Forward-Looking Statements

We have made or implied certain forward-looking statements in this document. All statements, other than statements of historical facts included or incorporated by reference in this document, including the statements under Management's Discussion and Analysis of Financial Condition and Results of Operations, without limitation, statements or expectations regarding our business strategy, future operations, financial condition, estimated revenues, projected costs, earnings power, projected synergies, prospects, plans and objectives of management, outcome of any litigation and information concerning expected actions of third parties are forward-looking statements. When used in this report, the words future, anticipate, pro forma, seek, intend, plan, envision, estimate, believe, belief, expect, project, forecast, outlook, earnings framework, goal, target, could, would, will, can, should, may and similar expressions are intended to identify forward-looking statements, although not all forward-looking statements contain such identifying words.

Since these forward-looking statements are based upon our current expectations of future events and projections and are subject to a number of risks and uncertainties, many of which are beyond our control and some of which may change rapidly, actual results or outcomes may differ materially from those expressed or implied herein, and you should not place undue reliance on these statements. Important factors that could cause our actual results to differ materially from those expressed or implied herein include, without limitation:

- the COVID-19 pandemic, economic, social and political conditions or civil unrest, terrorist attacks, acts of war, natural disasters, other public health concerns or unrest in the United States ("U.S.") or the international markets impacting our business, customers, employees (including our ability to retain and attract key personnel), manufacturing facilities, suppliers, capital markets, financial condition and results of operations, all of which tend to aggravate the other risks and uncertainties we face;
- the impact of a number of local, regional and global uncertainties could negatively impact our business;
- the negative effect of the armed conflict between Russia and Ukraine and its impact on those regions and surrounding regions, including on our operations and on those of our customers, suppliers and other stakeholders;
- · our increased reliance on third-party partners, suppliers and distributors to achieve our business objectives;
- the impact of expenses resulting from the implementation of new business strategies, divestitures or current and proposed restructuring and optimization activities, including distribution center changes which are complicated and involve coordination among a number of stakeholders, including our suppliers and transportation and logistics handlers;
- the impact of our indebtedness and financial leverage position on our business, financial condition and results of operations;
- · the impact of restrictions in our debt instruments on our ability to operate our business, finance our capital needs or pursue or expand business strategies;
- any failure to comply with financial covenants and other provisions and restrictions of our debt instruments;
- the effects of general economic conditions, including the impact of, and changes to tariffs and trade policies, inflation, recession or fears of a recession, depression or fears of a depression, labor costs and stock market volatility or monetary or fiscal policies in the countries where we do business;
- the impact of fluctuations in transportation and shipment costs, fuel costs, commodity prices, costs or availability of raw materials or terms and conditions available from suppliers, including suppliers' willingness to advance credit;
- · interest rate fluctuations;
- · changes in foreign currency exchange rates that may impact our purchasing power, pricing and margin realization within international jurisdictions;
- · the loss of, significant reduction in or dependence upon, sales to any significant retail customer(s), including their changes in retail inventory levels and management thereof;
- competitive promotional activity or spending by competitors, or price reductions by competitors;
- the introduction of new product features or technological developments by competitors and/or the development of new competitors or competitive brands;
- · changes in consumer spending preferences and demand for our products, particularly in light of economic stress and the COVID-19 pandemic;
- · our ability to develop and successfully introduce new products, protect our intellectual property and avoid infringing the intellectual property of third parties;
- our ability to successfully identify, implement, achieve and sustain productivity improvements, cost efficiencies (including at our manufacturing and distribution operations) and cost savings;
- the seasonal nature of sales of certain of our products;
- the impact weather conditions may have on the sales of certain of our products;
- the effects of climate change and unusual weather activity as well as our ability to respond to future natural disasters and pandemics and to meet our environmental, social and governance goals;
- the cost and effect of unanticipated legal, tax or regulatory proceedings or new laws or regulations (including environmental, public health and consumer protection regulations);
- public perception regarding the safety of products that we manufacture and sell, including the potential for environmental liabilities, product liability claims, litigation and other claims related to products manufactured by us and third parties;
- the impact of existing, pending or threatened litigation, government regulation or other requirements or operating standards applicable to our business;
- the impact of cybersecurity breaches or our actual or perceived failure to protect company and personal data, including our failure to comply with new and increasingly complex global data privacy regulations;
- · changes in accounting policies applicable to our business;
- our discretion to adopt, conduct, suspend or discontinue any share repurchase program (including our discretion to conduct purchases, if any, in a variety of manners including openmarket purchases or privately negotiated transactions);
- our ability to utilize net operating loss carry-forwards to offset tax liabilities from future taxable income;
- our ability to consummate the announced Hardware and Home Improvement ("HHI") divestiture on the expected terms and within the anticipated time period, or at all, which is dependent on the parties' ability to satisfy certain closing conditions and our ability to realize the benefits of the transaction, including reducing the financial leverage of the Company, investing in the organic growth of the Company, funding any future acquisitions, returning capital to shareholders, and/or maintaining our quarterly dividends;

- our ability to overcome, or timely overcome, the U.S. Department of Justice's ("DOJ") complaint to enjoin the proposed acquisition of the Company's HHI business by ASSA ABLOY ("ASSA"), including ASSA's ability to complete the dispositions that it has proposed to resolve all the alleged competitive concerns (i.e., the disposition of its Emtek business and its smart residential business in the U.S. and Canada);
- the risk that regulatory approvals that are required to complete the proposed HHI divestiture may not be realized, may take longer than expected or may impose adverse conditions;
- our ability to successfully integrate the February 18, 2022, acquisition of the home appliances and cookware products business from Tristar Products, Inc. (the "Tristar Business") into the Company's Home and Personal Care ("HPC") business and realize the benefits of this acquisition;
- our ability to separate the Company's HPC business and create an independent Global Appliances business on expected terms, and within the anticipated time period, or at all, and to realize the potential benefits of such business;
- our ability to create a pure play consumer products company composed of our Global Pet Care ("GPC") and Home & Garden ("H&G") business and to realize the expected benefits of such creation, and within the anticipated time period, or at all;
- · our ability to successfully implement further acquisitions or dispositions and the impact of any such transactions on our financial performance;
- · the impact of actions taken by significant stockholders; and
- · the unanticipated loss of key members of senior management and the transition of new members of our management teams to their new roles.

Some of the above-mentioned factors are described in further detail in the sections entitled *Risk Factors* in our annual and quarterly reports (including this report), as applicable. You should assume the information appearing in this report is accurate only as of the end of the period covered by this report, or as otherwise specified, as our business, financial condition, results of operations and prospects may have changed since that date. Except as required by applicable law, including the securities laws of the U.S. and the rules and regulations of the United States Securities and Exchange Commission ("SEC"), we undertake no obligation to publicly update or revise any forward-looking statement, whether as a result of new information, future events or otherwise, to reflect actual results or changes in factors or assumptions affecting such forward-looking statements.

SPECTRUM BRANDS HOLDINGS, INC. SB/RH HOLDINGS, LLC TABLE OF CONTENTS

This report is a combined report of Spectrum Brands Holdings, Inc. and SB/RH Holdings, LLC. The combined notes to the condensed consolidated financial statements include notes representing Spectrum Brands Holdings, Inc. and SB/RH Holdings, LLC.

SPECTRUM BRANDS HOLDINGS, INC. SB/RH HOLDINGS, LLC NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

(in millions, unaudited)

This report is a combined report of Spectrum Brands Holdings, Inc. ("SBH") and SB/RH Holdings, LLC ("SB/RH") (collectively, the "Company"). The notes to the condensed consolidated financial statements that follow include both consolidated SBH and SB/RH Notes, unless otherwise indicated below.

NOTE 1- BASIS OF PRESENTATION AND SIGNIFICANT ACCOUNTING POLICIES

Principles of Consolidation and Fiscal Period-End

The accompanying unaudited condensed consolidated financial statements have been prepared by the Company and its majority owned subsidiaries in accordance with accounting principles for interim financial information generally accepted in the United States and with the instructions to Form 10-O and Article 10 of Regulation S-X. Accordingly, they do not include all the information and notes necessary for a comprehensive presentation of financial position and results of operations. It is management's opinion, however, that all material adjustments have been made which are necessary for a fair financial statement presentation. For further information, refer to the consolidated financial statements and notes included in the Company's Annual Report on Form 10-K for the fiscal year ended September 30, 2022

SBH's and SB/RH's fiscal year ends September 30 and the Company reports its results using fiscal quarters whereby each three month quarterly reporting period is approximately thirteen weeks in length and ends on a Sunday. The exceptions are the first quarter, which begins on October 1, and the fourth quarter, which ends on September 30. As a result, the fiscal period end date for the three month periods included within this Quarterly Report for the Company are January 1, 2023 and January 2, 2022.

Newly Adopted Accounting Standards

In March 2020, the FASB issued ASU 2020- 04, Reference Rate Reform (Topic 848): Facilitation of the Effects of Reference Rate Reform on Financial Reporting. This ASU provides optional expedients and exceptions for applying generally accepted accounting principles to contracts, hedging relationships, and other transactions affected by reference rate reform if certain criteria are met. In response to the concerns about structural risks of interbank offered rates ("IBORs") and, particularly, the risk of cessation of the London Interbank Offered Rate ("LIBOR"), regulators in several jurisdictions around the world have undertaken reference rate reform initiatives to identify alternative reference rates that are more observable or transaction based and less susceptible to manipulation. The ASU provides companies with optional guidance to ease the potential accounting burden associated with transitioning away from reference rates that are expected to be discontinued. In January 2021, the FASB issued ASU 2021-01, which adds implementation guidance to clarify certain optional expedients in Topic 848. The adoption did not have a material impact on the consolidated financial statements.

Recently Issued Accounting Standards

In September 2022, the FASB issued ASU 2022-04, Supplier Finance Programs (Subtopic 405-50): Disclosure of Supplier Finance Program Obligations to enhance transparency about the use of supplier finance programs. Under the ASU, the buyer in a supplier finance program is required to disclose information about the key terms of the program, outstanding confirmed amounts as of the end of the period, a rollforward of such amounts during each annual period, and a description of where in the financial statements outstanding amounts are presented. The amendments in ASU 2022-04 are effective for all entities for fiscal years beginning after December 15, 2022, including interim periods within those financial years, except for the disclosure of rollforward information, which is effective for fiscal years beginning after December 15, 2023. Early adoption is permitted. The Company is evaluating the effect of adopting this new accounting guidance.

NOTE 2 - DIVESTITURES

The following table summarizes the components of Income from Discontinued Operations, Net of Tax in the accompanying Condensed Consolidated Statements of Income for the three month periods ended January 1, 2023 and January 2, 2022

	Three Month	Periods Ended
(in millions)	January 1, 2023	January 2, 2022
Income from discontinued operations before income taxes – HHI	\$ 45.0	\$ 60.0
Loss from discontinued operations before income taxes – Other	(0.6)	(0.3)
Interest on corporate debt allocated to discontinued operations	16.3	10.4
Income from discontinued operations before income taxes	28.1	49.3
Income tax expense from discontinued operations	8.6	10.5
Income from discontinued operations, net of tax	19.5	38.8
Income from discontinued operations, net of tax attributable to noncontrolling interest	0.1	0.4
Income from discontinued operations, net of tax attributable to controlling interest	\$ 19.4	\$ 38.4

Interest from corporate debt allocated to discontinued operations includes interest expense from Term Loans required to be paid down using proceeds received on disposal on sale of a business, and interest expense from corporate debt not directly attributable to or related to other operations based on the ratio of net assets of the disposal group held for sale to the consolidated net assets of the Company plus consolidated debt, excluding debt assumed in the transaction, required to be repaid, or directly attributable to other operations of the Company. Corporate debt, including Term Loans required to be paid down, are not classified as held for sale as they are not directly attributable to the identified disposal group.

