 313(a) of the Trust Indenture Act (but if no event described in Section 313(a) of the Trust Indenture Act has occurred within the twelve months preceding the reporting date, no report need be transmitted). The Trustee also shall comply with Section 313(b)(2) of the Trust Indenture Act. The Trustee shall also transmit by mail all reports as required by Section 313(c) of the Trust Indenture Act.

A copy of each report at the time of its mailing to the Holders of the 12% Notes shall be mailed to Spectrum Brands and filed with the SEC and each stock exchange on which the 12% Notes are listed in accordance with Section 313(d) of the Trust Indenture Act. Spectrum Brands shall promptly notify the Trustee when the 12% Notes are listed on any securities exchange or of any delisting thereof.

Table of Contents

In addition, so long as any 12% Notes are outstanding, Spectrum Brands will furnish to the Trustee and, upon request, to the Holders:

(1) within 90 days after the end of each fiscal year, annual financial information that would be required to be contained in a filing with the Commission on Form 10-K if Spectrum Brands were required to file such form, including a “Management’s Discussion and Analysis of Financial Condition and Results of Operations” that describes the financial condition and results of operations of Spectrum Brands and its consolidated Subsidiaries and a report thereon by Spectrum Brands’ certified independent accountants;

(2) within 45 days after the end of each of the first three fiscal quarters of each fiscal year, quarterly financial information that would be required to be contained in a filing with the Commission on Form 10-Q if Spectrum Brands were required to file such form, including a “Management’s Discussion and Analysis of Financial Condition and Results of Operations” that describes the financial condition and results of operations of Spectrum Brands and its consolidated Subsidiaries, if any; and

(3) promptly from time to time after the occurrence of an event required to be therein reported pursuant to certain items on Form 8-K, the information that would be required to be filed with the Commission on Form 8-K if Spectrum Brands were required to file such reports,

provided, however, that (a) reports provided pursuant to clauses (1) and (2) shall not be required to comply with sections 302, 906 and 404 of the Sarbanes Oxley Act of 2002, and Items 307, 308 and 402 of Regulation S-K; or (b) reports provided pursuant to clauses (1), (2) and (3) shall not be required to comply with Regulation G under the Exchange Act or item 10(e) of Regulation S-K with respect to any non-GAAP financial information contained therein.

Spectrum Brands shall (a) distribute such information and such reports (as well as the details regarding the conference call described below) electronically to the Trustee, and (b) make them available, upon request, to any Holder and to any beneficial owner of the 12% Notes by posting such information and reports on IntraLinks or a comparable password protected online data system, which will require a confidentiality acknowledgement, and will make such information and reports readily available to any prospective investor, any securities analyst or any market maker in the 12% Notes who (i) agrees to treat such information as confidential or (ii) accesses such information on IntraLinks or such comparable password protected online data system, which will require a confidentiality acknowledgment; provided that if such information is to be provided by means of IntraLinks or a comparable password protected online data system, then Spectrum Brands shall post such information thereon and make readily available any password or other login information to any such prospective investor, securities analyst or market maker.

Spectrum Brands shall hold a quarterly conference call for the Holders and securities analysts to discuss such financial information no later than ten (10) Business Days after distribution of such financial information.

Spectrum Brands shall also make publicly available the information required to be available pursuant to Rule 144(c) under the Securities Act.

Table of Contents

(3) failure by Spectrum Brands or any of its Restricted Subsidiaries to comply with the provisions described under the captions “—Repurchase at the Option of Holders—Change of Control,” “—Repurchase at the Option of Holders—Asset Sales” or “—Certain Covenants—Merger, Consolidation or Sale of Assets” or the provisions described in the third paragraph under the caption “—Certain Covenants—Guarantees;”

(4) failure by Spectrum Brands or any of its Restricted Subsidiaries for 60 days after written notice by the Trustee or Holders representing 25% or more of the aggregate principal amount of 12% Notes outstanding to comply with any of the other agreements in the Indenture;

(a) is caused by a failure to make any payment of principal at the final maturity of such Indebtedness (a “Payment Default”);

(b) results in the acceleration of such Indebtedness prior to its express maturity,

and, in each case, the principal amount of any such Indebtedness, together with the principal amount of any other such Indebtedness under which there has been a Payment Default or the maturity of which has been so accelerated, aggregates \$25.0 million or more;

(6) failure by Spectrum Brands or any of its Restricted Subsidiaries to pay final judgments (to the extent such judgments are not paid or covered by insurance provided by a carrier that has acknowledged coverage in writing and has the ability to perform) aggregating in excess of \$25.0 million, which judgments are not paid, discharged or stayed for a period of 60 days;

(7) except as permitted by the Indenture, any Note Guarantee shall be held in any judicial proceeding to be unenforceable or invalid or shall cease for any reason to be in full force and effect or any Guarantor, or any Person acting on behalf of any Guarantor, shall deny or disaffirm its obligations under its Note Guarantee; and

(8) certain events of bankruptcy or insolvency with respect to Spectrum Brands, any Significant Subsidiary of Spectrum Brands (or any Restricted Subsidiaries that together would constitute a Significant Subsidiary).

In the case of an Event of Default arising from certain events of bankruptcy or insolvency, with respect to Spectrum Brands or any Significant Subsidiary of Spectrum Brands (or any of its Restricted Subsidiaries that together would constitute a Significant Subsidiary), all outstanding 12% Notes will become due and payable immediately without further action or notice. If any other Event of Default occurs and is continuing, the Trustee or the Holders of at least 25% in principal amount of the then outstanding 12% Notes may declare all the 12% Notes to be due and payable immediately by notice in writing to Spectrum Brands specifying the Event of Default.

Holder of the 12% Notes may not enforce the Indenture or the 12% Notes except as provided in the Indenture. Subject to certain limitations, Holders of a majority in principal amount of the then outstanding 12% Notes may direct the Trustee in its exercise of any trust or power. The Trustee may withhold from Holders of the 12% Notes notice of any Default or Event of Default (except a Default or Event of Default relating to the payment of principal or interest) if it determines that withholding notice is in their interest.

