Item 2.02 Results of Operations and Financial Condition.

The following information, including the Exhibit 99.1 referenced in this Item 2.02 to the extent the Exhibit discusses financial results of Spectrum Brands Holdings, Inc. (the "Company" or "Spectrum Brands") for the fiscal first quarter ended January 2, 2022 is being furnished pursuant to this Item 2.02 and shall not be deemed "filed" for purposes of Section 18 of the Securities Exchange Act of 1934, as amended, nor shall it be deemed incorporated by reference in any filing under the Securities Act of 1933, as amended, except as shall be expressly set forth by specific reference in such filing.

On February 4, 2022, the Company issued a press release (the "Earnings Press Release") discussing, among other things, its financial results for its fiscal first quarter ended January 2, 2022. A copy of the Earnings Press Release is furnished as Exhibit 99.1 to this report.

Item 7.01 Regulation FD Disclosure

On February 3, 2022, the Company entered into a definitive agreement to acquire the home appliances and cookware categories of Tristar Products, Inc. (the "Tristar Business") for a purchase price of \$325 million, in cash, at closing, up to \$100 million if certain gross profit targets are achieved in calendar year 2022, and another \$25 million if certain other gross profit targets are achieved in calendar year 2023. The transaction is expected to close within the next 90 days. The acquisition of the Tristar Business will be funded by a combination cash on hand and a \$500 million incremental loan incurred as a new tranche under the Company's existing credit agreement. A copy of the press release announcing the acquisition of the Tristar Business is furnished as Exhibit 99.2 to this report.

Forward Looking Information

We have made, implied or incorporated by reference certain forward-looking statements in this document. All statements, other than statements of historical facts included or incorporated by reference in this document, without limitation, statements or expectations regarding our Global Productivity Improvement Program, our business strategy, future operations, financial condition, estimated revenues, projected costs, projected synergies, prospects, plans and objectives of management, information concerning expected actions of third parties are forward-looking statements. When used in this document, the words future, anticipate, pro forma, seeks, intend, plan, envision, estimate, believe, belief, expect, project, forecast, outlook, goal, target, could, would, will, can, should, may and similar expressions are also intended to identify forward-looking statements, although not all forward-looking statements contain such identifying words, although not all forward-looking statement contain such identifying words.

Since these forward-looking statements are based upon our current expectations of future events and projections and are subject to a number of risks and uncertainties, many of which are beyond our control and some of which may change rapidly, actual results or outcomes may differ materially from those expressed or implied herein, and you should not place undue reliance on these statements. Important factors that could cause our actual results to differ materially from those expressed or implied herein include, without limitation: (1) our ability to consummate the announced Tristar acquisition on the expected terms, and within the anticipated time period, or at all, which is dependent on the parties' ability to satisfy certain closing conditions, and our ability to realize the benefits of the transaction; (2) our ability to create an independent Global Appliances business on expected terms, and within the anticipated time period, or at all, and to realize the potential benefits of such business; (3) our ability to successfully separate the Company's Home and Personal Care business and to realize the expected benefits of such separation terms, and within the anticipated time period, or at all; (4) our discretion to conduct, suspend or discontinue our share repurchase program (including our discretion to conduct purchases, if any, in a variety of manners including open-market purchases or privately negotiated transactions); (5) the impact of the COVID-19 pandemic, social and political conditions or civil unrest in the U.S. and other countries on our customers, employees (including our ability to retain and attract key personnel), manufacturing facilities, suppliers, the capital markets and our financial condition, and results of operations, all of which tend to aggravate the other risks and uncertainties we face; (6) the impact of our indebtedness on our business, financial condition and results of operations; (7) the impact of restrictions in our debt instruments on our ability to operate our business, finance our capital needs or pursue or expand business strategies; (8) any failure to comply with financial covenants and other provisions and restrictions of our debt instruments; (9) the effects of general economic conditions, including the impact of, and changes to tariffs and trade policies, inflation, recession or fears of a recession or fears of a depression, labor costs and stock market volatility or monetary or fiscal policies in the countries where we do business; (10) the impact of fluctuations in transportation and shipment costs, commodity prices, costs or availability of raw materials or terms and conditions available from suppliers, including suppliers' willingness to advance credit; (11) interest rate and exchange rate fluctuations; (12) the loss of, significant reduction in, or dependence upon, sales to any significant retail customer(s); (13) competitive promotional activity or spending by competitors, or price reductions by competitors; (14) the introduction of new product features or technological developments by competitors and/or the development of new competitors or competitive brands; (15) the impact of actions taken by significant stockholders; (16) changes in consumer spending preferences and demand for our products, particularly in light of the COVID-19 pandemic and economic stress; (17) our ability to develop and successfully introduce new products, protect our intellectual property and avoid infringing the intellectual property of third parties; (18) our ability to successfully identify, implement, achieve and sustain productivity improvements (including our Global Productivity Improvement Program), cost efficiencies (including at our