Hardware and Home Improvement ("HHI")

On September 8, 2021, the Company entered into a definitive Asset and Stock Purchase Agreement (the "ASPA") with ASSA ABLOY AB ("ASSA") to sell its HHI segment for cash proceeds of \$4.3 billion, subject to customary purchase price adjustments (the "HHI Transaction"). The Company's assets and liabilities associated with the HHI disposal group have been classified as held for sale, and the respective operations have been classified as discontinued operations and reported separately for all periods presented.

NOTE 2 - DIVESTITURES (continued)

The ASPA provides that ASSA will purchase the equity of certain subsidiaries of the Company, and acquire certain assets and assume certain liabilities of other subsidiaries used or held for the purpose of the HHI business. The Company and ASSA have made customary representations and warranties and have agreed to customary covenants relating to the acquisition. Among other things, prior to the consummation of the acquisition, the Company will be subject to certain business conduct restrictions with respect to its operation of the HHI business. The Company and ASSA have agreed to indemnify each other for losses arising from certain breaches of the ASPA and for certain other matters. In particular, the Company has agreed to indemnify ASSA for certain liabilities relating to the assets retained by the Company, and ASSA has agreed to indemnify the Company for certain liabilities assumed by ASSA, in each case as described in the ASPA. The Company and ASSA have agreed to enter into related agreements ancillary to the acquisition that will become effective upon the consummation of the acquisition, including a customary transition services agreement and reverse transition services agreement.

The consummation of the acquisition is subject to certain customary conditions, including, among other things, (i) the absence of a material adverse effect on HHI, (ii) the expiration or termination of required waiting periods under the Hart-Scott-Rodino Antitrust Improvements Act of 1976, (iii) the receipt of certain other antitrust approvals in certain specified foreign jurisdictions (the conditions contained in (ii) and (iii) together, the "Antitrust Conditions"), (iv) the accuracy of the representations and warranties of the parties generally subject to a customary material adverse effect standard (as described in the ASPA) or other customary materiality qualifications), (v) the absence of governmental restrictions on the consummation of the acquisition in certain jurisdictions, and (vi) material compliance by the parties with their respective covenants and agreements under the ASPA. The consummation of the acquisition is not subject to any financing condition.

The ASPA also contains certain termination rights, including the right of either party to terminate the ASPA if the consummation of the acquisition has not occurred on or before December 8, 2022 (the "Termination Date"). Further, if the acquisition has not been consummated by the Termination Date and all conditions precedent to ASSA's obligation to consummate the acquisition have otherwise been satisfied except for one or more of the Antitrust Conditions, then ASSA would be required to pay the Company a termination fee of \$350 million. On July 14, 2022, the parties entered into an amendment to the ASPA (the "Amendment") pursuant to which the Termination Date was extended to June 30, 2023. Except for the foregoing amendment to the Termination Date, the ASPA remains in full force and effect as written, including with respect to the termination fee of \$350 million. The Company continues to engage with antitrust regulators in the regulatory review of the HHI transaction, and the extension is intended to provide the parties with additional time (to the extent needed) to satisfy the conditions related to receipt of governmental clearances. On September 15, 2022, the Department of Justice ("DOJ") filed a complaint seeking to enjoin the transaction and block the acquisition of the HHI division by ASSA. Both the Company and ASSA have stated their disagreement with the DOJ's concerns. On December 2, 2022, ASSA announced an agreement to sell its Emtek and the Smart Residential Business in the U.S. and Canada to Fortune Brands in response to competitive concerns raised by the DOJ in their complaint. The Company expects that the trial will occur in April 2023. The Company and ASSA will jointly defend the transaction in the litigation. The Company and ASSA both continue to expect that they will obtain all the required governmental clearances and will close the HHI transaction

The following table summarizes the assets and liabilities of the HHI disposal group classified as held for sale as of January 1, 2023 and September 30, 2022:

(in millions)	January 1, 2023	S	eptember 30, 2022
Assets			
Trade receivables, net	\$ 111.3	\$	135.5
Other receivables	4.9		6.7
Inventories	340.0		327.1
Prepaid expenses and other current assets	32.6		33.1

SPECTRUM BRANDS HOLDINGS, INC. SB/RH HOLDINGS, LLC NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

(in millions, unaudited)

NOTE 2 - DIVESTITURES (continued)

The following table summarizes the components of income from discontinued operations before income taxes associated with the HHI divestiture in the accompanying Condensed Consolidated Statements of Operations for the three month periods ended January 1, 2023 and January 2, 2022:

	Three Month Periods Ended							
(in millions)	Janu	ary 1, 2023	January 2, 2022					
Net sales	\$	362.9	\$	374.7				
Cost of goods sold		244.8		245.0				
Gross profit		118.1		129.7				
Operating expenses		71.1		67.2				
Operating income		47.0		62.5				
Interest expense		0.8		0.9				
Other non-operating expense, net		1.2		1.6				
Income from discontinued operations before income taxes	\$	45.0	\$	60.0				

Beginning in September 2021, the Company ceased the recognition of depreciation and amortization of long-lived assets associated with the HHI disposal group classified as held for sale. Interest expense consists of interest from debt directly attributable to HHI operations that primarily consist of interest from finance leases. No impairment loss was recognized on the assets held for sale as the purchase price of the business less estimated cost to sell is more than its carrying value. The following table presents significant non-cash items and capital expenditures of discontinued operations from the HHI divestiture for the three month periods ended January 1, 2023 and January 2, 2022:

		Three Month Periods Ended							
(in millions)	_	January 1, 2023	January 2, 2022						
Share based compensation	\$	0.9	\$ 2.8						
Purchases of property, plant and equipment		3.6	5.0						

Other

Loss from discontinued operations before income taxes - other includes incremental pre-tax loss for changes to tax and legal indemnifications and other agreed-upon funding under the acquisition agreements for the sale and divestiture of the Global Batteries & Lighting ("GBL") and Global Auto Care ("GAC") divisions to Energizer Holdings, Inc. ("Energizer") during the year ended September 30, 2019. The Company and Energizer agreed to indemnify each other for losses arising from certain breaches of the acquisition agreement and for certain other matters, in each case as described in the acquisition agreements. Subsequently, effective January 2, 2020, Energizer closed its divestitures of the European based Varta® consumer battery business in the EMEA region to Varta AG and transferred all respective rights and indemnifications attributable to the Varta® consumer battery business provided by the GBL sale to Varta AG. As of January 1, 2023 and September 30, 2022, the Company recognized \$23.7 million and \$22.3 million, respectively, related to indemnification payables in accordance with the acquisition agreements, primarily attributable with uncertain tax benefit obligations and outstanding settlements with tax authorities that were transferred and indemnified in accordance with the acquisition agreement, including \$7.1 million and \$7.0 million within Other Current Liabilities, respectively, and \$16.6 million and \$15.3 million, within Other Long-Term Liabilities, respectively, on the Company's Condensed Consolidated Statements of Financial Position.

NOTE 3 - RESTRUCTURING CHARGES

During the year ended September 30, 2022, the Company entered into a new initiative in response to changes observed within consumer products and retail markets, continued inflationary cost pressures and headwinds, and to facilitate changes in the management structure for enabling functions of the consolidated group, resulting in the realization of headcount reductions. Total cumulative costs associated with the new restructuring initiative were \$10.4 million. Substantially all costs associated with the initiative have been recognized in the prior year with incremental costs realized during the three month period ended January 1, 2023, which were attributable to changes in timing and accruals previously recognized since the initiative was established.

During the year ended September 30, 2022, the Company initiated the exit of its in-country commercial operations in Russia, predominantly supporting the HPC segment, including costs for severance and other exit and disposal activity to close the operations. Total cumulative costs associated with the initiative were \$1.2 million. Substantially all costs, excluding lease termination or asset impairment costs associated with the initiative has been recognized.

The Company may enter into small, less significant initiatives to reduce costs and improve margins throughout the organization. Individually these activities are not substantial and occur over a shorter time period (generally less than 12 months).

The following summarizes restructuring charges for the three month periods ended January 1, 2023 and January 2, 2022:

		Periods Ei	eriods Ended		
(in millions)	Janu	ary 1, 2023	January 2, 2022

The Company offers standard warranty coverage on certain products that it sells and accounts for this as an assurance warranty. As such, no transaction price is allocated to the standard warranty, and the Company records a liability for product warranty obligations at the time of sale to a customer based upon historical warranty experience. See Note 16 - Commitments and Contingencies for further information regarding the Company's standard warranties.

The Company has a broad range of customers, including many large mass retail customers. During the three month period ended January 1, 2023 and January 2, 2022, there were two large retail customers each exceeding 10% of consolidated Net Sales and representing 36.2% and 33.0%, respectively, of consolidated Net Sales.

A significant portion of our product sales from our HPC segment are subject to the continued use and access to the Black & Decker ("B&D") brand through a license agreement with Stanley Black and Decker. The license agreement was renewed through June 30, 2025, including a sell-off period from April 1, 2025 to June 30, 2025 whereby the Company can continue to sell and distribute but no longer produce products subject to the license agreement. Net sales from B&D product sales consisted of \$86.7 million, or 12.2% of consolidated net sales, and \$129.4 million, or 17.1% of consolidated net sales, for the three month periods ended January 1, 2023 and January 2, 2022, respectively. All other significant brands and tradenames used in the Company's commercial operations are directly owned and not subject to further restrictions

In the normal course of business, the Company may allow customers to return product or take credit for product returns per the provisions in a sale agreement. Estimated product returns are recorded as a reduction in reported revenues at the time of sale based upon historical product return experience, adjusted for known trends, to arrive at the amount of consideration expected to be received. The allowance for product returns as of January 1, 2023 and September 30, 2022 was \$15.7 million and \$15.5 million, respectively.

NOTE 5 – RECEIVABLES AND CONCENTRATION OF CREDIT RISK

The allowance for credit losses on the Company's trade receivables as of January 1, 2023 and September 30, 2022 was \$9.4 million and \$7.3 million, respectively.

The Company has a broad range of customers including many large mass retail customers. As of January 1, 2023, there was one large retail customer exceeding 10% of consolidated Net Trade Receivables and representing 16.3% of consolidated Net Trade Receivables. As of September 30, 2022 there were two large retail customers exceeding 10% of consolidated Net Trade Receivables and representing and 21.9% of consolidated Net Trade Receivables.

NOTE 6 - INVENTORIES

Inventories consist of the following:

(in millions)	Jan	uary 1, 2023	Sept	September 30, 2022		
Raw materials	\$	80.2	\$	72.3		
Work-in-process		9.3		10.5		
Finished goods		612.8		697.8		
	\$	702.3	\$	780.6		
			_			

NOTE 7 – PROPERTY, PLANT AND EQUIPMENT

Property, plant and equipment consist of the following:

(in millions)	 January 1, 2023	 September 30, 2022		
Land, buildings and improvements	\$ 78.5	\$ 75.7		
Machinery, equipment and other	397.5	394.1		
Finance leases	141.0	139.8		
Construction in progress	59.4	54.7		
Property, plant and equipment	676.4	664.3		
Accumulated depreciation	(412.2)	(400.5)		
Property, plant and equipment, net	\$ 264.2	\$ 263.8		

Depreciation expense from property, plant, and equipment for the three month periods ended January 1, 2023 and January 2, 2022, was \$12.2 million.