The Holders of a majority in aggregate principal amount of the 12% Notes then outstanding by notice to the Trustee may on behalf of the Holders of all of the 12% Notes waive any existing Default or Event of Default and its consequences under the Indenture except a continuing Default or Event of Default in the payment of interest

on, or the principal of, the 12% Notes. The Holders of a majority in principal amount of the then outstanding 12% Notes will have the right to direct the time, method and place of conducting any proceeding for exercising any remedy available to the Trustee. However, the Trustee may refuse to follow any direction that conflicts with law or the Indenture, that may involve the Trustee in personal liability, or that the Trustee determines in good faith may be unduly prejudicial to the rights of Holders of 12% Notes not joining in the giving of such direction and may take any other action it deems proper that is not inconsistent with any such direction received from Holders of 12% Notes. A Holder may not pursue any remedy with respect to the Indenture or the 12% Notes unless:

- (1) the Holder gives the Trustee written notice of a continuing Event of Default;
- (2) the Holders of at least 25% in aggregate principal amount of outstanding 12% Notes make a written request to the Trustee to pursue the remedy;
- (3) such Holder or Holders offer the Trustee indemnity satisfactory to the Trustee against any costs, liability or expense;
- (4) the Trustee does not comply with the request within 60 days after receipt of the request and the offer of indemnity; and
- (5) during such 60-day period, the Holders of a majority in aggregate principal amount of the outstanding 12% Notes do not give the Trustee a direction that is inconsistent with the request.

However, such limitations do not apply to the right of any Holder of a Note to receive payment of the principal of, premium, if any, or interest on, such Note or to bring suit for the enforcement of any such payment, on or after the due date expressed in the 12% Notes, which right shall not be impaired or affected without the consent of the Holder.

In the case of any Event of Default occurring by reason of any willful action or inaction taken or not taken by or on behalf of Spectrum Brands with the intention of avoiding payment of the premium that Spectrum Brands would have had to pay if Spectrum Brands then had elected to redeem the 12% Notes pursuant to the optional redemption provisions of the Indenture, an equivalent premium shall also become and be immediately due and payable to the extent permitted by law upon the acceleration of the 12% Notes. If an Event of Default occurs prior to the date that is three years after the Issue Date, by reason of any willful action (or inaction) taken (or not taken) by or on behalf of Spectrum Brands with the intention of avoiding the prohibition on redemption of the 12% Notes, prior to the date that is three years after the Issue Date, then the applicable premium, if any, specified in the optional redemption provisions of the Indenture shall also become immediately due and payable to the extent permitted by law upon the acceleration of the 12% Notes.

Spectrum Brands is required to deliver to the Trustee annually within 90 days after the end of each fiscal year a statement regarding compliance with the Indenture. Upon becoming aware of any Default or Event of Default, Spectrum Brands is required to deliver to the Trustee a statement specifying such Default or Event of Default.

No Personal Liability of Directors, Officers, Employees and Stockholders

No director, officer, employee, incorporator or stockholder of Spectrum Brands or any Guarantor, as such, shall have any liability for any obligations of Spectrum Brands or the Guarantors under the 12% Notes, the Indenture, the Note Guarantees or for any claim based on, in respect of, or by reason of, such obligations or their creation. Each Holder of 12% Notes by accepting a Note waives and releases all such liability. The waiver and release are part of the consideration for issuance of the 12% Notes.

Legal Defeasance and Covenant Defeasance

Spectrum Brands may, at its option and at any time, elect to have all of its obligations discharged with respect to the outstanding 12% Notes and all obligations of the Guarantors discharged with respect to their Note Guarantees (“Legal Defeasance”) except for:

- (1) the rights of Holders of outstanding 12% Notes to receive payments in respect of the principal of, or interest or premium, if any, on such 12% Notes when such payments are due from the trust referred to below;
- (2) Spectrum Brands’ obligations with respect to the 12% Notes concerning issuing temporary 12% Notes, registration of 12% Notes, mutilated, destroyed, lost or stolen 12% Notes and the maintenance of an office or agency for payment and money for security payments held in trust;
- (3) the rights, powers, trusts, duties and immunities of the Trustee, and Spectrum Brands’ and the Guarantor’s obligations in connection therewith; and
- (4) the Legal Defeasance provisions of the Indenture.

In addition, Spectrum Brands may, at its option and at any time, elect to have the obligations of Spectrum Brands and the Guarantors released with respect to certain covenants that are described in the Indenture (“Covenant Defeasance”) and thereafter any omission to comply with those covenants shall not constitute a Default or Event of Default with respect to the 12% Notes. In the event Covenant Defeasance occurs, certain events (not including non-payment, bankruptcy, receivership, rehabilitation and insolvency events) described under “Events of Default” will no longer constitute Events of Default with respect to the 12% Notes.

In order to exercise either Legal Defeasance or Covenant Defeasance:

- (1) Spectrum Brands must irrevocably deposit with the Trustee, in trust, for the benefit of the Holders of the 12% Notes, cash in U.S. dollars, non-callable Government Securities, or a combination thereof, in such amounts as will be sufficient, in the opinion of a nationally recognized firm of independent public accountants (or, if two or more nationally recognized firms of independent public accountants decline to issue such opinion as a matter of policy, in the opinion of Spectrum Brands’ chief financial officer) to pay the principal of, or interest and premium, if any, on the outstanding 12% Notes on the stated maturity or on the applicable redemption date, as the case may be, and Spectrum Brands must specify whether the 12% Notes are being defeased to maturity or to a particular redemption date;
- (2) in the case of Legal Defeasance, Spectrum Brands shall have delivered to the Trustee an Opinion of Counsel reasonably acceptable to the Trustee confirming that (a) Spectrum Brands has received from, or there has been published by, the Internal Revenue Service a ruling or (b) since the Issue Date, there has been a change in the applicable federal income tax law, in either case to the effect that, and based thereon such Opinion of Counsel shall confirm that, the Holders of the outstanding 12% Notes will not recognize income, gain or loss for federal income tax purposes as a result of such Legal Defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Legal Defeasance had not occurred;
- (3) in the case of Covenant Defeasance, Spectrum Brands shall have delivered to the Trustee an Opinion of Counsel reasonably acceptable to the Trustee confirming that the Holders of the outstanding 12% Notes will not recognize income, gain or loss for federal income tax purposes as a result of such Covenant Defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Covenant Defeasance had not occurred;
- (4) no Default or Event of Default shall have occurred and be continuing either: (a) on the date of such deposit; or (b) insofar as Events of Default from bankruptcy or insolvency events are concerned, at any time in the period ending on the 123rd day after the date of deposit;

[Table of Contents](#)

(5) such Legal Defeasance or Covenant Defeasance will not result in a breach or violation of, or constitute a default under any material agreement or instrument to which Spectrum Brands or any of its Subsidiaries is a party or by which Spectrum Brands or any of its Subsidiaries is bound;