manufacturing and distribution operations) and cost savings; (19) the seasonal nature of sales of certain of our products; (20) the effects of climate change and unusual weather activity, as well as our ability to respond to future natural disasters and pandemics and to meet our environmental, social and governance goals; (21) the cost and effect of unanticipated legal, tax or regulatory proceedings or new laws or regulations (including environmental, public health and consumer protection regulations); (22) public perception regarding the safety of products that we manufacture and sell, including the potential for environmental liabilities, product liability claims, litigation and other claims related to products manufactured by us and third parties; (23) the impact of existing, pending or threatened litigation, government regulations or other requirements or operating standards applicable to our business; (24) the impact of cybersecurity breaches or our actual or perceived failure to protect company and personal data, including our failure to comply with new and increasingly complex global data privacy regulations; (25) changes in accounting policies applicable to our business; (26) our ability to utilize net operating loss carry-forwards to offset tax liabilities from future taxable income; (27) the impact of expenses resulting from the implementation of new business strategies, divestitures or current and proposed restructuring activities; (28) the ability to consummate the announced Hardware and Home Improvement ("HHI") divestiture on the expected terms and within the anticipated time period, or at all, which is dependent on the parties' ability to satisfy certain closing conditions and our ability to realize the benefits of the transaction, including reducing the leverage of the Company, invest in the organic growth of the Company, fund any future acquisitions, returning capital to shareholders, and/or maintain its quarterly dividends; (29) the risk that regulatory approvals that are required to complete the proposed HHI divestiture may not be realized, may take longer than expected, or may impose adverse conditions; (30) our ability to realize the expected benefits of such transaction and to successfully separate the HHI business; (31) our ability to successfully implement further acquisitions or dispositions and the impact of any such transactions on our financial performance; (32) the unanticipated loss of key members of senior management and the transition of new members of our management teams to their new roles; (33) the impact of economic, social and political conditions or civil unrest in the U.S. and other countries; (34) the effects of political or economic conditions, terrorist attacks, acts of war, including any potential conflict in Ukraine, natural disasters, public health concerns or other unrest in international markets; (35) the ability to achieve our goals regarding environmental, social and governance practices; (36) the increased reliance on third party partners, suppliers, and distributors to achieve our business objectives; and (37) the other risk factors set forth in the securities filings of Spectrum Brands Holdings, Inc. and SB/RH Holdings, LLC, including the 2021 Annual Report and subsequent Quarterly Reports on Form 10-Q.

Some of the above-mentioned factors are described in further detail in the sections entitled "Risk Factors" in our annual and quarterly reports, as applicable. You should assume the information appearing in this document is accurate only as of the date hereof, or as otherwise specified, as our business, financial condition, results of operations and prospects may have changed since such date. Except as required by applicable law, including the securities laws of the United States and the rules and regulations of the United States Securities and Exchange Commission, we undertake no obligation to publicly update or revise any forward-looking statement, whether as a result of new information, future events or otherwise, to reflect actual results or changes in factors or assumptions affecting such forward-looking statements.

Spectrum Brands Holdings Reports Fiscal 2022 First Quarter Results

- Net Sales Increased 2.9% and Organic Net Sales Increased 1.6%
- Income from Continuing Operations Decreased to a Loss of \$30.2 Million and Adjusted EBITDA was \$49.3
 Million Attributable to Supply Chain Disruptions, input cost inflation and Higher Restructuring Costs
- As Anticipated, Margins Contracted as Inflationary Costs were Materially Higher than Related Price Increases
- Additional Pricing Actions Throughout the Balance of the Year are Expected to Offset the Majority of Currently Projected Inflationary Increases of \$310-\$330 Million
- Maintaining 2022 Earnings Framework of Mid-to-High Single-Digit Net Sales Growth and Low Single-Digit Adjusted EBITDA Growth

Middleton, WI, February 4, 2022 - Spectrum Brands Holdings, Inc. (NYSE: SPB; "Spectrum Brands" or the "Company"), a leading global branded consumer products and home essentials company focused on driving innovation and providing exceptional customer service, today reported results from continuing operations for the first quarter of fiscal 2022 ended January 2, 2022.

"These are exciting times for Spectrum Brands. We have now begun our evolution into a faster growing, higher margin pure play Global Pet Care and Home & Garden company. We believe we can create meaningful shareholder value with this transformation. Our first quarter went largely as expected, with continued top-line growth, while margins contracted as input cost inflation exceeded price increases. We have additional pricing actions in place, and more targeted, to offset the unprecedented inflation we are currently experiencing. We continue to expect to achieve our Earnings Framework for the year of mid to high single digit net sales growth and low single digit adjusted EBITDA growth. Consumer demand and retailer interest in our categories remain positive overall," said David Maura, Chairman and Chief Executive Officer of Spectrum Brands.