NOTE 8 - GOODWILL AND INTANGIBLE ASSETS

Goodwill consists of the following:

(in millions)	HPC			GPC	H&G			Total
As of September 30, 2022	\$	108.1	\$	502.4	\$	342.6	\$	953.1
Tristar Business acquisition adjustment		3.0		_		_		3.0
Foreign currency impact		_		8.9		_		8.9
As of January 1, 2023	\$	111.1	\$	511.3	\$	342.6	\$	965.0

During the three month period ended January 1, 2023, the Company recognized incremental adjustments to HPC goodwill attributable to changes to the preliminary valuation of net assets acquired associated with the acquisition of the Tristar Business, previously acquired on February 18, 2022, primarily associated with the valuation of reserves on trade receivables and deferred tax assets as of the acquisition date. The preliminary values recorded were determined based upon a valuation with estimates and assumptions used in such valuation that are subject to change within the measurement period (up to one year from the acquisition date). There are no further adjustments anticipated on the valuation of acquired net assets. See *Note 4 - Acquisitions* in the Notes to the Consolidated Financial Statements within the Company's Annual Report on Form 10-K, released on November 22, 2022, for further discussion on the Tristar Business acquisition.

The carrying value and accumulated amortization of intangible assets are as follows:

		Jan	uary 1, 2023					Septe	ember 30, 2022	, 2022					
(in millions)	ss Carrying Amount		Accumulated Amortization		Net	Gross Carrying Amount		** ·							Net
Amortizable intangible assets:															
Customer relationships	\$ 635.4	\$	(387.1)	\$	248.3	\$	627.8	\$	(373.9)	\$	253.9				
Technology assets	75.3		(32.1)		43.2		75.3		(30.8)		44.5				
Tradenames	10.9		(5.6)		5.3		10.6		(5.1)		5.5				
Total amortizable intangible assets	721.6		(424.8)		296.8		713.7		(409.8)		303.9				
Indefinite-lived intangible assets – tradenames	914.0		_		914.0		898.3		_		898.3				
Total Intangible Assets	\$ 1,635.6	\$	(424.8)	\$	1,210.8	\$	1,612.0	\$	(409.8)	\$	1,202.2				

There were no triggering events or impairments of goodwill and intangible assets identified during the three month period ended January 1, 2023.

Amortization expense from the intangible assets for the three month periods ended January 1, 2023 and January 2, 2022 was \$10.4 million and \$13.3 million, respectively. Excluding the impact of any future acquisitions, dispositions or changes in foreign currency, the Company estimates annual amortization expense of intangible assets for the next five fiscal years will be as follows:

(in millions)	Amortization
2023	\$ 41.8
2024	41.4
2025	39.1
2026	38.1
2027	38.1

NOTE 9 - DEBT

Debt consists of the following:

		January 1, 2	2023	September	30, 2022
(in millions)	A	Amount	Rate	Amount	Rate

Debt issuance costs		(34.2)		(36.2)	
Less current portion		(12.5)		(12.3)	
Long-term debt, net of current portion	\$	3,267.7	\$	3,144.5	

Our Revolver Facility has a total capacity of \$1,100 million. Borrowings from the initial revolver capacity of \$600 million are subject to either adjusted London Inter-Bank Offered Rate ("LIBOR") plus margin ranging from 1.75% to 2.75% per annum, or base rate plus margin ranging from 0.75% to 1.75% per annum; and borrowings under the incremental revolver capacity of \$500 million, per the third amendment to the Amended and Restated Credit Agreement (the "Credit Agreement"), are subject to Secured Overnight Financing Rate ("SOFR") plus margin ranging from 1.75% to 2.75% per annum or base rate plus margin ranging from 0.75% to 1.75%. Effective November 3, 2022, the applicable margin increased 25 bps resulting in an increase to the SOFR margin ranging from 2.00% to 3.00% per annum or base rate plus margin ranging from 1.00% to 2.00%, with subsequent increases of 25 bps each 90-day anniversary after the initial step-up date. The LIBOR borrowings are subject to a 0.75% LIBOR floor, and the SOFR borrowings are subject to a 0.50% SOFR floor. Our Revolver Facility allows for the LIBOR rate to be phased out and replaced with the SOFR, and therefore we do not anticipate a material impact by the expected upcoming LIBOR transition. We expect the transition from the LIBOR rate to SOFR will be effective no later than the end of June 2023 As a result of borrowings and payments under the Revolver Facility, the Company had borrowing availability of \$252.5 million at January 1, 2023, net of outstanding letters of credit of \$17.5 million.

The Term Loan Facility is subject to a rate per annum equal to either (1) the LIBO Rate (as defined in the Credit Agreement), subject to a 0.50% floor, adjusted for statutory reserves, plus a margin of 2.00% per annum or (2) the Alternate Base Rate (as defined in the Credit Agreement), plus a margin of 1.00% per annum.

On November 17, 2022, the Company entered into the fourth amendment to the Credit Agreement to temporarily increase the maximum consolidated total net leverage ratio permitted to be no greater than 7.0 to 1.0 before returning to 6.0 to 1.0 at the earliest of (i) September 29, 2023, or (ii) 10 business days after the closing of the HHI divestiture or receipt of the related termination fee. The Company incurred \$2.3 million in connection with the fourth amendment, which has been recognized as interest expense for the three month period ended January 1, 2023.

NOTE 10 - DERIVATIVES

Derivative financial instruments are used by the Company principally in the management of its foreign currency exchange rates. The Company does not hold or issue derivative financial instruments for trading purposes.

Cash Flow Hedges

The Company periodically enters into forward foreign exchange contracts to hedge a portion of the risk from forecasted foreign currency denominated third party and intercompany sales or payments. These obligations generally require the Company to exchange foreign currencies for Australian Dollars, Canadian Dollars, Euros, Japanese Yen, Pound Sterling, or U.S. Dollars. These foreign exchange contracts are cash flow hedges of fluctuating foreign exchange related to inventory purchases or the sale of product. Until the purchase or sale is recognized, the fair value of the related hedge is recorded in Accumulated Other Comprehensive Income ("AOCI") and as a derivative hedge asset or liability, as applicable. At the time the sale or purchase is recognized, the fair value of the related hedge is reclassified as an adjustment to purchase price variance in Cost of Goods Sold or Net Sales on the Condensed Consolidated Statements of Income. At January 1, 2023, the Company had a series of foreign exchange derivative contracts outstanding through June 2024. The derivative net loss estimated to be reclassified from AOCI into earnings over the next 12 months is \$7.8 million, net of tax. At January 1, 2023 and September 30, 2022, the Company had foreign exchange derivative contracts designated as cash flow hedges with a notional value of \$320.1 million and \$289.5 million, respectively.

The following table summarizes the impact of designated cash flow hedges and the pre-tax gain (loss) recognized in the Condensed Consolidated Statements of Income for the three month periods ended January 1, 2023 and January 2, 2022, respectively:

	Uni	realized Gain (I Reclass	s) in OCI Before ation	Reclassified Gain (Loss) to Continuing Operations								
For the three month periods ended (in millions)	Janu	ary 1, 2023	January 2, 2022	Line Item		January 1, 2023		January 2, 2022				
Foreign exchange contracts	\$		\$ _	Net sales	\$	0.1	\$	_				
Foreign exchange contracts		(25.7)	(0.8)	Cost of goods sold		2.4		2.1				
Total	\$	(25.7)	\$ (0.8)		\$	2.5	\$	2.1				

SPECTRUM BRANDS HOLDINGS, INC. SB/RH HOLDINGS, LLC NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

(in millions, unaudited)

NOTE 10 - DERIVATIVES (continued)

Derivative Contracts Not Designated as Hedges for Accounting Purposes

The Company periodically enters into foreign exchange forward contracts to economically hedge a portion of the risk from third party and intercompany payments resulting from existing obligations. These obligations generally require the Company to exchange foreign currencies for, among others, Australian Dollars, Canadian Dollars, Euros, Japanese Yen, Mexican Pesos, Colombian Peso, Philippine Pesos, Hungarian Forint, Turkish Lira, Pounds Sterling, Taiwanese Dollars or U.S. Dollars. These foreign exchange contracts are fair value hedges of a related liability or asset recorded in the accompanying Condensed Consolidated Statements of Financial Position. The gain or loss on the derivative hedge contracts is recorded in earnings as an offset to the change in value of the related liability or asset at each period end. At January 1, 2023, the Company had a series of forward exchange contracts outstanding through July 2023. At January 1, 2023 and September 30, 2022, the Company had \$511.8 million and \$513.7 million, respectively, of notional value of such foreign exchange derivative contracts outstanding.

The following summarizes the impact of derivative instruments on the accompanying Condensed Consolidated Statements of Income for the three month periods ended January 1, 2023 and January 2, 2022, pre-tax:

		Three Month Periods Ended						
(in millions)	Line Item	January 1, 2023	January 2, 2022					
Foreign exchange contracts	Other non-operating expense (income)	\$ (22.3)	\$ (1.2)					

Fair Value of Derivative Instruments

The fair value of the Company's outstanding derivative contracts recorded in the Condensed Consolidated Statements of Financial Position is as follows:

(in millions)	Line Item	Janua	ry 1, 2023	September 30, 2022
Derivative Assets				
Foreign exchange contracts – designated as hedge	Other receivables	\$	1.3	\$ 14.4
Foreign exchange contracts – designated as hedge	Deferred charges and other		_	0.4
Foreign exchange contracts - not designated as hedge	Other receivables		31.2	7.4
Total Derivative Assets		\$	32.5	\$ 22.2
Derivative Liabilities				
Foreign exchange contracts – designated as hedge	Accounts payable	\$	11.6	\$
Foreign exchange contracts - designated as hedge	Other long term liabilities		2.8	1.0
Foreign exchange contracts - not designated as hedge	Accounts payable		1.0	5.0
Total Derivative Liabilities		\$	15.4	\$ 6.0

The Company is exposed to the risk of default by the counterparties with which it transacts and generally does not require collateral or other security to support financial instruments subject to credit risk. The Company monitors counterparty credit risk on an individual basis by periodically assessing each counterparty's credit rating exposure. The maximum loss due to credit risk equals the fair value of the gross asset derivatives that are concentrated with certain domestic and foreign financial institution counterparties. The Company considers these exposures when measuring its credit reserve on its derivative assets, which were not significant as of January 1, 2023

The Company's standard contracts do not contain credit risk related contingent features whereby the Company would be required to post additional cash collateral because of a credit event. However, the Company is typically required to post collateral in the normal course of business to offset its liability positions. As of January 1, 2023 and September 30, 2022, there was no cash collateral outstanding and no posted standby letters of credit related to such liability positions.