(6) Spectrum Brands must have delivered to the Trustee an Opinion of Counsel to the effect that, (1) assuming no intervening bankruptcy of Spectrum Brands or any Guarantor between the date of deposit and the 123rd day following the deposit and assuming that no Holder is an “insider” of Spectrum Brands under applicable bankruptcy law, after the 123rd day following the deposit, the trust funds will not be subject to the effect of any applicable bankruptcy, insolvency, reorganization or similar laws affecting creditors’ rights generally, including Section 547 of the United States Bankruptcy Code and (2) the creation of the defeasance trust does not violate the Investment Company Act of 1940;

(7) Spectrum Brands must deliver to the Trustee an Officers’ Certificate stating that the deposit was not made by Spectrum Brands with the intent of preferring the Holders of 12% Notes over the other creditors of Spectrum Brands with the intent of defeating, hindering, delaying or defrauding creditors of Spectrum Brands or others;

(8) if the 12% Notes are to be redeemed prior to their stated maturity, Spectrum Brands must deliver to the Trustee irrevocable instructions to redeem all of the 12% Notes on the specified redemption date; and

(9) Spectrum Brands must deliver to the Trustee an Officers’ Certificate and an Opinion of Counsel, each stating that all conditions precedent relating to the Legal Defeasance or the Covenant Defeasance have been complied with.

Amendment, Supplement and Waiver

Except as provided in the next three succeeding paragraphs, the Indenture or the 12% Notes may be amended or supplemented with the consent of the Holders of at least a majority in principal amount of the 12% Notes then outstanding (including, without limitation, consents obtained in connection with a purchase of, or tender offer or exchange offer for, 12% Notes), and any existing Default or Event of Default or compliance with any provision of the Indenture or the 12% Notes may be waived with the consent of the Holders of a majority in principal amount of the then outstanding 12% Notes (including, without limitation, consents obtained in connection with a purchase of, or tender offer or exchange offer for, 12% Notes).

Without the consent of the Holders of at least 75% of the principal amount of the 12% Notes then outstanding (including, without limitation, consents obtained in connection with a purchase of, or tender offer or exchange offer for, 12% Notes), an amendment or waiver may not amend or modify any of the provisions of the Indenture or the related definitions affecting the subordination or ranking of the 12% Notes or any Note Guarantee in any manner adverse to the holders of the 12% Notes or any Note Guarantee.

Without the consent of each Holder affected, an amendment or waiver may not (with respect to any 12% Notes held by a non-consenting Holder):

- (1) reduce the principal amount of the 12% Notes whose Holders must consent to an amendment, supplement or waiver;
- (2) reduce the principal of or change the fixed maturity of any Note or alter the provisions, or waive any payment, with respect to the redemption of the 12% Notes;
- (3) reduce the rate of or change the time for payment of interest on any Note;
- (4) waive a Default or Event of Default in the payment of principal of, or interest or premium, if any, on the 12% Notes (except a rescission of acceleration of the 12% Notes by the Holders of at least a majority in aggregate principal amount of the 12% Notes and a waiver of the payment default that resulted from such acceleration);
- (5) make any Note payable in money other than U.S. dollars;

Table of Contents

(6) make any change in the provisions of the Indenture relating to waivers of past Defaults or the rights of Holders of 12% Notes to receive payments of principal of, or interest or premium, if any, on the 12% Notes;

(7) release any Guarantor from any of its obligations under its Note Guarantee or the Indenture, except in accordance with the terms of the Indenture;

(8) impair the right to institute suit for the enforcement of any payment on or with respect to the 12% Notes or the Note Guarantees;

(9) amend, change or modify the obligation of Spectrum Brands to make and consummate an Asset Sale Offer with respect to any Asset Sale in accordance with the “Repurchase at the Option of Holders—Asset Sales” covenant after the obligation to make such Asset Sale Offer has arisen, or the obligation of Spectrum Brands to make and consummate a Change of Control Offer in the event of a Change of Control in accordance with the “Repurchase at the Option of Holders—Change of Control” covenant after such Change of Control has occurred, including, in each case, amending, changing or modifying any definition relating thereto;

(10) except as otherwise permitted under the “Merger, Consolidation and Sale of Assets” covenant, consent to the assignment or transfer by Spectrum Brands of any of its rights or obligations under the Indenture; or

(11) make any change in the preceding amendment and waiver provisions.

Notwithstanding the preceding, without the consent of any Holder of the 12% Notes, Spectrum Brands, the Guarantors and the Trustee may amend or supplement the Indenture or the 12% Notes:

(1) to cure any ambiguity, defect or inconsistency;

(2) to provide for uncertificated 12% Notes in addition or in place of certificated 12% Notes;

(3) to provide for the assumption of Spectrum Brands’ or any Guarantor’s obligations to Holders of 12% Notes in the case of a merger or consolidation or sale of all or substantially all of Spectrum Brands’ or such Guarantor’s assets;

(4) to make any change that would provide any additional rights or benefits to the Holders of 12% Notes or that does not adversely affect the legal rights under the Indenture of any such Holder;

(5) to comply with requirements of the Commission in order to effect or maintain the qualification of the Indenture under the Trust Indenture Act;

(6) to comply with the provision described under “Certain Covenants—Guarantees;”

(7) to evidence and provide for the acceptance of appointment by a successor Trustee; or

(8) to provide for the issuance of Additional Notes in accordance with the Indenture.

Satisfaction and Discharge

The Indenture will be discharged and will cease to be of further effect as to all 12% Notes issued thereunder, when:

(1) either:

(a) all 12% Notes that have been authenticated (except lost, stolen or destroyed 12% Notes that have been replaced or paid and 12% Notes for whose payment money has theretofore been deposited in trust and thereafter repaid to Spectrum Brands) have been delivered to the Trustee for cancellation; or

(b) all 12% Notes that have not been delivered to the Trustee for cancellation have become due and payable by reason of the making of a notice of redemption or otherwise or will become due and payable within one year and Spectrum Brands or any Guarantor has irrevocably deposited or caused to be deposited with the Trustee as trust funds in trust solely for the benefit of the Holders, cash in U.S.

dollars, non-callable Government Securities, or a combination thereof, in such amounts as will be sufficient without consideration of any reinvestment of interest, to pay and discharge the entire indebtedness on the 12% Notes not delivered to the Trustee for cancellation for principal, premium, if any, and accrued interest to the date of maturity or redemption;

(2) no Default or Event of Default shall have occurred and be continuing on the date of such deposit or shall occur as a result of such deposit and such deposit will not result in a breach or violation of, or constitute a default under, any other instrument to which Spectrum Brands or any Guarantor is a party or by which Spectrum Brands or any Guarantor is bound;

(3) Spectrum Brands or any Guarantor has paid or caused to be paid all sums payable by it under the Indenture; and

(4) Spectrum Brands has delivered irrevocable instructions to the Trustee under the Indenture to apply the deposited money toward the payment of the 12% Notes at maturity or the redemption date, as the case may be.