"We continue to work towards closing the sale of our Hardware and Home Improvement segment to Assa Abloy for \$4.3 billion. We remain confident that the transaction will close this year, and are pleased to say that strong demand persists in HHI's end markets.

"The Tristar acquisition announced this morning will be transformational for our Home and Personal Care segment. The ability to leverage the studio content creation, DRTV and direct-to-consumer business model of Tristar's talented team should enhance some of our legacy brands and help us drive continued market share gains for our combined slate of new product offerings. The increased scale and profitability of the combined HPC and Tristar businesses will now enable us to create an independent Global Appliances business poised for faster growth and expanding margins, and positioned for potential

further acquisitions in that space. We firmly believe in this value creation opportunity and look forward to providing an update on the nature of the separation as the year progresses," said Mr. Maura.

Adjusted EPS from continuing operations n/m = not meaningful	\$	(0.06)	\$	0.83	\$ (0.89)	n/m

- Net sales increased 2.9%. Excluding the impact of \$7.3 million of unfavorable foreign exchange rates and acquisition sales of \$16.5 million, organic net sales increased 1.6% despite COVID related supply disruptions and overall supply chain constraints.
- Gross profit margin declined 530 basis points from a year ago due to accelerated freight and input costs pacing ahead of pricing adjustments, partially offset by improved productivity.
- Operating income decreased due to the gross profit margin decline further pressured by higher distribution costs, as well as continued investment in marketing and new product innovation.
- Net income and diluted earnings per share declines were primarily driven by decreases in operating income and prior year gains from the Company's previous investment in Energizer common stock.
- Adjusted EBITDA decreased 53.4% and adjusted EBITDA margins decreased 790 basis points attributable to the decrease in operating income.
- Adjusted diluted EPS decreased to a loss of \$0.06 per share due to lower operating income.
- During the quarter, the Company repurchased 1,128,500 shares for \$110.0 million. The Company purchased \$125.9 million of its \$150 million 10b5-1 share repurchase contract through the end of the quarter.

Fiscal 2022 First Quarter Segment Level Data

Home & Personal Care (HPC)

Three Month Periods Ended							
(in millions, except %)	Janu	January 2, 2022		January 3, 2021		Variance	
Net Sales	\$	379.7	\$	378.5	\$	1.2	0.3 %
Operating Income		20.4		36.7		(16.3)	(44.4)%
Operating Income Margin		5.4 %		9.7 %		(430) bps	
Adjusted EBITDA	\$	27.4	\$	50.9	\$	(23.5)	(46.2)%
Adjusted EBITDA Margin		7.2 %		13.4 %		(620) bps	

Net sales increased despite continuing supply chain constraints and continued demand outpacing supply. Growth was driven by the Latin America region from strong holiday season sales performance and expanded distribution. This was partially offset by a sales decline from product availability issues related to supply chain constraints and comparison to prior year COVID related demand increases. Excluding unfavorable foreign exchange impacts of \$5.1 million, organic net sales grew 1.7%.

Lower operating income, adjusted EBITDA, and margins were driven by accelerated freight and input cost inflation ahead of incremental pricing actions and continued investments in marketing and new product development initiatives partially offset by productivity improvements.

Global Pet Care (GPC)

	Three Month Periods Ended						
(in millions, except %)	January 2, 2022 January		ary 3, 2021		Variance		
Net Sales	\$	302.2	\$	275.4	\$	26.8	9.7 %
Operating Income		12.3		34.1		(21.8)	(63.9)%
Operating Income Margin		4.1 %		12.4 %		(830) bps	
Adjusted EBITDA	\$	38.7	\$	53.6	\$	(14.9)	(27.8)%
Adjusted EBITDA Margin		12.8 %		19.5 %		(670) bps	

Higher net sales were attributable to double digit growth in aquatics and continued strong growth in companion animals categories. Top-line results were further helped by companion animal sales from acquisitions. Excluding unfavorable foreign exchange impacts of \$2.2 million and acquisition sales of \$8.8 million, organic net sales increased 7.3%. Sales grew across all regions despite COVID related supply disruptions including temporary shut-down of key supplier manufacturing facilities and continued supply chain constraints which negatively impacted product availability in the quarter.

Lower operating income, adjusted EBITDA, and margins were driven by increased freight and input cost inflation ahead of timing of incremental pricing actions. Labor inflation, labor turnover and associated inefficiencies drove incremental operating costs in the quarter in addition to continued marketing and new product initiatives. This was partially offset by productivity improvements.