Net Investment Hedge

Spectrum Brands, Inc. has €425.0 million aggregate principle amount of 4.00% Notes designated as a non-derivative economic hedge, or net investment hedge, of the translation of the Company's net investments in Euro denominated subsidiaries at the time of issuance. The hedge effectiveness is measured on the beginning balance of the net investment and re-designated every three months. Any gains and losses attributable to the translation of the Euro denominated debt designated as net investment hedge are recognized as a component of foreign currency translation within AOCI, and gains and losses attributable to the translation of the undesignated portion are recognized as foreign currency translation gains or losses within Other Non-Operating Expense (Income). Net gains or losses from the net investment hedge are reclassified from AOCI into earnings upon a liquidation event or deconsolidation of Euro denominated subsidiaries. As of January 1, 2023, the full principal amount was designated as a net investment hedge and considered fully effective. The following summarizes the unrealized gain (loss) from the net investment hedge recognized in Other Comprehensive Income for the three month periods ended January 1, 2023 and January 2, 2022, pre-tax:

	Three Month	Periods Ended
Unrealized Gain (Loss) in OCI (in millions)	January 1, 2023	January 2, 2022
Net investment hedge	\$ (33.9)	\$ 10.6

SPECTRUM BRANDS HOLDINGS, INC. SB/RH HOLDINGS, LLC NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

(in millions, unaudited)

NOTE 11 - FAIR VALUE OF FINANCIAL INSTRUMENTS

The Company has not changed the valuation techniques used in measuring the fair value of any financial assets and liabilities during the year. The carrying value and estimated fair value of financial instruments as of January 1, 2023 and September 30, 2022 according to the fair value hierarchy are as follows:

	January 1, 2023								September 30, 2022												
(in millions)	Le	vel 1		Level 2	Le	evel 3	Fa	Fair Value		Carrying Amount		Level 1		Level 2		Level 3		Fair Value		Carrying Amount	
Derivative Assets	\$	_	\$	32.5	\$		\$	32.5	\$	32.5	\$		\$	22.2	\$		\$	22.2	\$	22.2	
Derivative Liabilities		_		15.4		_		15.4		15.4		_		6.0		_		6.0		6.0	
Debt		_		3,107.4		_		3,107.4		3,280.2		_		2,815.9		_		2,815.9		3,156.8	

The fair value measurements of the Company's debt represent non-active market exchanged traded securities which are valued at quoted input prices that are directly observable or indirectly observable through corroboration with observable market data. See Note 9 - Debt for additional detail on outstanding debt. See Note 10 - Derivatives for additional detail on derivative assets and liabilities

The carrying value of cash and cash equivalents, receivables, accounts payable and short term debt approximate fair value based on the short-term nature of these assets and liabilities. Goodwill, intangible assets and other long-lived assets are tested annually or more frequently if an event occurs that indicates an impairment loss may have been incurred using fair value measurements with unobservable inputs (Level 3)

NOTE 12 - SHAREHOLDERS' EQUITY

Share Repurchases

The Company has a share repurchase program that is executed through purchases made from time to time either in the open market or otherwise. On May 4, 2021, the Board of Directors approved a \$1 billion common stock repurchase program and terminated the previously approved share repurchase program. The authorization is effective for 36 months. As part of our share repurchase programs, the Company has purchased treasury shares in open market purchases at market fair value along with participating in private purchases from Company employees, significant shareholders and beneficial interest owners at fair value. The following summarizes the activity of common stock repurchases for the three month periods ended January 1, 2023 and January 2, 2022:

		January 1, 2023		January 2, 2022						
Three Month Periods Ended (in millions except per share data)	Number of Shares Repurchased	Average Price Per Share	Amount	Number of Shares Repurchased	Average Price Per Share	Amount				
Open Market Purchases		\$ —	\$	1.1	\$ 97.44	\$ 110.0				

NOTE 13 - SHARE BASED COMPENSATION

The following is a summary of share based compensation expense for the three month periods ended January 1, 2023 and January 2, 2022 for SBH and SB/RH, respectively.

	Three Mo	nth Per	riods Ended
(in millions)	January 1, 2023		January 2, 2022
SBH	\$	3.3 \$	5.6
SB/RH	\$.1 \$	5.6

The Company recognizes share based compensation expense from the issuance of Restricted Stock Units ("RSUs"), primarily under its Long-Term Incentive Plan ("LTIP"). RSUs granted under the LTIP include time-based grants and performance-based grants. The Company regularly issues annual RSU grants under its LTIP during the first quarter of the fiscal year. Compensation cost is based on the fair value of the awards, as determined by the market price of the Company's shares of common stock on the designated grant date and recognized on a straight-line basis over the requisite service period of the awards. Time-based RSU awards provide for either three year cliff vesting or graded vesting depending upon the vesting conditions and forfeitures provided by the grant. Performance-based RSU awards are dependent upon achieving specified financial metrics (adjusted EBITDA, return on adjusted equity, and/or adjusted free cash flow) by the end of the three year vesting period. The Company assesses the probability of achievement of the performance conditions and recognizes expense for the awards based on the probable achievement of such metrics. Additionally, the Company regularly issues individual RSU awards under its equity plan to its Board members and individual employees for recognition, incentive, or retention purposes, when needed, which are primarily conditional upon time-based service conditions, valued based on the fair value of the awards as determined by the market price of the Company's share of common stock on the designated grant price date and recognized as a component of share-based compensation on a straight-line basis over the requisite service period of the award. RSUs are subject to forfeiture if employment terminates prior to vesting with forfeitures recognized as they occur. RSUs have dividend equivalents credited to the recipient and are paid only to the extent the RSU vests and the related stock is issued. Shares issued upon exercise of RSUs are sourced from treasury shares when available

NOTE 13 – SHARE BASED COMPENSATION (continued)

The following is a summary of RSU grants issued during the three month period ended January 1, 2023:

		SBH			SB/RH							
(in millions, except per share data)	Units	Weighted Average Grant Date Fair Value	Fair Value at Grant Date		Units		Weighted Average Grant Date Fair Value		Fair Value at Grant Date

(in millions, unaudited)

NOTE 14 – ACCUMULATED OTHER COMPREHENSIVE INCOME (continued)

The change in the components of AOCI for the three month period ended January 2, 2022, was as follows:

(in millions)	F	oreign Currency Translation	 Derivative Instruments	 Defined Benefit Pension	 Total
Balance at September 30, 2021	\$	(194.8)	\$ 6.4	\$ (46.9)	\$ (235.3)
Other comprehensive income before reclassification		6.8	1.2	0.6	8.6
Net reclassification for (gain) loss to income from continuing operations		_	(2.1)	1.0	(1.1)
Net reclassification for gain to income from discontinued operations		_	(0.5)	_	(0.5)
Other comprehensive income (loss) before tax		6.8	(1.4)	1.6	7.0
Deferred tax effect		(4.5)	4.5	(2.9)	(2.9)
Other comprehensive income (loss), net of tax		2.3	3.1	(1.3)	4.1
Less: other comprehensive income from continuing operations attributable to non-controlling interest		0.1	_	_	0.1
Other comprehensive income (loss) attributable to controlling interest		2.2	3.1	(1.3)	4.0
Balance at January 2, 2022	\$	(192.6)	\$ 9.5	\$ (48.2)	\$ (231.3)

The following table presents reclassifications of the gain (loss) on the Condensed Consolidated Statements of Income from AOCI for the periods indicated:

Three Month	Period	Ended	January	2, 2022	
-------------	--------	-------	---------	---------	--

(in millions)	Derivative Instruments	Defined Benefit Pension	Total
Cost of goods sold	\$ 2.1	<u> </u>	\$ 2.1
Other non-operating expense (income), net	_	(1.0)	(1.0)
Income from discontinued operations, net of tax	0.5	_	0.5

NOTE 15 - INCOME TAXES

The effective tax rate for the three month periods ended January 1, 2023 and January 2, 2022, was as follows:

	Three Month	rerious Ended
Effective tax rate	January 1, 2023	January 2, 2022
SBH	23.3 %	34.7 %
SB/RH	23.5 %	34.5 %

The estimated annual effective tax rate applied to the three month periods ended January 1, 2023, differs from the US federal statutory rate of 21% principally due to income earned outside the U.S. that is subject to U.S. tax, including the U.S. tax on global intangible low taxed income ("GILTI"), certain nondeductible expenses, and foreign rates that differ from the U.S. federal statutory rate. The Company has U.S. net operating loss carryforwards ("NOL"), which do not allow it to take advantage of the foreign-derived intangible income deduction. The Company's federal effective tax rate on GILTI is therefore 21%.

As of January 1, 2023 and September 30, 2022, there was \$1.0 million and \$2.7 million of income taxes receivable from its parent company on the SB/RH Condensed Consolidated Statements of Financial Position, calculated as if SB/RH were a separate taxpayer.

NOTE 16 - COMMITMENTS AND CONTINGENCIES

The Company is a defendant in various litigation matters generally arising out of the ordinary course of business. Based on information currently available, the Company does not believe that any additional matters or proceedings presently pending will have a material adverse effect on its results of operations, financial condition, liquidity or cash flows.

Environmental Liability. The Company has realized commitments attributable to environmental remediation activities primarily associated with former manufacturing sites of the Company's HPC segment. In coordination with local and federal regulatory agencies, we have conducted testing on certain sites which have resulted in the identification of contamination that has been attributed to historical activities at the properties, resulting in the realization of incremental costs to be assumed by the Company towards the remediation of these properties and the recognition of an environmental remediation liability. We have not conducted invasive testing at all sites and locations and have identified an environmental remediation liability to the extent such remediation requirements have been identified and are considered estimable.

As of January 1, 2023, there was an environmental remediation liability of \$7.5 million with \$3.6 million included in Other Current Liabilities and \$3.9 million included in Other Long-Term Liabilities on the Condensed Consolidated Statements of Financial Position. As of September 30, 2022, there was an environmental remediation liability of \$8.8 million with \$4.7 million included in Other Current Liabilities and \$4.1 million included in Other Long-Term Liabilities on the Condensed Consolidated Statements of Financial Position. The Company believes that any additional liability in excess of the amounts provided that may result from resolution of these matters will not have a material adverse effect on the consolidated financial condition, results of operations, or cash flows of the Company.

Product Liability. The Company may be named as a defendant in lawsuits involving product liability claims. The Company has recorded and maintains an estimated liability in the amount of management's estimate for aggregate exposure for such liabilities based upon probable loss from loss reports, individual cases, and losses incurred but not reported. As of January 1, 2023 and September 30, 2022, the Company recognized \$3.1 million and \$3.4 million in product liability, respectively, included in Other Current Liabilities on the Condensed Consolidated Statements of Financial Position. The Company believes that any additional liability in excess of the amounts provided that may result from resolution of these matters will not have a material adverse effect on the consolidated financial condition, results of operations or cash flows of the Company.

Product Warranty. The Company recognizes an estimated liability for standard warranty on certain products when we recognize revenue on the sale of the warranted products. Estimated warranty costs incorporate replacement parts, products and delivery, and are recorded as a cost of goods sold at the time of product shipment based on historical and projected warranty claim rates, claims experience and any additional anticipated future costs on previously sold products. The Company recognized \$0.3 million and \$0.4 million of warranty accruals as of January 1, 2023 and September 30, 2022, respectively, included in Other Current Liabilities on the Condensed Consolidated Statements of Financial Position.

Product Safety Recall. During the year ended September 30, 2022, the HPC segment initiated voluntary product recalls in collaboration with the U.S. Consumer Product Safety Commission ("CPSC"), suspending sales of the affected products and issuing a stop sale with its customers. The Company has assessed the incremental costs attributable to the recall, including the anticipated returns from customers for existing retail inventory, write-off of inventory on hand, and other costs to facilitate the recall such as notification, shipping and handling, rework and destruction of affected products, as needed, and evaluated the probability of redemption. As a result, the Company recognized \$8.8 million and \$7.5 million as of January 1, 2023 and September 30, 2022, respectively, in Other Current Liabilities on the Consolidated Statement of Financial Position associated with the costs for the recalls. Additionally, the Company has indemnification provisions that are contractually provided by third parties for the affected products and as a result the Company has also recognized \$7.4 million and \$4.7 million as of January 1, 2023 and September 30, 2022, respectively, in Other Receivables on the Consolidated Statement of Financial Position related to recovery from such indemnification provisions.