In addition, Spectrum Brands must deliver an Officers' Certificate and an Opinion of Counsel to the Trustee stating that all conditions precedent to satisfaction and discharge have been satisfied.

Concerning the Trustee

If the Trustee becomes a creditor of Spectrum Brands or any Guarantor, the Indenture limits its right to obtain payment of claims in certain cases, or to realize on certain property received in respect of any such claim as security or otherwise. The Trustee will be permitted to engage in other transactions; however, if it acquires any conflicting interest it must eliminate such conflict within 90 days, apply to the Commission for permission to continue or resign.

The Indenture provides that in case an Event of Default shall occur and be continuing, the Trustee will be required, in the exercise of its power, to use the degree of care of a prudent person in the conduct of such person's own affairs. Subject to such provisions, the Trustee will be under no obligation to exercise any of its rights or powers under the Indenture at the request of any Holder of the 12% Notes, unless such Holder shall have offered to the Trustee security and indemnity satisfactory to it against any loss, liability or expense.

The subordination provisions in the Indenture, including the agreement that payment of principal and interest and premium, if any, on the 12% Notes and all other Obligations under the Indenture and the 12% Notes will be subordinated in right of payment to the payment of all Senior Debt, shall not apply to any amounts now or hereafter owing to the Trustee as compensation or indemnification or any related provisions dealing with the rights of the Trustee to reimbursement, compensation or indemnity.

Book-Entry, Delivery and Form

Except as set forth below, the 12% Notes will be issued in registered, global form in denominations of \$1.00 or integral multiples of \$1.00 in excess thereof. The 12% Notes will be issued on the applicable exchange date of the Offer only against surrender of Existing Notes.

The 12% Notes initially will be represented by one or more notes in global form without interest coupons attached (the "Global Note"). On the Issue Date, the Global Note will be deposited upon issuance with the Trustee as custodian for The Depository Trust Company ("DTC"), in New York, New York, and registered in the name of DTC or its nominee, in each case for credit to an account of a direct or indirect participant in DTC as described below.

Unless Certificated Notes are issued, the Global Note may be transferred, in whole and not in part, only to another nominee of DTC or to a successor of DTC or its nominee. Beneficial interests in the Global Note may not be exchanged for the 12% Notes in certificated form except in the limited circumstances described below.

[Table of Contents](#)

Ownership of interests in the Global Note (“Book-Entry Interests”) will be limited to persons that have accounts with DTC, or persons that hold interests through such Participants (as defined below). Except under the limited circumstances described below, beneficial owners of Book-Entry Interests will not be entitled to physical delivery of exchange notes in definitive form.

Book-Entry Interests will be shown on, and transfers thereof will be effected only through, records maintained in book-entry form by DTC or DTC’s nominees and Participants. In addition while the 12% Notes are in global form, holders of Book-Entry Interests will not be considered the owners or “holders” of 12% Notes for any purpose. So long as the 12% Notes are held in global form, DTC or its nominees will be considered the sole holders of the Global Note for all purposes under the Indenture. In addition, Participants must rely on the procedures of DTC and Indirect Participants (as defined below) must rely on the procedures of DTC and the Participants through which they own Book-Entry Interests to transfer their interests or to exercise any rights of holders under the Indenture. Transfers of beneficial interests in the Global Note will be subject to the applicable rules and procedures of DTC and its Participants or Indirect Participants, which may change from time to time.

Depository Procedures

Payments in respect of the principal of, and interest and premium on, a Global Note registered in the name of DTC or its nominee will be payable to DTC or its nominee in its capacity as the registered Holder of the Global Note under the Indenture. Under the terms of the Indenture, Spectrum Brands and the Trustee will treat the Persons in whose names the 12% Notes, including the Global Notes, are registered as the owners thereof for the purpose of receiving payments and for all other purposes. Consequently, neither Spectrum Brands, the Trustee nor any agent of Spectrum Brands or the Trustee has or will have any responsibility or liability for:

- (1) any aspect of DTC’s records or any participant’s or indirect participant’s records relating to or payments made on account of beneficial ownership interest in the Global Notes or for maintaining, supervising or reviewing any of DTC’s records or any Participant’s or Indirect Participant’s records relating to the beneficial ownership interests in the Global Notes; or
- (2) any other matter relating to the actions and practices of DTC or any of its participants or indirect participants.

Exchange of Global Notes for Certificated Notes

A Global Note is exchangeable for definitive 12% Notes in registered certificated form (“Certificated Notes”) if:

- (1) DTC (a) notifies Spectrum Brands that it is unwilling or unable to continue as depository for the Global Notes or (b) has ceased to be a clearing agency registered under the Exchange Act, and in each case Spectrum Brands fails to appoint a successor depository;
- (2) Spectrum Brands, at its option, notifies the Trustee in writing that it elects to cause the issuance of the Certificated Notes; or
- (3) there shall have occurred and be continuing a Default or Event of Default with respect to the 12% Notes.

In addition, beneficial interests in a Global Note may be exchanged for Certificated Notes upon prior written notice given to the Trustee by or on behalf of DTC in accordance with the Indenture. In all cases, Certificated Notes delivered in exchange for any Global Note or beneficial interests in Global Notes will be registered in the names, and issued in denominations, requested by or on behalf of the depository (in accordance with its customary procedures).

All interests in a Global Note may be subject to the procedures and requirements of DTC. The laws of some jurisdictions, including certain states of the United States, require that certain Persons take physical delivery in definitive form of securities that they own. Consequently, the ability to transfer beneficial interests in a Global

[Table of Contents](#)

Note to such Persons will be limited to that extent. Because DTC can act only on behalf of participants, which in turn act on behalf of indirect participants, the ability of a Person having beneficial interests in a Global Note to pledge such interests to Persons that do not participate in the DTC system, or otherwise take actions in respect of such interests, may be affected by the lack of a physical certificate evidencing such interests.