Home & Garden (H&G)

		Three Month Periods Ended					
(in millions, except %)	J	anuary 2, 2022	Ja	nuary 3, 2021		Variance	е
Net Sales	\$	75.3	\$	82.3	\$	(7.0)	(8.5)%

Operating Loss Margin		(20.8)%		(0.6)%		(2,020) bps	
Adjusted EBITDA	\$	(7.3)	\$	10.4	\$	(17.7)	n/m
Adjusted EBITDA Margin		(9.7)%		12.6 %		(2,230) bps	
n/m = not meaningful		` ,				, ,	

Net sales declined across all product categories as the prior year was historically high driven by low year-end retailer inventory at the end of FY20 and early inventory build by customers in Q1 FY21. Sales were also impacted by supply chain and customer related transportation challenges that shifted some product deliveries past quarter-end. Sales from the Rejuvenate acquisition offset a portion of the sales decline.

Excluding the impact of acquisition sales, organic net sales declined 17.9%. Sales excluding the impact of acquisition are 47% ahead of a more normal Q1 FY20 driven by organic growth from strong consumer demand and increased distribution.

Lower operating income, adjusted EBITDA, and margins were driven by freight and input cost inflation, continued marketing and product development investments and a temporary product mix shift towards lower margin product. This was partially offset by pricing and productivity improvements.

Liquidity and Debt

As of the end of the quarter, the Company had a cash balance of \$205 million and approximately \$2,994 million of debt outstanding, consisting of approximately \$2,032 million of senior unsecured notes, \$862 million of term loans and revolver draws and approximately \$100 million of capital leases and other obligations.

Net leverage at the end of the first quarter was 4.8 times, compared to 3.5 times at the end of the previous quarter, as the trailing twelve month EBITDA declined and the company had an increased outstanding balance on its Revolver Facility of \$465 million to support working capital requirements from continued supply disruptions and share repurchases.

Fiscal 2022 Earnings Framework

Spectrum Brands continues to expect mid to high single-digit reported net sales growth in Fiscal 2022, with foreign exchange expected to have a slightly negative impact based upon current rates.

The company continues to expect Fiscal 2022 adjusted EBITDA to increase by low-single digits. Spectrum Brands expects \$310-\$330 million of additional inflation during Fiscal 2022, up from a previous range of \$240-\$260 million, and intends to offset the high inflation through additional pricing as needed.

From a capital structure perspective, the Company is reiterating a long-term net leverage target ratio of 2.0 - 2.5 times after full deployment of HHI proceeds.

Non-GAAP Measurements

Management believes that certain non-GAAP financial measures may be useful in providing additional meaningful comparisons between current results and results in prior periods. Management believes that organic net sales provide for a more complete understanding of underlying business trends of regional and segment performance by excluding the impact of currency exchange rate fluctuations and the impact of acquisitions. In addition, within this release, including the supplemental information attached hereto, reference is made to adjusted diluted EPS, adjusted earnings before interest, taxes, depreciation and amortization (EBITDA), and adjusted EBITDA margin. Adjusted EBITDA is a metric used by management to evaluate segment performance and frequently used by the financial community which provides insight into an organization's operating trends and facilitates comparisons between peer companies, since interest, taxes, depreciation and amortization can differ greatly between organizations as a result of differing capital structures and tax strategies. Adjusted EBITDA also is one of the measures used for determining compliance with the Company's debt covenants. Adjusted EBITDA excludes certain items that are unusual in nature or not comparable from period to period. Adjusted EBITDA margin reflects adjusted EBITDA as a percentage of net sales of the Company. The Company's management uses adjusted diluted EPS as one means of analyzing the Company's current and future financial performance and identifying trends in its financial condition and results of operations. Management believes that adjusted diluted EPS is a useful measure for providing further insight into our operating performance because it eliminates the effects of certain items that are not comparable from one period to the next. An income tax adjustment is included in adjusted diluted EPS to exclude the impact of the valuation allowance against deferred taxes and other tax-related items in order to reflect a normalized ongoing effective tax rate. The Company provides this information to investors to assist in comparisons of past, present and future operating results and to assist in highlighting the results of on-going operations. While the Company's management believes that non-GAAP measurements are useful supplemental information, such adjusted results are not intended to replace the Company's GAAP financial results and should be read in conjunction with those GAAP results. Other Supplemental Information has been provided to demonstrate reconciliation of non-GAAP measurements discussed above to most relevant GAAP financial measurements.

ADJUSTED DILUTED EPS

We define adjusted diluted EPS as reported diluted EPS excluding the effect of one-time, non-recurring activity and volatility associated with our income tax expense. The Company believes that adjusted diluted EPS provides further insight and comparability in operating performance as it eliminates the effects of certain items that are not comparable from one period to the next. Adjustments to diluted EPS include the following:

- · Restructuring and related charges consist of project costs associated with the restructuring initiatives across the Company's segments;
- Transaction related charges are attributable to costs from qualifying strategic transaction or business opportunities, including an acquisition or divestiture, whether or not consummated, subsequent integration related project costs, divestiture support and incremental separation costs.
- Unallocated shared costs associated with discontinued operations from certain shared and center-led administrative functions s the Company's business units excluded from income
 from discontinued operations as they are not a direct cost of the discontinued business but a result of indirect allocations, including but not limited to, information technology, human
 resources, finance and accounting, supply chain, and commercial operations. Amounts attributable to unallocated shared costs would be mitigated through subsequent strategic or
 restructuring initiatives, TSAs, elimination of extraneous costs, or re-allocations or absorption of existing continuing operations following the completed sale of the discontinued
 operations.
- Non-cash purchase accounting inventory adjustments recognized in earnings from continuing operations subsequent to an acquisition;
- · Non-cash asset impairments or write-offs realized and recognized in earnings from continuing operations;
- Gains attributable to the Company investment in Energizer common stock during the three month period ended January 3, 2021. which the Company subsequently sold its remaining shares in January 2021.
- Incremental reserves for non-recurring litigation or environmental remediation activity including the proposed settlement on outstanding litigation matters at our H&G division attributable to significant and unusual nonrecurring claims with no previous history or precedent recognized during the three month period ended January 3, 2021 and the subsequent remeasurement during the three month period ended January 2, 2022;
- Incremental costs realized under a three-year tolling agreement entered into with the buyer in consideration with the divestiture of the Coevorden Operations on March 29, 2020, for the continued production of dog and cat food products purchased to support the GPC commercial operations and distribution in Europe;
- Other adjustments are primarily attributable to (1) incremental fines and penalties realized for delayed shipments following the transition of third-party logistics service provider in GPC during the three month period ended January 2, 2022; and (2) costs associated with Salus they are not considered a component of the continuing commercial products company; and
- Income tax adjustment to diluted EPS is to exclude the impact of adjusting the valuation allowance against deferred taxes and other tax related items in order to reflect a normalized ongoing effective tax rate of 25.0% for the three month periods ended January 2, 2022 and January 3, 2021 based upon enacted corporate tax rate in the United States.

H&G	75.3	82.3	(7.0)	(8.5)%
Net Sales	\$ 757.2	\$ 736.2	21.0	2.9 %

We define organic net sales as reported net sales excluding the effect of changes in foreign currency exchange rates and acquisitions. We believe this non-GAAP measure provides useful information to investors because it reflects regional and operating segment performance from our activities without the effect of changes in currency exchange rate and/or acquisitions. We use organic net sales as one measure to monitor and evaluate our regional and segment performance. Organic growth is calculated by comparing organic net sales to reported net sales in the prior year. The effect of changes in currency exchange rates is determined by translating the period's net sales using the currency exchange rates that were in effect during the prior period. Net sales are attributed to the geographic regions based on the country of destination. We exclude net sales from acquired businesses in the current year for which there are no comparable sales in the prior period. The following is a reconciliation of reported sales to organic sales for the three month period ended January 2, 2022 compared to reported net sales for the three month period ended January 3, 2021:

ADJUSTED EBITDA AND ADJUSTED EBITDA MARGIN

Adjusted EBITDA (Earnings Before Interest, Taxes, Depreciation, Amortization) is a non-GAAP metric used by management that we believe provides useful information to investors because it reflects ongoing operating performance and trends of our segments excluding certain non-cash based expenses and/or non-recurring items during each of the comparable periods and facilitates comparisons between peer companies since interest, taxes, depreciation and amortization can differ greatly between organizations as a result of differing capital structures and tax strategies. Further, adjusted EBITDA is a measure used for determining the Company's debt covenant. EBITDA is calculated by excluding the Company's income tax expense, interest expense, depreciation expense and amortization expense (from intangible assets) from net income. Adjusted EBITDA further excludes the following:

- Stock based compensation costs consist of costs associated with long-term incentive compensation arrangements that generally consist of non-cash, stock-based compensation. During the three month period ended January 3, 2021 compensation costs included incentive bridge awards previously issued due to changes in the Company's LTIP that allowed for cash based payment upon employee election but do not qualify for shared-based compensation, which were fully vested in November 2020;
- · Restructuring and related charges consist of project costs associated with the restructuring initiatives across the Company's segments;
- Transaction related charges are attributable to costs from qualifying strategic transaction or business opportunities, including an acquisition or divestiture, whether or not consummated, subsequent integration related project costs, divestiture support and incremental separation costs;
- Unallocated shared costs associated with discontinued operations from certain shared and center-led administrative functions s the Company's business units excluded from income from discontinued operations as they are not a direct cost of the discontinued business but a result of indirect allocations, including but not limited to, information technology, human resources, finance and accounting, supply chain, and commercial operations. Amounts attributable to unallocated shared costs would be mitigated through subsequent strategic or restructuring initiatives, TSAs, elimination of extraneous costs, or re-allocations or absorption of existing continuing operations following the completed sale of the discontinued operations.
- Non-cash purchase accounting inventory adjustments recognized in earnings from continuing operations subsequent to an acquisition;
- Non-cash asset impairments or write-offs realized and recognized in earnings from continuing operations;
- Gains attributable to the Company investment in Energizer common stock during the three month period ended January 3, 2021. which the Company subsequently sold its remaining shares in January 2021.
- Incremental reserves for non-recurring litigation or environmental remediation activity including the proposed settlement on outstanding litigation matters at our H&G division
 attributable to significant and unusual nonrecurring claims with no previous history or precedent recognized during the three month period ended January 3, 2021 and the subsequent
 remeasurement during the three month period ended January 2, 2022;
- Incremental costs realized under a three-year tolling agreement entered into with the buyer in consideration with the divestiture of the Coevorden Operations on March 29, 2020, for the continued production of dog and cat food products purchased to support the GPC commercial operations and distribution in Europe; and