NOTE 17 - SEGMENT INFORMATION

Net sales relating to the segments for the three month periods ended January 1, 2023 and January 2, 2022, are as follows:

	Three M	Three Month Periods I		
(in millions)	January 1, 20	January 1, 2023 J		
HPC	\$	864.4	\$ 379.7	
GPC		277.5	302.2	
H&G		71.4	75.3	
Net sales	\$	713.3	\$ 757.2	

The Chief Operating Decision Maker of the Company uses Adjusted EBITDA as the primary operating metric in evaluating the business and making operating decisions. EBITDA is calculated by excluding the Company's income tax expense, interest expense, depreciation expense and amortization expense (from intangible assets) from net income. Adjusted EBITDA further excludes:

- Stock based compensation costs consist of costs associated with long-term incentive compensation arrangements that generally consist of non-cash, stock-based compensation. See Note 13

 Share Based Compensation for further details;
- Incremental amounts attributable to strategic transactions and business development initiatives including, but not limited to, the acquisition or divestitures of a business, costs to effect and facilitate a transaction, including such cost to integrate or separate the respective business. These amounts are excluded from our performance metrics as they are reflective of incremental investment by the Company towards business development activities, incremental costs attributable to such transactions and are not considered recurring or reflective of the continuing ongoing operations of the consolidated group or segments;
- Incremental amounts realized towards restructuring and optimization projects including, but not limited to, costs towards the development and implementation of strategies to optimize
 operations and improve efficiency, reduce costs, increase revenues, increase or maintain our current profit margins, including recognition of one-time exit or disposal costs. These amounts
 are excluded from our ongoing performance metrics as they are reflective of incremental investment by the Company towards significant initiatives controlled by management, incremental
 costs directly attributable to such initiatives, indirect impact or disruption to operating performance during implementation, and are not considered recurring or reflective of the continuing
 ongoing operations of the consolidated group or segments;
- Unallocated shared costs associated with discontinued operations from certain shared and center-led administrative functions the Company's business units excluded from income from
 discontinued operations as they are not a direct cost of the discontinued business but a result of indirect allocations, including but not limited to, information technology, human resources,
 finance and accounting, supply chain, and commercial operations. Amounts attributable to unallocated shared costs would be mitigated through subsequent strategic or restructuring
 initiatives, TSAs, elimination of extraneous costs, or re-allocations or absorption of existing continuing operations following the completed sale of the discontinued operations. See Note 2 –
 Divestitures for further details;
- Non-cash purchase accounting adjustments recognized in earnings from continuing operations subsequent to an acquisition, including, but not limited to, the costs attributable to the step-up
 in inventory value, and the incremental value in operating lease assets with below market rent, among others;
- Non-cash gain from the reduction in the contingent consideration liability recognized during the three month period ended January 1, 2023 associated with the Tristar Business acquisition in the prior year on February 18, 2022;
- Non-cash asset impairments or write-offs realized and recognized in earnings from continuing operations;
- Impact from the early settlement of foreign currency cash flow hedges in the prior year, resulting in subsequent assumed losses at the original stated maturities of foreign currency cash flow
 hedges in our EMEA region that were settled early in the prior year due to changes in the Company's legal entity organizational structure and forecasted purchasing strategy of HPC finished
 goods inventory within the region, resulting in the recognition of excluded gains in the prior year intended to mitigate costs through the year ending September 30, 2023;
- Incremental costs recognized by the HPC segment attributable to the realization of product recalls initiated by the Company in the prior year. See Note 16 Commitments and Contingencies for further details;
- Incremental reserves for non-recurring litigation or environmental remediation activity including the proposed settlement on outstanding litigation matters at our H&G division attributable to significant and unusual nonrecurring claims with no previous history or precedent with remeasurements during the three month period ended January 2, 2022; and
- Other adjustments are primarily attributable to: (1) costs associated with Salus as they are not considered a component of the continuing commercial products company; (2) key executive severance related costs; (3) impairment charges from the exit of certain operating leases at our HPC segment; and (4) insurable losses and cost recovery associated with hurricane damages at a key supplier of our Glofish business and loss realized from misapplied funds during the three month period ended January 1, 2023.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

Introduction

The following is management's discussion of the financial results, liquidity and other key items related to our performance and should be read in conjunction with the Condensed Consolidated Financial Statements and related notes included in Item 1 of this Quarterly Report on Form 10-Q. Unless the context indicates otherwise, the term the "Company," "we," "our," or "us" are used to refer to Spectrum Brands Holdings, Inc. and its subsidiaries ("SBH") and SB/RH Holdings, LLC and its subsidiaries ("SB/RH"), collectively.

Business Overview

The Company is a diversified global branded consumer products company. We manage the businesses in three vertically integrated, product-focused segments: (i) Home and Personal Care ("HPC"), (ii) Global Pet Care ("GPC"), and (iii) Home and Garden ("H&G"). The Company manufactures, markets and/or distributes its products globally in the North America ("NA"), Europe, Middle East & Africa ("EMEA"), Latin America ("LATAM") and Asia-Pacific ("APAC") regions through a variety of trade channels, including retailers, wholesalers and distributors. We enjoy strong name recognition in our regions under our various brands and patented technologies across multiple product categories. Global and geographic strategic initiatives and financial objectives are determined at the corporate level. Each segment is responsible for implementing defined strategic initiatives and achieving certain financial objectives and has a president responsible for sales and marketing initiatives and financial results for all product lines within that segment, on a global basis. The segments are supported through center-led shared service operations and enabling functions consisting of finance and accounting, information technology, legal, human resources, supply chain, and commercial operations. See *Note 17 – Segment Information* included in Notes to the Condensed Consolidated Financial Statements, included elsewhere in this Quarterly Report for more information pertaining to segments of continuing operations. The following is an overview of the consolidated business, by segment, summarizing product types and brands:

Segment	Products	Brands
НРС	Home Appliances: Small kitchen appliances including toaster ovens, coffeemakers, slow cookers, air fryers, blenders, hand mixers, grills, food processors, juicers, toasters, irons, kettles, bread makers, cookware, and cookbooks.	Home Appliances: Black & Decker®, Russell Hobbs®, George Foreman®, PowerXL®, Emeril Legasse®, Copper Chef ®, Toastmaster®, Juiceman®, Farberware®, and Breadman®
	Personal Care: Hair dryers, flat irons and straighteners, rotary and foil electric shavers, personal groomers, mustache and beard trimmers, body groomers, nose and ear trimmers, women's shavers, and haircut kits.	Personal Care: Remington®
GPC	Companion Animal: Rawhide chews, dog and cat clean-up, training, health and grooming products, small animal food and care products, rawhide-free dog treats, and wet and dry pet food for dogs and cats.	Companion Animal: 8IN1® (8-in-1), Dingo®, Nature's Miracle®, Wild Harvest™, Littermaid®, Jungle®, Excel®, FURminator®, IAMS® (Europe only), Eukanuba® (Europe only), Healthy-Hide®, DreamBone®, SmartBones®, ProSense®, Perfect Coat®, eCOTRITION®, Birdola®, Good Boy®, Meowee!®, Wildbird®, and Wafcol®
	Aquatics: Consumer and commercial aquarium kits, stand-alone tanks; aquatics equipment such as filtration systems, heaters and pumps; and aquatics consumables such as fish food, water management and care.	eq:Aquatics: Tetra®, Marineland®, Whisper®, Instant Ocean®, GloFish®, OmegaOne® and OmegaSea®
H&G	Household: Household pest control solutions such as spider and scorpion killers; ant and roach killers; flying insect killers; insect foggers; wasp and hornet killers; and bedbug, flea and tick control products.	Household: Hot Shot®, Black Flag®, Real-Kill®, Ultra Kill®, The Ant Trap® (TAT), and Rid-A-Bug®.
	Controls: Outdoor insect and weed control solutions, and animal repellents such as aerosols, granules, and ready-to-use sprays or hose-end ready-to-sprays.	Controls: Spectracide®, Garden Safe®, Liquid Fence®, and EcoLogic®.
	Repellents: Personal use pesticides and insect repellent products, including aerosols, lotions, pump sprays and wipes, yard sprays and citronella candles.	Repellents: Cutter® and Repel®.
	Cleaning: Household surface cleaning, maintenance, and restoration products, including bottled liquids, mops, wipes and markers.	Cleaning: Rejuvenate®

On September 8, 2021, the Company entered into a definitive Asset and Stock Purchase Agreement (the "Purchase Agreement") with ASSA ABLOY AB ("ASSA") to sell its HHI segment for cash proceeds of \$4.3 billion, subject to customary purchase price adjustments. The Company's assets and liabilities associated with HHI have been classified as held for sale, and the respective operations have been classified as discontinued operations and reported separately for all periods presented. HHI consists of residential locksets and door hardware, including knobs, levers, deadbolts, handle sets, and electronic and connected locks under the Kwikset®, Weiser®, Baldwin®, Tell Manufacturing®, and EZSET® brands; kitchen and bath faucets and accessories under the Pfister® brand; and builders' hardware consisting of hinges, metal shapes, security hardware, rack and sliding door hardware, and gate hardware under the National Hardware® and FANAL® brands. Refer to Note 2 - Divestitures included in Notes to the Condensed Consolidated Financial Statements, included elsewhere in this Quarterly Report, for further discussion pertaining the HHI divestiture.

All brands and tradenames are directly owned by the Company with the exception of the Black & Decker® ("B&D") and Emeril Legasse® ("Emeril") brands used by the HPC segment. The Company has a trademark license agreement (the "License Agreement") with Stanley Black & Decker ("SBD") pursuant to which we license the B&D brand in North America, Latin America (excluding Brazil) and the Caribbean for four core categories of household appliances within the Company's HPC segment: beverage products, food preparation products, garment care products and cooking products. The License Agreement has a term ending June 30, 2025, including a sell-off period from April 1, 2025 to June 30, 2025, whereby the Company can continue to sell and distribute but no longer produce subject to the License Agreement. Under the terms of the License Agreement, we agree to pay SBD royalties based on a percentage of sales, with minimum annual royalty payments of \$15.0 million, with the exception of the minimum annual royalty will no longer be applied effective January 1, 2024, through the expiration of the agreement. The License Agreement also requires us to comply with maximum annual return rates for products. Subsequent to the completion of the License Agreement, there are no non-competition provisions or restrictions provided following its expiration. See *Note 4 – Revenue Recognition* included in Notes to the Condensed Consolidated Financial Statements, included elsewhere in this Quarterly Report for further detail on revenue concentration from B&D branded products.

Pursuant to the Emeril License, the Company licenses the Emeril brands within the US, Canada, Mexico, and the United Kingdom for certain designated product categories of household appliances within the HPC segment, including small kitchen food preparation products, indoor and outdoor grills and grill accessories, and cookbooks. The Emeril License has a current expiration of December 31, 2023, with options for one-year renewal periods following the initial expiration through December 31, 2025. Under the terms of the agreement, we agreed to pay the license holder a percentage of sales, with minimum annual royalty payments of \$1.6 million, increasing to \$1.8 million in subsequent renewal periods.

SB/RH is a wholly owned subsidiary of SBH. Spectrum Brands, Inc. ("SBI"), a wholly-owned subsidiary of SB/RH incurred certain debt guaranteed by SB/RH and domestic subsidiaries of SBI. See *Note 9 – Debt* included in Notes to the Condensed Consolidated Financial Statements, included elsewhere in this Quarterly Report for more information pertaining to debt. The reportable segments of SB/RH are consistent with the segments of SBH.