Exchange of Certificated Notes for Global Notes

Certificated Notes may not be exchanged for beneficial interests in any Global Note unless the transferor first delivers to the Trustee a written certificate (in the form provided in the Indenture) to the effect that such transfer will comply with the appropriate transfer restrictions applicable to such 12% Notes.

Redemption of the Global Note

In the event the Global Note, or any portion thereof, is redeemed, DTC will redeem an equal amount of the Book-Entry Interests in such Global Note from the amount received by it in respect of the redemption of such Global Note. The redemption price payable in connection with the redemption of such Book-Entry Interests will be equal to the amount received by DTC in connection with the redemption of such Global Note or any portion thereof. We understand that, under existing practices of DTC, if fewer than all of the 12% Notes are to be redeemed at any time, DTC will credit its Participants' accounts on a proportionate basis, with adjustments to prevent fractions, or by lot or on such other basis as DTC deems fair and appropriate; *provided, however*, that no Book-Entry Interest of less than \$1.00 principal amount may be redeemed in part.

Same Day Settlement and Payment

Spectrum Brands will make payments in respect of the 12% Notes represented by the Global Notes (including principal, premium, if any, and interest) by wire transfer of immediately available funds to the accounts specified by the Global Note Holder. Spectrum Brands will make all payments of principal, interest and premium, with respect to Certificated Notes by wire transfer of immediately available funds to the accounts specified by the Holders thereof or, if no such account is specified, by mailing a check to each such Holder's registered address. The 12% Notes represented by the Global Notes are expected to trade in DTC's Same-Day Funds Settlement System, and any permitted secondary market trading activity in such 12% Notes will, therefore, be required by DTC to be settled in immediately available funds. Spectrum Brands expects that secondary trading in any Certificated Notes will also be settled in immediately available funds.

DESCRIPTION OF THE COMMON STOCK

The following description of the Common Stock and provisions of Spectrum Brands’ Certificate of Incorporation and Bylaws, each of which are in effect as of October 28, 2009, are summaries thereof and are qualified by reference to Spectrum Brands’ Certificate of Incorporation (the “Certificate of Incorporation”) and Bylaws (the “Bylaws”), copies of which have been filed with the SEC as exhibits to our registration statement of which this Prospectus forms a part.

General

Pursuant to the Plan, as of the Effective Date, all of Old Spectrum’s then outstanding equity securities, including shares of Old Spectrum’s existing common stock, were cancelled and deemed extinguished. In accordance with the Plan, we converted from a Wisconsin corporation into a Delaware corporation and adopted the Certificate of Incorporation and Bylaws. The Certificate of Incorporation authorizes us to issue up to 150,000,000 shares of Common Stock, par value \$0.01 per share. On October 28, 2009, there were outstanding 30,629,213 shares of the Common Stock and all of such shares were in uncertificated form. Spectrum Brands’ Certificate of Incorporation does not authorize the issuance of any preferred stock.

As a result of the Reorganization, pursuant to Section 1123(a)(6) of the United States Bankruptcy Code, we are prohibited from issuing any non-voting equity securities (other than any warrants or options to purchase our capital stock) for so long as Section 1123 of the United States Bankruptcy Code is in effect and applicable to us. This restriction on the issuance of non-voting equity securities is included in the Certificate of Incorporation.

Dividend Rights

Subject to preferences, if any, that may apply to any shares of preferred stock outstanding at the time, the holders of outstanding shares of Common Stock are entitled to receive dividends, out of assets legally available, sharing equally in all such dividends on a per share basis, at the times and in the amounts that Spectrum Brands’ board of directors may determine from time to time.

Voting Rights

Holders of the Common Stock are entitled to one vote per share on all matters submitted to a vote of stockholders. Pursuant to the Certificate of Incorporation, actions required or permitted to be taken by the stockholders must be effected at a duly called annual or special meeting of the stockholders or by any consent in writing in lieu of a meeting of the stockholders. The Certificate of Incorporation provides for cumulative voting rights in the election of directors.

[Table of Contents](#)

Right to Receive Liquidation Distributions

Upon our liquidation, dissolution or winding-up, the holders of the Common Stock are entitled to share equally in all of our assets remaining after payment of all liabilities and the liquidation preferences of any outstanding preferred stock.

Registration Rights

We have entered into a registration rights agreement with each Significant Securityholder which, among other things, provide for specified registration and other rights relating to the shares of Common Stock, if any, owned by such Significant Securityholder. See “Certain Relationships and Related Person Transactions—Agreements Between Each of the Significant Securityholders and Us in Connection with the Reorganization” for a further description of the registration rights agreement with respect to the Common Stock.

Other Provisions of the Certificate of Incorporation and the Bylaws

Purchase Rights of Eligible Stockholders

Under the Certificate of Incorporation, subject to certain exceptions, before Spectrum Brands issues any shares of Spectrum Brands’ capital stock, including rights, options, warrants or securities convertible into, exercisable for or exchangeable into capital stock, to any person, Spectrum Brands will be required to offer to eligible holders of shares of Common Stock the right to purchase such holder’s pro rata share of such securities. An “eligible holder” is defined in the Certificate of Incorporation as a stockholder (together with its affiliates) that holds 5% or more of the Company’s outstanding Common Stock or capital stock into which any of the Common Stock may be converted. The exceptions include securities issued or issuable: (a) to employees, directors or officers of Spectrum Brands or any of its subsidiaries pursuant to an equity incentive plan or stock purchase plan or agreement on terms approved by Spectrum Brands’ board of directors, (b) in connection with certain corporate transactions approved by Spectrum Brands’ board of directors, (c) in connection with a stock split (or reverse stock split), subdivision, dividend or distribution in respect of Spectrum Brands’ capital stock, (d) to the public pursuant to a registration statement or qualified indenture, (e) as acquisition consideration, and (f) as any right, option or warrant to acquire any such securities so excluded.

Related Person Transactions and Corporate Opportunities

The Certificate of Incorporation contains a waiver by stockholders of claims and causes of action that each might have for the conduct of certain activity that may give rise to certain conflicts of interest between Spectrum Brands and the stockholders, their affiliates or directors appointed to Spectrum Brands’ board of directors by the stockholders. Pursuant to the agreement, the parties also agreed that stockholders, their affiliates or directors appointed to Spectrum Brands’ board of directors by the stockholders do not have any obligation to present business opportunities to Spectrum Brands except such opportunities that are specifically presented to any such stockholder or director for Spectrum Brands’ benefit in such stockholder’s or director’s capacity as a stockholder or director of Spectrum Brands.