Adjusted EBITDA margin is calculated as adjusted EBITDA as a percentage of reported net sales for the respective periods.

Spectrum Brands to Acquire Tristar Products' Appliance and Cookware Business and Combine it with its Home and Personal Care Segment;

This New Combined Business is Intended to be Separated from Spectrum Brands, Creating a New Standalone Global Company and a New Spectrum Brands Consisting of its Global Pet Care and Home & Garden Businesses

- Acquisition adds PowerXL, Emeril Lagasse and Copper Chef, well-established brands in the fast-growing cooking
 appliances category, with net sales totaling \$546 million in last twelve months ending December 31, 2021, growing
 sales over 85% in the last three years
- Adds highly complementary and synergistic leading market share positions in the fastest growing cooking categories
 including air fryers, indoor grills, and toaster ovens
- Brings a proven, innovative go-to-market platform with a proven track record of building brands and driving category
 growth
- The Company plans to use the combined Home Appliances and Personal Care businesses to create a separate, pure
 play global platform and intends to update investors on the separation later this year

Middleton, WI, February 4, 2022 – Spectrum Brands Holdings, Inc. (NYSE: SPB; "Spectrum Brands" or the "Company"), a leading global branded consumer products and home essentials company focused on driving innovation and providing exceptional customer service, announced today it has signed a definitive agreement to acquire the home appliances and cookware categories of Tristar Products, Inc. (the "Tristar Business") for \$325 million, in cash, at closing, up to \$100 million, in cash, if certain gross profit targets are achieved in calendar year 2022 and another \$25 million, in cash or equity of the combined business, if certain other gross profit targets are achieved in calendar year 2023. The transaction is expected to close within the next 90 days. The acquisition of the Tristar Business will be funded by a combination of cash on hand and a \$500 million incremental loan incurred as a new tranche under the Company's existing credit agreement.

"We are excited to announce the acquisition of the Tristar Business by our Home and Personal Care ("HPC") segment this morning," said David Maura, Chairman and Chief Executive Officer of Spectrum Brands. "The strategic combination of the Tristar Business with our HPC segment represents an exciting key milestone in our pursuit to create a leading higher-margin and faster-growing company in the global appliances market. The Tristar Business brings us a fantastic content creation studio, incredible DRTV capabilities and adds a direct-to-consumer distribution business that we believe can meaningfully lift HPC's margins and growth rate. For some time, we have been seeking to successfully execute on an accretive transaction in this space and are pleased that this acquisition allows us to create a global appliances leadership platform."

"I am thrilled to have the Tristar Business join a global organization like Spectrum Brands, which can provide the reach and resources for this business to drive significantly higher levels of growth. I have no doubt that this deal will provide a successful future for the combined business' stakeholders, including all of its employees and consumers. This partnership also allows the Tristar Business to continue to deliver the most innovative, value-added and recognizable products. I am a big believer in

the future prospects of this business under Spectrum Brands' ownership and I am excited to have the deal structured to allow me to participate in the future financial performance of the business," said Keith Mirchandani, Founder and Chief Executive Officer of Tristar Products, Inc.

"With this acquisition, we are building a global appliances platform with combined calendar year 2021 net sales of \$1.8 billion and adjusted EBITDA of \$142m. In addition, we expect to achieve \$20-30 million in synergies once this business is completely integrated. This transaction not only increases our global appliances revenue creating a more scaled and efficient global appliances business, but it also brings a much needed direct-to-consumer capability to our combined business. We believe that the Tristar Business' DTC capabilities and great innovation pipeline are critical value drivers of the exciting and dynamic business we are committed to creating through this combination. Their proven "go-to-market" platform has driven the rapid growth of their chef-inspired consumer brands and has established them as market leaders in the fast-growing air fry category. More recently, they have successfully proven their ability to launch line extensions in other categories such as electric grills, toaster ovens, cookware and other kitchen appliance categories.

"The Tristar Business can be enhanced by the capabilities and strengths of our current HPC business. Specifically, we will utilize our combined business' seasoned and talented management team and our global presence and experience in a broader array of categories to expand Tristar's brands and DTC capabilities globally. All in, we expect this strategic combination to deliver sustained growth and global market leadership in the appliances space. I look forward to combining the Tristar Business' capabilities into our business and welcoming all of their employees to our HPC family," said David Albert, President of Spectrum Brands' HPC segment.