Acquisitions, Divestitures and Other Business Development Initiatives

The Company periodically evaluates strategic transactions that may result in the acquisition of a business or assets that qualify as a business combination, or a divestiture of a business or assets that may be recognized as either a component of continuing operations or discontinued operations, depending on the significance to the consolidated group. Acquisitions may impact the comparability of the consolidated or segment financial information with the inclusion of the operating results for the acquired business in periods subsequent to acquisition date, the inclusion of acquired assets, both tangible and intangible (including goodwill), and the related amortization, depreciation or other non-cash purchase accounting adjustments of acquired assets. Divestitures may impact the comparability of the consolidated or segment financial information with the recognition of an impairment loss when held for sale, gain or loss on disposition, or change in classification to discontinued operations for qualifying transactions. Moreover, the comparability of consolidated or segment financial information may be impacted by incremental costs to facilitate and effect such transactions and initiatives to integrate acquired business or separate divested operations and assets with the consolidated group. The following strategic transactions have been considered as having a significant impact on the comparability of the financial results on the condensed consolidated financial statements and segment financial information.

- Tristar Business Acquisition On February 18, 2022, the Company acquired 100% of the Tristar Business that includes a portfolio of home appliances and cookware products sold under the PowerXL®, Emeril, and Copper Chef® brands. The net assets and operating results of the Tristar Business are included in the Company's condensed consolidated financial statements and reported within the HPC reporting segment for the three month period ended January 1, 2023 effective as of the transaction date. During the three month period ended January 1, 2023, the Company incurred incremental costs to combine and integrate the acquired business with the HPC segment, primarily towards the integration of systems and processes, merger of commercial operations and supply chain, professional fees to consolidate financial records, plus incremental retention costs for personnel supporting the transition and integration efforts. Costs attributable to the integration of the Tristar Business are projecting to continue through the year ending September 30, 2023.
- HPC Separation The Company has initiated projects to facilitate a strategic separation of the Company's ownership in the HPC segment in the most advantageous way to realize value for both the HPC business as a standalone appliance business either through a spin, merger or sale of the business and the retained GPC and H&G businesses of the consolidated group. Costs are primarily attributable to legal and professional fees incurred to assess opportunities, evaluate transaction considerations for a separation, including potential tax and compliance implications to the consolidated group, costs directly attributable to the legal entity separation and transfer of net assets of the HPC operations from the commingled operations of the Company, plus the segregation of systems and processes. The realization of the transaction, if any, is likely not to occur until after completion of the HHI divestiture. Costs attributable to the initiative are expected to be incurred until a transaction is realized or otherwise canceled.
- HHI Divestiture On September 8, 2021, the Company entered into an Asset and Stock Purchase Agreement ("ASPA") with ASSA ABLOY AB ("ASSA") to sell its HHI segment. The consummation of the transaction is pending and subject to customary conditions, including the absence of a material adverse effect of HHI and certain antitrust conditions or other governmental restrictions, amongst others. On September 15, 2022, the DOJ filed a complaint seeking to enjoin the transaction and block the acquisition of the HHI division by ASSA. The Company expects that the trial will occur in April 2023. Both the Company and ASSA have stated their disagreement with the DOJ's concerns. The Company and ASSA will jointly defend the transaction in the litigation. On December 2, 2022, ASSA announced an agreement to sell its Emtek and the Smart Residential Business in the U.S. and Canada to Fortune Brand, which are believed to resolve any conceivable competitive concerns of the DOJ. The Company continues to recognize the HHI division as held for sale and as a component of our discontinued operations and are reported separately for all periods presented. The parties are committed to closing the HHI transaction and the Company and ASSA both continue to expect that they will obtain all the required governmental clearances and will close the HHI transaction. See Note 2 Divestitures in the Notes to the Condensed Consolidated Financial Statements, included elsewhere in this Quarterly Report for further detail. The Company has incurred incremental costs attributable to the pending transaction, primarily consisting of legal and professional fees to effect the realization of the ASPA, facilitate antitrust or other governmental restrictions to consummate the transaction, preparation for separation of systems and processes supporting the divested business and enabling functions under a transition services agreement ("TSA"), plus incremental retention costs for personnel supporting the transition efforts. Incremental costs are expected to be inc
- Coevorden Operations On March 29, 2020, the Company completed the sale of its dog and cat food ("DCF") production facility and distribution center in Coevorden, Netherlands with United Petfood Producers NV ("UPP"). Following the separation of the Coevorden Operations, the Company has incurred incremental costs attributable to a tolling charge for the continued production of DCF products through a three-year manufacturing agreement with the buyer entered into concurrently with the sale, rent charges associated with the transferred warehouse operated by the Company during an 18-month transition period following the sale, plus costs to facilitate the transfer of the warehouse operations to the buyer and the movement of inventory and distribution center operations from the Coevorden facility to a new distribution center supporting GPC operations in EMEA during the prior year. Incremental costs attributable to the three-year tolling arrangement are expected to be completed in March 2023.
- Rejuvenate Acquisition On May 28, 2021, the Company acquired 100% of the membership interests in For Life Products, LLC ("FLP"), a manufacturer of household cleaning, maintenance, and restoration products sold under the Rejuvenate® brand. The net assets and operating results of FLP are included in the Company's condensed consolidated financial statements and reported within the H&G reporting segment for the three month periods ended January 1, 2023 and January 2, 2022. During the three month period ended January 2, 2022, the Company incurred incremental costs to combine and integrate the acquired business with the H&G segment, primarily towards the integration of systems and processes, transfer of inventory and integration to an existing H&G distribution center, retention costs for personnel supporting transition and integration efforts. Costs attributable to the integration of the Rejuvenate business were completed in the prior year.

- Armitage Acquisition On October 26, 2020, the Company completed the acquisition of Armitage Pet Care Ltd ("Armitage"), a pet treats and toys business in Nottingham, United Kingdom, including a portfolio of brands that include the dog treats brand, Good Boy®, cat treats brand, Meowee!®, and Wildbird® bird feed products, among others, that are predominantly sold within the United Kingdom. The net assets and results of operations of Armitage are included in the Company's condensed consolidated financial statements and reported within the GPC reporting segment for the three month period ended January 1, 2023 and January 2, 2022. During the three month period ended January 2, 2022, the Company incurred incremental costs to combine and integrate the acquired business with the GPC segment, primarily towards the integration of systems and processes, transfer of inventory and integration to existing GPC supply chain and distribution centers within the EMEA region, plus retention costs for personnel supporting the transition and integration efforts. Costs attributable to the integration of the Armitage business were completed in the prior year.
- Omega Acquisition On March 10, 2020, the Company acquired Omega Sea, LLC ("Omega"), a manufacturer and marketer of premium fish foods and consumable goods for the home and commercial aquarium markets, primarily consisting of the Omega brand. The net assets and results of operations of Omega are included in the Company's condensed consolidated financial statements and reported within GPC segment for the three month periods ended January 1, 2023 and January 2, 2022. The Company incurred incremental costs to combine and integrate the acquired business within the GPC segment, primarily towards the integration of systems and processes, transfer of inventory and production to an existing GPC facility, including related exit and disposal costs of the assumed leased facility, related start-up costs and operational inefficiencies attributable to the transferred production, plus retention costs for personnel supporting the transition and integration after the transaction date. Costs attributable to the integration of the Omega business were completed in the prior year.

The following is a summary of costs attributable to strategic transactions and business development costs for the respective projects during three month periods ended January 1, 2023 and January 2, 2022. In addition to the initiatives discussed above, the Company regularly engages in other business development initiatives that may incur incremental costs which may not result in a realized transaction or are less significant and therefore have been separately disclosed and recognized as other project costs.

	Three	Three Month Periods Ended							
(in millions)	January 1, 20	123	January 2, 2022

Restructuring and Optimization Initiatives

We continually seek and develop operating strategies to improve our operational efficiency, match our capacity and product costs to market demand and better utilize our manufacturing and distribution resources in order to reduce costs, increase revenues, and increase or maintain our current profit margins. We have undertaken various initiatives to reduce manufacturing and operating costs, which may have a significant impact on the comparability of financial results on the condensed consolidated financial statements. These changes and updates are inherently difficult and are made even more difficult by current global economic conditions. Our ability to achieve the anticipated cost savings and other benefits from such operating strategies may be affected by a number of other macro-economic factors, or inflation increased interest rates, many of which are beyond our control. The following initiatives have been considered as having a significant impact on the comparability of the financial results on the condensed consolidated financial statements and segment financial information.

- Fiscal 2022 Restructuring During the year ended September 30, 2022, the Company entered into a new initiative in response to changes observed within consumer products and retail
 markets, continued inflationary cost pressures and headwinds, resulting in the realization of a headcount reduction. Substantially all costs associated with the initiative had been recognized
 in the prior year with amounts during the three month period ended January 1, 2023 due to change in estimates, headcounts and timing of communication. See Note 3 Restructuring
 Charges in Notes to the Condensed Consolidated Financial Statements, included elsewhere in this Quarterly Report for further detail on related exit or disposal costs attributable to this
 initiative
- Global ERP Transformation During the year ended September 30, 2021, the Company entered into a SAP S/4 HANA ERP transformation project to upgrade and implement our enterprise-wide operating systems to SAP S/4 HANA on a global basis. This is a multi-year project that includes various costs, including software configuration and implementation costs that would be recognized as either capital expenditures or deferred costs in accordance with applicable accounting policies, with certain costs recognized as operating expense associated with project development and project management costs, and professional services with business partners engaged towards planning, design and business process review that would not qualify as software configuration and implementation costs. The Company has substantially completed the design phase of the project and has moved into the build phase. Costs are anticipated to be incurred through various deployments expected through September 30, 2024.
- HPC Brand Portfolio Transitions In light of the acquisition of the Tristar Business and the PowerXL® brand, the Company has initiated a project within its HPC segment to assess and evaluate the current utilization of tradenames and brands across its portfolio of home and kitchen appliance products. The project will require incremental costs to facilitate potential transitions of branded product offerings on global basis, including potential investment with our supply base and retail partners to manage inventory and transition new branded products to market

- Russia Closing Initiative The Company initiated an assessment of its in-country commercial operations in Russia, predominantly supporting the HPC segment, and other commercial activity directly impacted by the Russia-Ukraine conflict. The Company has recognized impairment costs on inventory and receivables that are at risk of recoverability as the Company has discontinued importing products directly into Russia, has suspended its commercial activity and has begun liquidating remaining assets. Additionally, the initiative is subject to exit and disposal costs for severance benefits of personnel associated with the operations. See Note 3 Restructuring Charges in Notes to the Condensed Consolidated Financial Statements, included elsewhere in this Quarterly Report for further detail on related exit or disposal costs attributable to this initiative. Costs are anticipated to be incurred through September 30, 2023.
- GPC Distribution Transition During the year ended September 30, 2021, the GPC segment entered into an initiative to update its supply chain and distribution operations within the U.S. to address capacity needs, optimize and improve fill rates attributable to recent growth in the business and consumer demand, and improve overall operational effectiveness and throughput. The initiative includes the transition of its third party logistics (3PL) service provider at its existing distribution center, incorporating new facilities into the distribution footprint by expanding warehouse capacity and securing additional space to support long-term distribution and fulfillment, plus updating engagement and processes with suppliers and its transportation and logistics handlers. Incremental costs include one-time transition, implementation and start-up cost with the new 3PL service provider including the integration of provider systems and technology, incentive-based compensation to maintain performance during transition, duplicative and redundant costs, and incremental costs for various disruptions in the operations during the transition period including supplemental transportation and storage costs, incremental detention and demurrage costs. Additionally, the Company experienced an increase in customer fines and penalties during the transition period (recognized as a reduction in net sales). Costs attributable to the initiative were completed during the year ended September 30, 2022.
- Global Productivity Improvement Program During the year ended September 30, 2019, the Company initiated a company-wide, multi-year program, consisting of various restructuring related initiatives to redirect resources and spending to drive growth, identify cost savings and pricing opportunities through standardization and optimization, develop organizational and operating optimization, and reduce overall operational complexity across the Company. With the Company's divestitures of GBL and GAC during the year ended September 30, 2019, the project focus includes the transition of the Company's continuing operations in a post-divestiture environment and exiting of TSAs, which were fully exited in January 2022. The initiative includes review of global processes and organization design and structures, headcount reductions and transfers, and rightsizing the Company's shared operations and commercial business strategy and exit of certain internal production to third-party suppliers, among others, resulting in the recognition of severance benefits and other exit and disposal costs to facilitate such activity. Costs attributable to the initiative were completed during the year ended September 30, 2022.