Restrictions on Affiliate Transactions

Under the Certificate of Incorporation, subject to certain exceptions, Spectrum Brands and certain of its subsidiaries are required to transact with their respective affiliates on terms no less favorable to Spectrum Brands or such subsidiary than would be a transaction obtained in a comparable arm’s-length transaction. Affiliate transactions of varying sizes will require disinterested board approvals, certifications or opinions according to their size.

[Table of Contents](#)

Information Rights

The Certificate of Incorporation, subject to the stockholder agreeing to certain confidentiality restrictions, further entitles eligible holders to certain inspection rights and provides rights to receive annual, quarterly financial information from Spectrum Brands and to request a telephonic information call in each quarterly or annual period.

The Certificate of Incorporation also entitles a stockholder owning at least 10% of the outstanding Common Stock to appoint a non-voting observer to Spectrum Brands' board of directors. As of October 28, 2009, no such observers had been appointed.

Stockholder Voting and Amendments

Certain provisions of the Certificate of Incorporation and the Bylaws described below require a vote of stockholders holders greater than a majority of the shares of outstanding Common Stock. These supermajority voting provisions and certain other provisions described below may have the effect of delaying, deferring or discouraging another party from acquiring control of us.

Board of Directors

Under the Certificate of Incorporation, a director may be removed from office as a director, but only for "cause" (as defined in the Certificate of Incorporation), by the affirmative vote of holders of at least 60% of the voting power of shares entitled to vote at an election of directors.

The Bylaws require a stockholder proposing a director nominee to provide advance notice and submit certain information concerning the stockholder, certain beneficial owners of the related stock and their respective affiliates in connection with making such nomination.

Annual Meetings of Stockholders

The Bylaws require a stockholder proposing business at an annual meeting of Spectrum Brands stockholders to provide advance notice and submit certain information concerning the stockholder, certain beneficial owners of the related stock and their respective affiliates in connection with making such proposal.

Amendment

The Certificate of Incorporation authorizes Spectrum Brands' board of directors to adopt, amend or repeal bylaws. The Bylaws provide that certain bylaws regarding special meetings, stockholder voting, number of directors and director voting may only be amended by the affirmative vote of either (x) holders of at least 60% of the voting power of shares entitled to vote at an election of Spectrum Brands' directors or (y) a two-thirds vote of Spectrum Brands' directors.

Delaware Law Regulating Corporate Takeovers

The provisions of Section 203 of the Delaware General Corporation Law regulate corporate takeovers by, in general, prohibiting a Delaware corporation from engaging in any business combination with any interested stockholder for a period of three years following the date that the stockholder became an interested stockholder, subject to certain exceptions: The Certificate of Incorporation contains a provision opting-out of Section 203 of the Delaware General Corporation Law, and, accordingly, Spectrum Brands is not subject to this provision.

Limitation of Liability and Indemnification Matters

Section 145 of the Delaware General Corporation Law provides that a corporation may indemnify directors and officers, as well as employees and agents, against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement, that are actually and reasonably incurred in connection with various actions, suits or proceedings, whether civil, criminal, administrative or investigative other than an action by or in the right of the corporation, known as a derivative action, if they acted in good faith and in a manner they reasonably believed to be in or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding, if they had no reasonable cause to believe their conduct was unlawful. A similar standard is applicable in the case of derivative actions, except that indemnification only extends to expenses (including attorneys' fees) actually and reasonably incurred in connection with the defense or settlement of such actions, and the statute requires court approval before there can be any indemnification if the person seeking indemnification has been found liable to the corporation. The statute provides that it is not excluding other indemnification that may be granted by a corporation's bylaws, disinterested director vote, stockholder vote, agreement or otherwise.

The Certificate of Incorporation contains an indemnification provision that provides that Spectrum Brands will indemnify and hold harmless, to the fullest extent permitted by applicable law, each person who was or is made a party or is threatened to be made a party to or is involved in any action, suit or proceeding, whether civil, criminal, administrative or investigative, by reason of the fact that such person, or a person of whom such person is the legal representative, is or was a director or officer of us, or has or had agreed to become a director of us, or, while a director or officer of us, is or was serving at our request as a director, officer, employee or agent of another entity or enterprise, including service with respect to employee benefit plans, against all liability and loss suffered and expenses (including attorneys' fees) reasonably incurred by such person in connection therewith. The Certificate of Incorporation also provides that Spectrum Brands will pay the expenses incurred in defending any such proceeding in advance of its final disposition, to the extent not prohibited by applicable law and, to the extent required by applicable law, Spectrum Brands receives an undertaking to repay such amount advanced if it is ultimately determined that such person is not entitled to be indemnified. These rights are not exclusive of any other right that any person may have or acquire under any statute, provision of the Certificate of Incorporation, bylaw, agreement, vote of stockholders or disinterested directors or otherwise.

The Certificate of Incorporation provides that, to the fullest extent permitted under the Delaware General Corporation Law, none of Spectrum Brands' directors will be personally liable to Spectrum Brands or its stockholders for monetary damages for breach of fiduciary duty as a director. This provision is known as an exculpation provision. This exculpation provision is limited by Section 102(b)(7) of the Delaware General Corporation Law, which prohibits the elimination or limitation of the personal liability of a director:

- for any breach of the director's duty of loyalty to Spectrum Brands or its stockholders;
- for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law;
- for payments of unlawful dividends or unlawful stock purchases or redemptions under Section 174 of the Delaware General Corporation Law; or
- for any transaction from which the director derived an improper personal benefit.

The Certificate of Incorporation provides that any repeal or amendment of the indemnification or the exculpation provision by the stockholders of Spectrum Brands or by changes in law, or the adoption of any other provision of the Certificate of Incorporation inconsistent with this provision, will, unless otherwise required by law, be prospective only (except, with respect to the indemnification provision, such amendment or change permits Spectrum Brands to provide broader rights retroactively), and will not in any way diminish or adversely affect any right or protection of a director of Spectrum Brands existing at the time of such repeal or amendment or adoption of such inconsistent provision in respect of any act or omission occurring prior to such repeal or amendment or adoption of such inconsistent provision.