"After the closing of this transaction, our appliances business will have a powerful portfolio of leading global brands in the home and personal care appliance space, which will allow us to commence a refresh of our go-forward brand and product strategy and invest with confidence in building brand equity for long-term category growth," said David Maura.

"I am excited to announce our intention to create a separate, pure play global home appliances and personal care company with its own capital structure and separate balance sheet to pursue other M&A and strategic transactions. We are currently considering possible scenarios for the combined business, which include, but are not limited to, a partial or complete spin-off to our shareholders, an initial public offering or a merger with an existing publicly traded entity. Subject to market conditions and transaction dynamics, we intend to update investors on the separation later this year.

"We continue to make good progress on receiving the regulatory approvals required to complete the sale of our Hardware and Home Improvement business to ASSA Abloy for \$4.3 billion. Following completion of the HHI sale and execution of our strategic plan for our HPC business, we envision a Spectrum Brands that is a streamlined, very efficient, higher margin and higher growth pure play Global Pet Care and Home & Garden company. We are assessing these options thoughtfully and believe that creating two pure play businesses, one focused on pet care and home and garden and the other on home and personal care is the best path for us to maximize growth potential and long-term shareholder value," concluded Mr. Maura.

Credit Suisse Securities, RBC Capital Markets and Canaccord Genuity Group acted as financial advisor and Sidley Austin LLP acted as legal counsel to Spectrum Brands on the transaction. Stifel acted as exclusive financial advisor and Venable LLP as legal counsel to Tristar Products.

Forward-Looking Statements

Certain matters discussed in this press release may be forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. We have tried, whenever possible, to identify these statements by using the words like "future", "anticipate", "intend", "plan", "believe", "expect", "project", "forecast", "could", "would", "should", "will", "may" and similar expressions of future intent or the negative of such terms. These statements are based upon our current expectations of future events and projections and are subject to a number of risks and uncertainties, many of which are beyond our control and some of which may change rapidly, actual results or outcomes may differ materially from those expressed or implied herein, and you should not place undue reliance on these statements. Important factors that could cause our actual results to differ materially from those expressed or implied herein include, without limitation: (1) the ability to consummate the announced transaction on the expected terms and within the anticipated time period, or at all, which is dependent on the parties' ability to satisfy certain closing conditions and our ability to realize the benefits of the transaction, including reducing the leverage of the Company, invest in the organic growth of the Company, fund any future acquisitions, returning capital to shareholders, and/or maintain its quarterly dividends; (2) the risk that regulatory approvals that are required to complete the proposed transaction may not be received, may take longer than expected or may impose adverse conditions; (3) our ability to realize the expected benefits of such transaction and to successfully integrate the business; (4) the impact of the COVID-19 pandemic on our customers, employees, manufacturing facilities, suppliers, the capital markets and our financial condition, and results of operations, all of which tend to aggravate the other risks and uncertainties we face; (5) the impact of our indebtedness on our business, financial condition and results of operations; (6) the impact of restrictions in our debt instruments on our ability to operate our business, finance our capital needs or pursue or expand business strategies; (7) any failure to comply with financial covenants and other provisions and restrictions of our debt instruments; (8) the effects of general economic conditions, including the impact of, and changes to tariffs and trade policies, inflation, recession or fears of a recession, depression or fears of a depression, labor costs and stock market volatility or monetary or fiscal policies in the countries where we do business; (9) the impact of fluctuations in transportation and shipment costs, commodity prices, costs or availability of raw materials or terms and conditions