The following is a summary of impact to operating results attributable to restructuring initiatives and other optimization projects, incurred for the respective projects during three month periods ended January 1, 2023 and January 2, 2022. In addition to the projects and initiatives discussed above, the Company regularly incurs cost and engages in less significant restructuring and optimization initiatives that individually are not substantial and occur over a shorter time period (generally less than 12 months).

Financing Activity

Financing activity during and between comparable periods may have a significant impact on the comparability of financial results on the condensed consolidated financial statements.

- On November 17, 2022, the Company entered into the fourth amendment to the Credit Agreement to temporarily increase the maximum consolidated total net leverage ratio permitted to be no greater than 7.0 to 1.0 before returning to 6.0 to 1.0 at the earliest of (i) September 29, 2023, or (ii) 10 business days after the closing of the HHI divestiture or receipt of the related termination fee. The Company incurred \$2.3 million in connection with the fourth amendment, which has been recognized as interest expense for the three month period ended January 1, 2023.
- During the year ended September 30, 2022, the Company entered into the third amendment to the Credit Agreement that provides for incremental capacity on the Revolver Facility of \$500 million that was used to support the acquisition of the Tristar Business and the continuing operations and working capital requirements of the Company. Borrowings under the incremental capacity are subject to a borrowing rate which is subject to SOFR plus margin ranging from 1.75% to 2.75%, per annum or base rate plus margin ranging from 0.75% to 1.75% per annum, with an increase by 25 basis points 270 days after the effective date of the third amendment and an additional 25 basis points on each 90 day anniversary of such date.

See Note 9 - Debt in the Notes to the Condensed Consolidated Financial Statements, included elsewhere in this Quarterly Report for additional detail regarding debt and financing activity.

Russia-Ukraine Conflict

The impacts of the Russia-Ukraine conflict and the sanctions imposed by other nations in response to the conflict are evolving and may have an impact on the Company's consolidated operations and cash flow attributable to operations and distribution within the region. The Company does not maintain a significant level of operations within Ukraine and does not maintain material assets within Russia, which mostly consist of working capital associated with the in-country distribution operations. In response to matters within the territory, we have adjusted our risks associated with the collectability and realizable value for working capital within the region and we have initiated the closing of the in-country commercial operations in Russia.

Inflation and Supply Chain Constraints

While certain aspects of our financial results have been favorably impacted by increased demand attributable to the COVID-19 pandemic, in addition to favorable consumer conditions, including incremental financial assistance provided by various government agencies, our business continues to experience challenges towards product availability to meet customer demand. We experienced increased labor shortages in the wake of the COVID-19 pandemic along with increased freight and distribution costs from transportation and logistics and disruptions within our supply chain. Together with labor shortages and higher demand for talent, the current economic environment is driving higher wages. Our ability to meet labor needs, control wage and labor-related costs and minimize labor disruptions will be key to our success of operating our business and executing our business strategies. Furthermore, our business is experiencing an inflationary environment, which has negatively impacted our gross margin rates. In response to inflation, our segments have taken pricing actions to address rising costs and mitigate impacts to our margins. We are unable to predict how long the current inflationary environment, including increased energy costs, will continue. We expect the economic environment to remain uncertain as we navigate the current geopolitical environment, post-pandemic volatility, labor challenges, supply chain constraints and the current inflationary environment, including increasing energy and commodity prices.

Non-GAAP Measurements

Our consolidated and segment results contain non-GAAP metrics such as organic net sales, and adjusted EBITDA ("Earnings Before Interest, Taxes, Depreciation, Amortization") and adjusted EBITDA margin. While we believe organic net sales and adjusted EBITDA are useful supplemental information, such adjusted results are not intended to replace our financial results in accordance with Accounting Principles Generally Accepted in the United States ("GAAP") and should be read in conjunction with those GAAP results.

Organic Net Sales. We define organic net sales as net sales excluding the effect of changes in foreign currency exchange rates and impact from acquisitions (when applicable). We believe this non-GAAP measure provides useful information to investors because it reflects regional and operating segment performance from our activities without the effect of changes in currency exchange rates and acquisitions. We use organic net sales as one measure to monitor and evaluate our regional and segment performance. Organic growth is calculated by comparing organic net sales to net sales in the prior year. The effect of changes in currency exchange rates is determined by translating the period's net sales using the currency exchange rates that were in effect during the prior comparative period. Net sales are attributed to the geographic regions based on the country of destination. We exclude net sales from acquired businesses in the current year for which there are no comparable sales in the prior year.

The following is a reconciliation of reported net sales to organic net sales for the three month periods ended January 1, 2023 compared to net sales for the three month periods ended January 2, 2022:

				Ja	nuary 1, 2023					
Three Month Periods Ended (in millions, except %)	N	et Sales	Effect of Changes in Currency		Net Sales Excluding Effect of Changes in Currency	Effect of Acquisitions	Organic Net Sales	Net Sales nuary 2, 2022	Varian	ice
HPC	\$	364.4	\$ 25.7	\$	390.1	\$ (67.8)	\$ 322.3	\$ 379.7	\$ (57.4)	(15.1)%
GPC		277.5	13.9		291.4	_	291.4	302.2	(10.8)	(3.6)%
H&G		71.4	_		71.4	_	71.4	75.3	(3.9)	(5.2)%
Total	\$	713.3	\$ 39.6	\$	752.9	\$ (67.8)	\$ 685.1	\$ 757.2	(72.1)	(9.5)%

Adjusted EBITDA and Adjusted EBITDA Margin. Adjusted EBITDA and Adjusted EBITDA Margin are non-GAAP measures used by management, which we believe provide useful information to investors because they reflect ongoing operating performance and trends of our segments, excluding certain non-cash based expenses and/or non-recurring items during each of the comparable periods. They also facilitate comparisons between peer companies since interest, taxes, depreciation, and amortization can differ greatly between organizations as a result of differing capital structures and tax strategies. Adjusted EBITDA is also used for determining compliance with the Company's debt covenants. EBITDA is calculated by excluding the Company's income tax expense, interest expense, depreciation expense and amortization expense (from intangible assets) from net income. Adjusted EBITDA further excludes:

- Stock based compensation costs consist of costs associated with long-term incentive compensation arrangements that generally consist of non-cash, stock-based compensation. See *Note 13* Share Based Compensation in the Notes to the Condensed Consolidated Financial Statements, included elsewhere in this Quarterly Report, for further details;
- Incremental amounts attributable to strategic transactions and business development initiatives including, but not limited to, the acquisition or divestitures of a business, costs to effect and facilitate a transaction, including such cost to integrate or separate the respective business. These amounts are excluded from our performance metrics as they are reflective of incremental investment by the Company towards business development activities, incremental costs attributable to such transactions and are not considered recurring or reflective of the continuing ongoing operations of the consolidated group or segments;
- Incremental amounts realized towards restructuring and optimization projects including, but not limited to, costs towards the development and implementation of strategies to optimize operations and improve efficiency, reduce costs, increase revenues, increase or maintain our current profit margins, including recognition of one-time exit or disposal costs. These amounts are excluded from our ongoing performance metrics as they are reflective of incremental investment by the Company towards significant initiatives controlled by management, incremental costs directly attributable to such initiatives, indirect impact or disruption to operating performance during implementation, and are not considered recurring or reflective of the continuing ongoing operations of the consolidated group or segments;
- Unallocated shared costs associated with discontinued operations from certain shared and center-led administrative functions the Company's business units excluded from income from discontinued operations as they are not a direct cost of the discontinued business but a result of indirect allocations, including but not limited to, information technology, human resources, finance and accounting, supply chain, and commercial operations. Amounts attributable to unallocated shared costs would be mitigated through subsequent strategic or restructuring initiatives, TSAs, elimination of extraneous costs, or re-allocations or absorption of existing continuing operations following the completed sale of the discontinued operations. See *Note 2 Divestitures* in Notes to the Condensed Consolidated Financial Statements, included elsewhere in this Quarterly Report for further details;
- Non-cash purchase accounting adjustments recognized in earnings from continuing operations subsequent to an acquisition, including, but not limited to, the costs attributable to the step-up in inventory value and the incremental value in operating lease assets with below market rent, among others;
- Non-cash gain from the reduction in the contingent consideration liability recognized during the three month period ended January 1, 2023, associated with the Tristar Business acquisition in the prior year on February 18, 2022;
- · Non-cash asset impairments or write-offs realized and recognized in earnings from continuing operations;
- Impact from the early settlement of foreign currency cash flow hedges in the prior year, resulting in subsequent assumed losses at the original stated maturities of foreign currency cash flow
 hedges in our EMEA region that were settled early in the prior year due to changes in the Company's legal entity organizational structure and forecasted purchasing strategy of HPC finished
 goods inventory within the region, resulting in the recognition of excluded gains in the prior year intended to mitigate costs through the year ending September 30, 2023.
- Incremental costs recognized by the HPC segment attributable to the realization of product recalls initiated by the Company in the prior year. See Note 16 Commitments and Contingencies in Notes to the Condensed Consolidated Financial Statements included elsewhere in this Quarterly Report for further details: and
- Incremental reserves for non-recurring litigation or environmental remediation activity including the proposed settlement on outstanding litigation matters at our H&G division attributable to significant and unusual nonrecurring claims with no previous history or precedent with remeasurements during the three month period ended January 2, 2022; and
- Other adjustments are primarily attributable to: (1) costs associated with Salus as they are not considered a component of the continuing commercial products company; (2) key executive severance related costs; (3) impairment charges from the exit of certain operating leases at our HPC segment; and (4) insurable losses and cost recovery associated with hurricane damages at a key supplier of our Glofish business and loss realized from misapplied funds during the three month period ended January 1, 2023.

Adjusted EBITDA margin is calculated as Adjusted EBITDA as a percentage of reported net sales for the respective period and segment.

The following is a reconciliation of net income to Adjusted EBITDA for the three month periods ended January 1, 2023 and January 2, 2022, for SBH.

Net Sales	\$	713.3	\$	757.2		(43.9)	(5.8)%

(in millions)	Three Mo	nth Periods Ended
Net Sales for the period ended January 2, 2022	\$	757.2
Decrease in GPC		(10.8)
Decrease in HPC		(57.4)
Decrease in H&G		(3.9)
Acquisition sales		67.8
Foreign currency impact, net		(39.6)
Net Sales for the period ended January 1, 2023	\$	713.3

Gross Profit. Gross profit and gross profit margin for the three month period decreased primarily due to lower sales volume offset by improved pricing compared to prior year, plus the realization of higher inventoried costs accumulated in the prior year and an unfavorable mix to reduce excess inventory levels.