In addition, Spectrum Brands maintains liability insurance for its directors and officers and for the directors and officers of its majority-owned subsidiaries. This insurance provides for coverage, subject to certain exceptions, against loss from claims made against directors and officers in their capacity as such, including claims under the federal securities laws.

CERTAIN U.S. FEDERAL INCOME TAX CONSIDERATIONS

The following is a summary of the material United States federal income tax consequences of owning the 12% Notes and the Common Stock to a U.S. Holder (as defined below) that acquires the 12% Notes or the Common Stock for cash pursuant to this Prospectus. This summary is based on the Internal Revenue Code of 1986, as amended (the “Code”), Treasury regulations promulgated thereunder, judicial decisions, published positions of the Internal Revenue Service (the “IRS”) and other applicable authorities, as in effect as of the date hereof and which are subject to change or differing interpretations (possibly with retroactive effect). This summary does not address all of the United States federal income tax consequences of owning the 12% Notes or the Common Stock that may be relevant to a particular U.S. Holder and does not address U.S. Holders subject to special treatment under United States federal income tax laws (including financial institutions, broker-dealers, insurance companies, tax-exempt entities, partnerships and their partners, or investors that hold the 12% Notes or the Common Stock as part of a straddle, hedge, conversion, constructive sale, or other integrated transaction for United States federal income tax purposes), all of whom may be subject to tax rules that differ from those summarized below. Moreover, this summary does not address any tax consequences other than United States federal income tax consequences, addresses only U.S. Holders who will hold the 12% Notes or the Common Stock as capital assets within the meaning of Section 1221 of the Code (generally, property held for investment), and does not address tax consequences that may be relevant to non-U.S. Holders. Prospective investors are urged to consult their own tax advisors as to the particular United States federal income tax consequences to them of owning the 12% Notes and the Common Stock, as well as the application and effect of state, local, and non-United States tax laws.

For purposes of this discussion, a “U.S. Holder” means a beneficial owner of a 12% Note or the Common Stock that is a citizen or individual resident of the United States, a corporation created or organized in or under the laws of the United States or any political subdivision therein, an estate the income of which is subject to United States federal income taxation regardless of its source, or a trust if (i) a court within the United States is able to exercise primary supervision over the administration of the trust and one or more U.S. fiduciaries have the authority to control all substantial decisions of the trust or (ii) the trust has an election in effect under applicable Treasury regulations to be treated as a U.S. person.

If a partnership is a holder of a 12% Note or the Common Stock, the United States federal income tax treatment of a partner in the partnership generally will depend on the status of the partner and the activities of the partnership. Partnerships and their partners are urged to consult their own tax advisors as to the particular United States federal income tax consequences of the ownership of the 12% Notes or the Common Stock applicable to them.

A. Notes

1. Original Issue Discount

The 12% Notes have been issued with original issue discount (“OID”), for United States federal income tax purposes, in an amount equal to the excess of the “stated redemption price at maturity” of the 12% Notes (*i.e.*, the sum of the stated principal amount of the 12% Notes plus all stated payments of interest) over the issue price of the 12% Notes. Accordingly, under the OID rules, a U.S. Holder of the 12% Notes will be required to include OID in ordinary income over the period that such holder holds the 12% Notes in advance of the receipt of the cash attributable thereto. The amount of original issue discount to be included in income will be determined using a constant yield method, which will result in a greater portion of such discount being included in income in the later part of the term of the 12% Notes. For purposes of determining the amount of OID accruing during any particular taxable period, the OID rules will presume that Spectrum will elect to make interest payments on the 12% Notes by increasing the principal amount of the outstanding 12% Notes (“PIK Interest”). Any amount of OID included in income will increase a holder’s adjusted tax basis in the 12% Notes. Under the OID rules, payments of PIK Interest will be ignored and payments of interest in cash are expected to give rise to the recognition of gain or loss as described below.

[Table of Contents](#)

If, contrary to the presumption under the OID rules that Spectrum will make interest payments in the form of PIK Interest, Spectrum determines to make a payment of interest on a 12% Note in cash on a current basis, such cash payment will not be treated as a payment of “accrued interest,” but instead will be treated, under the OID rules, as a pro rata prepayment in retirement of a portion of the Note (the “Retired Note Portion”). Under this treatment, a U.S. Holder will recognize gain or loss, for United States federal income tax purposes, in an amount equal to the difference between the amount of cash received and the U.S. Holder’s adjusted tax basis attributable to the Retired Note Portion. For this purpose, the U.S. Holder’s adjusted tax basis in the Retired Note Portion, and the adjusted issued price of the Retired Note Portion, will be equal to a fraction of the adjusted tax basis and adjusted issue price of the 12% Note, respectively, as determined immediately prior to the payment of such interest, the numerator of which is equal to the cash interest payment and the denominator of which is the then stated redemption price at maturity of the 12% Note. The remaining portion of the U.S. Holder’s adjusted tax basis in the 12% Note, and the remaining portion of the adjusted issue price of the 12% Note, that is not allocable to the Retired Note Portion, will continue to be associated with the then remaining portion of the 12% Note.

Spectrum will report annually to the IRS and to record holders information with respect to the amount of OID accruing during the calendar year.

2. Acquisition Premium and Market Discount

A U.S. Holder will be treated as having purchased a 12% Note with “acquisition premium” if a U.S. Holder’s initial tax basis in the 12% Note is greater than the issue price of the 12% Note but less than the stated redemption price at maturity of the 12% Note (as described above). Under the acquisition premium rules, the U.S. Holder may amortize such premium, over the term that the holder holds the 12% Note, as a reduction to the OID income inclusions described above.

A U.S. Holder will be treated as purchasing a 12% Note with “market discount” if the 12% Note is acquired at a cost that is less than the sum of (i) the issue price of the 12% Note and (ii) the aggregate amount of accrued OID on the 12% Note as determined on the date of the U.S. Holder’s purchase of the 12% Note (without taking into account the application of the acquisition premium rules, discussed above). A U.S. Holder generally must treat any gain realized on the sale or other taxable disposition of a 12% Note as ordinary interest income to the extent of accrued market discount not previously included in the income of the U.S. Holder. A U.S. Holder who incurs or maintains indebtedness to purchase or carry a market discount 12% Note may be required to defer all or a portion of any interest deductions with respect to such indebtedness until the maturity of the 12% Note or disposal of that 12% Note in a taxable disposition.