available from suppliers, including suppliers' willingness to advance credit; (10) interest rate and exchange rate fluctuations; (11) the loss of, significant reduction in, or dependence upon, sales to any significant retail customer(s); (12) competitive promotional activity or spending by competitors, or price reductions by competitors; (13) the introduction of new product features or technological developments by competitors and/or the development of new competitors or competitive brands; (14) the impact of actions taken by significant stockholders; (15) changes in consumer spending preferences and demand for our products, particularly in light of the COVID-19 pandemic and economic stress; (16) our ability to develop and successfully introduce new products, protect our intellectual property and avoid infringing the intellectual property of third parties; (17) our ability to successfully identify, implement, achieve and sustain productivity improvements (including our Global Productivity Improvement Program), cost efficiencies (including at our manufacturing and distribution operations) and cost savings; (18) the seasonal nature of sales of certain of our products; (19) the effects of climate change and unusual weather activity, as well as further natural disasters and pandemics; (20) the cost and effect of unanticipated legal, tax or regulatory proceedings or new laws or regulations (including environmental, public health and consumer protection regulations); (21) our discretion to conduct, suspend or discontinue our share repurchase program (including our discretion to conduct purchases, if any, in a variety of manners including open-market purchases or privately negotiated transactions); (22) public perception regarding the safety of products that we manufacture and sell, including the potential for environmental liabilities, product liability claims, litigation and other claims related to products manufactured by us and third parties; (23) the impact of existing, pending or threatened litigation, government regulations or other requirements or operating standards applicable to our business; (24) the impact of cybersecurity breaches or our actual or perceived failure to protect company and personal data, including our failure to comply with new and increasingly complex global data privacy regulations; (25) changes in accounting policies applicable to our business; (26) our ability to utilize net operating loss carry-forwards to offset tax liabilities from future taxable income; (27) the impact of expenses resulting from the implementation of new business strategies, divestitures or current and proposed restructuring activities; (28) our ability to successfully implement further acquisitions or dispositions and the impact of any such transactions on our financial performance; (29) the unanticipated loss of key members of senior management and the transition of new members of our management teams to their new roles; (30) the impact of economic, social and political conditions or civil unrest in the U.S. and other countries; (31) the effects of political or economic conditions, terrorist attacks, acts of war, including any potential conflict in Ukraine, natural disasters, public health concerns or other unrest in international markets; (32) our ability to achieve our goals regarding environmental, social and governance practices; (33) our increased reliance on third party partners, suppliers, and distributors to achieve our business objectives; (34) the ability to consummate the announced Hardware and Home Improvement ("HHI") divestiture on the expected terms and within the anticipated time period, or at all; (35) the risk that regulatory approvals that are required to consummate the proposed HHI divestiture may not be realized, may take longer than expected, or may impose adverse conditions; and (36) the other risk factors set forth in the securities filings of Spectrum Brands Holdings, Inc. and SB/RH Holdings, LLC, including our fiscal 2021 Annual Report and subsequent Quarterly Reports on Form 10-Q.

Some of the above-mentioned factors are described in further detail in the sections entitled "Risk Factors" in our annual and quarterly reports, as applicable. You should assume the information appearing in this press release is accurate only as of the date hereof, or as otherwise specified, as our business, financial condition, results of operations and prospects may have changed since such date. Except as required by applicable law, including the securities laws of the United States and the rules and regulations of the United States Securities and Exchange Commission, we undertake no obligation to publicly update or revise any forward-looking statement, whether as a result of new

information, future events or otherwise, to reflect actual results or changes in factors or assumptions affecting such forward-looking statements.

Non-GAAP Financial Measures

Management believes that certain non-GAAP financial measures may be useful in certain instances to provide additional meaningful comparisons between current results and results in prior operating periods. Within this release reference is made to adjusted earnings before interest, taxes, depreciation and amortization (EBITDA). Adjusted EBITDA is a metric used by management to evaluate segment performance and frequently used by the financial community which provides insight into an organization's operating trends and facilitates comparisons between peer companies, since interest, taxes, depreciation and amortization can differ greatly between organizations as a result of differing capital structures and tax strategies. Adjusted EBITDA also is one of the measures used for determining compliance with the Company's debt covenants. Adjusted EBITDA excludes certain items that are unusual in nature or not comparable from period to period. Spectrum Brands provides this information to investors to assist in comparisons of past, present and future operating results and to assist in highlighting the results of on-going operations. While Spectrum Brands' management believes that non-GAAP measurements are useful supplemental information, such adjusted results are not intended to replace the Company's GAAP financial results and should be read in conjunction with those GAAP results.

The combined sales and EBITDA for the global combined appliances platform consist of (1) the Company's HPC segment with net sales of \$1,261.3 million and adjusted EBITDA of \$79.1 million for the last twelve-month ("LTM") period ended January 2, 2022 and (2) the Tristar Business with net sales of \$546.4 million and an assessed adjusted EBITDA of \$62.9 million for their fiscal year ended December 31, 2021. Reconciliations of all Spectrum non-GAAP measures to the most comparable GAAP measures for the consolidated group and its segments, including the HPC segment, are included in the Company's 2021 Annual Report included in Form 10-k filed with the SEC, and subsequent Quarterly Reports on Form 10-Q, available at the Investor Relation section at www.spectrumbrands.com. The following is a reconciliation of the adjusted net income from continuing operations to adjusted EBITDA for the HPC segment for the LTM period ended January 2, 2022.

The impact from the Company's corporate adjustments attributable to income tax expense, interest expense, and share based compensation are not reflected in the reconciliation of non-GAAP measures for the HPC segment, but such adjustments would not impact the adjusted EBITDA figure as presented. The operating results of the Tristar Business consist of unaudited financial information provided by Tristar Products, Inc., for the fiscal year ended December 31, 2021, including the

operating results attributable to the combined businesses of the home appliances and cookware categories, plus an allocation of certain corporate costs from Tristar Products, Inc. that would be assumed with the acquisition of the Tristar Business. Adjustments to Adjusted EBITDA may not be consistent to those adjustments presented and disclosed by Spectrum Brands.