In lieu of recognizing accrued market discount upon a taxable disposition of a 12% Note and the potential application of the interest expense deferral rules described above, a U.S. Holder may elect to include market discount in income as it accrues as interest income. This election, if made, generally will apply to all debt instruments with market discount held or subsequently acquired by the electing U.S. Holder on or after the first day of the taxable year to which the election applies. This election may be revoked only with the consent of the IRS.

3. Sale, Exchange, or Retirement

Subject to the market discount rules discussed above, a U.S. Holder will generally recognize capital gain or loss upon the sale, exchange, retirement, or other taxable disposition of a Note in an amount equal to the difference between (i) the amount realized by such U.S. Holder and (ii) such U.S. Holder’s adjusted tax basis in the 12% Note. Any such gain or loss will be long-term if the 12% Note has been held for more than one year. The deductibility of capital loss is subject to limitations.

B. Common Stock

1. Distributions

Distributions paid in cash to a U.S. Holder with respect to the Common Stock will be includible in income by a U.S. Holder as “dividend income” to the extent such distribution is paid out of the current or accumulated earnings and profits of Spectrum, as determined under United States federal income tax principles, and will thereafter be treated as a return of capital to the extent of the U.S. Holder’s adjusted tax basis in its Common Stock and, to the extent in excess of such basis, as capital gain. A distribution which is treated as a dividend for United States federal income tax purposes may qualify for the 70% dividends-received deduction available to corporate U.S. Holders, provided that certain holding period and taxable income requirements are satisfied. Dividends received by non-corporate U.S. Holders in taxable years beginning before January 1, 2011, may qualify for a reduced rate of taxation provided that certain holding period and other requirements are met.

2. Sale or Exchange

A U.S. Holder will generally recognize capital gain or loss on the sale, exchange, or other taxable disposition of the Common Stock in an amount equal to the difference between the amount realized upon such disposition and the U.S. Holder’s adjusted tax basis in the Common Stock. Any such gain or loss will be long-term if the Common Stock has been held for more than one year. The deductibility of capital loss is subject to limitations.

Item 15. Indemnification of Directors and Officers.

Delaware law permits a corporation to adopt a provision in its certificate of incorporation eliminating or limiting the personal liability of a director, but not an officer in his or her capacity as such, to the corporation or its stockholders for monetary damages for breach of fiduciary duty as a director, except that such provision shall not eliminate or limit the liability of a director for (1) any breach of the director's duty of loyalty to the corporation or its stockholders, (2) acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, (3) liability under section 174 of the Delaware General Corporation Law (the "DGCL") for unlawful payment of dividends or stock purchases or redemptions or (4) any transaction from which the director derived an improper personal benefit. Our certificate of incorporation provides that, to the fullest extent permitted under the DGCL, none of our directors will be personally liable to us or our stockholders for monetary damages for breach of fiduciary duty as a director.

Under Section 145 of the DGCL, a corporation may indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, other than an action by or in the right of the corporation, by reason of the fact that he or she is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation or other enterprise, against expenses, including attorneys' fees, judgments, fines and amounts paid in settlement actually and reasonably incurred in connection with such proceeding if: (1) he or she acted in good faith and in a manner he or she reasonably believed to be in or not opposed to the best interests of the corporation and (2) with respect to any criminal action or proceeding, he or she had no reasonable cause to believe that his or her conduct was unlawful. The termination of any action, suit or proceeding by judgment, order, settlement, conviction, or upon a plea of nolo contendere or its equivalent, shall not, of itself, create a presumption that a person did not act in good faith and in a manner which he or she

Table of Contents

reasonably believed to be in or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding, had reasonable cause to believe that his or her conduct was unlawful. A corporation may indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action or suit brought by or in the right of the corporation to procure a judgment in its favor by reason of the fact that he or she is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation or other enterprise, against expenses, including attorneys' fees, actually and reasonably incurred in connection with such action or suit if he or she acted in good faith and in a manner he or she reasonably believed to be in or not opposed to the best interests of the corporation, except that no indemnification will be made if the person is found liable to the corporation unless and to the extent that, in such a case, the court determines the person is nonetheless entitled to indemnification for such expenses. A corporation must also indemnify a present or former director or officer who has been successful on the merits or otherwise in defense of any action, suit or proceeding, or in defense of any claim, issue or matter therein, against expenses, including attorneys' fees, actually and reasonably incurred by him or her. Expenses, including attorneys' fees, incurred by a director, officer, employee or agent, in defending civil, criminal administrative or investigative actions, suits or proceedings may be paid by the corporation in advance of the final disposition of such actions, suits or proceedings upon, in the case of a current director or officer, receipt of an undertaking by or on behalf of such director or officer to repay such amount if it shall ultimately be determined that he or she is not entitled to be indemnified by the corporation. Such expenses incurred by former directors or officers may be so paid upon such terms and conditions, if any, as the corporation deems appropriate. The provisions of Section 145 regarding indemnification and the advancement of expenses is not exclusive of any other rights a person may be entitled to under any bylaw, agreement, vote of stockholders or disinterested directors or otherwise.

Section 174 of the DGCL provides, among other things, that a director, who willfully or negligently approves of an unlawful payment of dividends or an unlawful stock purchase or redemption, may be held liable for such actions. A director who was either absent when the unlawful actions were approved or dissented at the time, may avoid liability by causing his or her dissent to such actions to be entered in the books containing the minutes of the meetings of the board of directors at the time such action occurred or immediately after such absent director receives notice of the unlawful acts.

Our certificate of incorporation and bylaws generally provide for mandatory indemnification of directors and officers to the fullest extent permitted by law.

Delaware law also provides that a corporation may purchase and maintain insurance on behalf of any person who is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation or other entity, against any liability asserted against and incurred by such person, whether or not the corporation would have the power to indemnify such person against such liability. We will maintain, at our expense, an insurance policy that insures our officers and directors, subject to customary exclusions and deductions, against specified liabilities that may be incurred in those capacities.

(b) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the provisions described in Item 14, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission, such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.

(c) The undersigned registrant hereby undertakes that:

(1) For purposes of determining any liability under the Securities Act of 1933, the information omitted from the form of prospectus filed as part of this Registration Statement in reliance upon Rule 430A and contained in a form of prospectus filed by the registrant pursuant to Rule 424(b)(1) or (4) or 497(h) under the Securities Act shall be deemed to be part of this Registration Statement as of the time it was declared effective.

(2) For the purpose of determining any liability under the Securities Act of 1933, each post-effective amendment that contains a form of prospectus shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