Operating Expenses. Operating expenses for the three month period decreased due to a decrease in selling expenses of \$15.0 million from a reduction in distribution and transportation costs with improved operating effectiveness and initiatives from the prior year to reduce operating spend; with a decrease in general and administrative expenses of \$4.6 million from operating spend initiatives and lower cost towards strategic transactions and restructurings, plus a gain of \$1.5 million from the remeasurement of the contingent consideration liability associated with the Tristar Business acquisition

Interest Expense. Interest expense for the three month period increased due to a higher level of outstanding borrowings on the Revolver Facility with increased borrowing rates on variable rate debt plus an incremental \$2.3 million for the amendment to the Credit Agreement to temporarily increase the maximum consolidated total net leverage ratio during the year ending September 30, 2023. See Note 9 – Debt in the Notes to the Condensed Consolidated Financial Statements included elsewhere in this Quarterly Report for additional detail.

Other Non-Operating (Income) Expense, Net. Other non-operating income for the three month period increased due to changes in foreign currency compared to the prior year.

Income Taxes. Our estimated annual effective tax rate was impacted for the three month period by income earned outside the U.S. that is subject to U.S. tax, including the U.S. tax on global intangible low taxed income, certain nondeductible expenses, and foreign rates that differ from the U.S. federal statutory rate.

Income From Discontinued Operations. Income or loss attributable to discontinued operations primarily reflect the income from the discontinued operations of the HHI segment. Income from discontinued operations attributable to the HHI segment decreased during the three month period ended January 1, 2023, due to lower volumes offset by pricing increases to address inflationary costs and freight spend. See Note 2 -Divestitures in the Notes to the Condensed Consolidated Financial Statements included elsewhere in this Quarterly Report for additional detail.

Noncontrolling Interest. The net income attributable to noncontrolling interest reflects the share of the net income of our subsidiaries, which are not wholly-owned, attributable to the accounting interest. Such amount varies in relation to such a subsidiary's net income or loss for the period and the percentage interest not owned by SBH.

SB/RH

The following is summarized consolidated results of operations for SB/RH for the three month periods ended January 1, 2023 and January 2, 2022:

		Three Month					
(in millions, except %)		January 1, 2023		January 2, 2022	Variance		
Net sales	\$	713.3	\$	757.2	\$	(43.9)	(5.8)%
Gross profit		201.9		219.3		(17.4)	(7.9)%
Gross profit margin		28.3 %)	29.0 %		(70)bps	
Operating expenses	\$	222.0	\$	242.8	\$	(20.8)	(8.6)%
Interest expense		33.4		21.8		11.6	53.2 %
Other non-operating (income) expense, net		(1.5)		0.6		(2.1)	n/m
Income tax benefit		(12.2)		(15.8)		3.6	(22.8)%
Net loss from continuing operations		(39.8)		(30.1)		(9.7)	32.2 %
Income from discontinued operations, net of tax		19.5		38.8		(19.3)	(49.7)%
Net (loss) income		(20.3)		8.7		(29.0)	n/m
n/m = not meaningful							

The changes in SB/RH for the three month periods are primarily attributable to the changes in SBH previously discussed.

Segment Financial Data

Home and Personal Care

Three Month Periods Ended (in millions, except %) January 1, 2023 January 2, 2022 Variance Net sales (15.3) 364.4 379.7 (4.0)%Operating (loss) income (4.3)20.4 (24.7)n/m Operating (loss) income margin (1.2%)5.4 % (660)bps Adjusted EBITDA \$ 13.2 27.4 (14.2)(51.8)% Adjusted EBITDA margin 3.6 % 7.2 % (360)bps n/m = not meaningful

Net sales decreased due to slower product category retail sales with an increasingly competitive landscape and high retail inventory levels limiting replenishment orders during the holiday season. Prior year pricing adjustments positively impacted net sales compared to the prior year. Sale volumes in EMEA were further impacted by Russia-Ukraine war and closing of our Russia commercial operations. Organic net sales decreased 57.4 million, excluding acquisition sales of \$67.8 million and an unfavorable foreign currency impact of \$25.7 million.

Operating income, adjusted EBITDA and margins decreased due to lower volume, the realization of higher inventoried costs accumulated in the prior year and unfavorable foreign currency in our EMEA markets, partially mitigated through cost savings to reduce operating expenses initiated in the prior year. Operating income was further impacted by incremental costs towards the integration of the Tristar Business, dissolution of the Russia commercial operations and strategic investment to transition the segment brand portfolio.

Global Pet Care

	Ended							
(in millions, except %)	Janu	ary 1, 2023	Janu	ıary 2, 2022	Variance			
Net sales	\$	277.5	\$	302.2	\$	(24.7)	(8.2)%	
Operating income		22.7		12.3		10.4	84.6 %	
Operating income margin		8.2 %		4.1 %		410 bps		
Adjusted EBITDA	\$	37.2	\$	38.7	\$	(1.5)	(3.9)%	
Adjusted EBITDA margin		13.4 %		12.8 %		60 bps		

Net sales decreased from higher retail inventory levels limiting replenishment orders and lower retail sales in certain categories, primarily with pet specialty retailers, offset by new positive pricing adjustments in EMEA and impact of prior year price increases. Sales and distribution for the chews & treats category continue to grow from the prior year with declines in other hard goods and aquatic environments as we compare to prior year elevated levels. EMEA sales were negatively impacted by unfavorable foreign exchange rates and lower aquatic sales offset by growth in companion animal sales including dog & cat food. Organic net sales decreased \$10.8 million, or 3.6%, excluding unfavorable foreign currency impact of \$13.9 million

Operating income and margin increased due to lower distribution costs compared to prior year disruptions, positive pricing adjustments and operating expense savings initiatives, offset by lower volumes and unfavorable foreign currency exchange. Adjusted EBITDA decreased due to lower volume with margin increase due to pricing adjustments and operating expense savings.

Home and Garden

		Three Month	Ended				
(in millions, except %)	Janu	January 1, 2023 January 2, 2022			Variance		
Net sales	\$	71.4	\$	75.3	\$	(3.9)	(5.2)%
Operating loss		(7.2)		(15.7)		8.5	(54.1)%
Operating loss margin		(10.1)%		(20.8)%		1,070 bps	
Adjusted EBITDA	\$	(2.4)	\$	(7.3)	\$	4.9	(67.1)%
Adjusted EBITDA margin		(3.4)%		(9.7)%		630 bps	

Net sales decreased primarily due to higher retail inventory reducing replenishment needs and lower early seasonal inventory investment across most all pest control product categories, offset by positive pricing adjustments initiated in the prior year. Cleaning products realized year-over-year growth with increased distribution and price increases following integration related disruption in the prior year.

Operating loss improvement with increases in adjusted EBITDA and margins for the three month period were due to pricing, operational performance and annualization of operating cost savings initiatives from the prior year, plus higher integration costs in the prior year following the Rejuvenate acquisition further benefiting operating income.

Liquidity and Capital Resources

The following is a summary of the SBH and SB/RH cash flows from continuing operations for the three month periods ended January 1, 2023 and January 2, 2022, respectively.

	SBH				SB/RH				
Three Month Periods Ended (in millions)	January 1, 2023		January 2, 2022		January 1, 2023	January 2, 2022			
Operating activities	\$ (57.	0) \$	(255.8)	\$	(67.6)	\$	(288.3)		
Investing activities	\$ (10.	0) \$	(14.0)	\$	(10.0)	\$	(14.0)		
Financing activities	\$ 56.	8 \$	310.0	\$	67.3	\$	342.6		

Cash Flows from Operating Activities

Cash flows used in SBH's continuing operations decreased \$198.8 million, primarily due to the reduction of cash used towards working capital compared to the prior year, primarily with the reduced purchasing and overall reduction of inventory compared to the prior year spending and higher supply chain costs, plus a decrease in cash paid towards strategic transactions and restructuring initiatives. Cash flows used in SB/RH continuing operations decreased \$220.7 million primarily due to the items previously discussed above.

Cash Flows from Investing Activities

Cash flows used in investing activities for SBH continuing operations decreased \$4.0 million, primarily from reduced capital expenditures. Cash flows used in investing activities of SB/RH decreased due to the items previously discussed.

Cash Flows from Financing Activities

Cash flows provided by financing activities for continuing operations decreased \$253.2 million primarily due to the decrease in incremental borrowings required from the Revolver Facility offset by the lower treasury share repurchases. During the three month period ended January 1, 2023, the Company realized \$90.0 million of proceeds from the Revolver Facility with amortizing payments on other outstanding debt of \$3.3 million. Refer to *Note* 9 – *Debt* in the Notes to the Condensed Consolidated Financial Statements included elsewhere in this Quarterly Report for more information on debt borrowings. During the three month period ended January 1, 2023, the Company did not repurchase any treasury stock. There was no issuance of common stock, other than through the Company's share-based compensation plans and which is recognized as a non-cash financing activity. See *Note 12 – Shareholders' Equity* and *Note 13 - Share Based Compensation* in the Notes to the Condensed Consolidated Financial Statements included elsewhere in this Quarterly Report for further detail. During the three month periods ended January 1, 2023 and January 2, 2022, SBH made cash dividend payments of \$17.1 million and \$17.3 million, respectively, or \$0.42 per share. Cash flows from financing activity of SB/RH decreased \$275.3 million and is highly dependent upon the financing cash flow activities of SBH.

Liquidity Outlook

Our ability to generate cash flow from operating activities coupled with our expected ability to access the credit markets, enables us to execute our growth strategies and return value to our shareholders. Our ability to make principal and interest payments on borrowings under our debt agreements and our ability to fund planned capital expenditures will depend on the ability to generate cash in the future, which, to a certain extent, is subject to general economic, financial, competitive, regulatory and other conditions. We believe the negative operating cash flow recognized for the three month period ended January 1, 2023, is not indicative of the ongoing near-term operations of the Company and based upon our current and anticipated level of operations, existing cash balances, the anticipated proceeds from the HHI divestiture and availability under our credit facility, we expect cash flows from operations to be sufficient to meet our operating and expenditure requirements for at least the next 12 months. It is not unusual for our business to experience negative operating cash flow during the first quarter of the fiscal year due to the operating calendar with our customers and the seasonality of our working capital. Additionally, we believe the availability under our credit facility and access to capital markets are sufficient to achieve our longer-term strategic plans. As of January 1, 2023, the Company had borrowing availability of \$252.5 million, net of outstanding letters of credit, under our credit facility. Liquidity and capital resources of SB/RH are highly dependent upon the cash flow activities of SBH.

Short-term financing needs primarily consist of working capital requirements, capital spending, periodic principal and interest payments on our long-term debt, and initiatives to support restructuring, integration or other related projects. Long-term financing needs depend largely on potential growth opportunities, including acquisition activity and repayment or refinancing of our long-term obligations. Our long-term liquidity may be influenced by our ability to borrow additional funds, renegotiate existing debt, and raise equity under terms that are favorable to us. We also have long-term obligations associated with defined benefit plans with expected minimum required contributions that are not considered significant to the consolidated group.

Table of Contents

We may, from time to time, seek to repurchase shares of our common stock. During the three month period ended January 1, 2023, the Company did not repurchased any shares. See *Note 12 – Shareholders' Equity* in the Notes to the Condensed Consolidated Financial Statements included elsewhere in this Quarterly Report for further detail. Any repurchase activity will be dependent on prevailing market conditions, liquidity requirements and other factors.

We maintain a capital structure that we believe provides us with sufficient access to credit markets. When combined with strong levels of cash flow from operations, our capital structure has provided the flexibility necessary to pursue strategic growth opportunities and return value to our shareholders. The Company's access to capital markets and financing costs may depend on the Company's credit ratings. None of the Company's current borrowings are subject to default or acceleration as a result of a downgrading of credit ratings, although a downgrade of the Company's credit ratings could increase fees and interest charges on future borrowings. At January 1, 2023, we were in compliance with all covenants under the Credit Agreement and the indentures governing the 5.75% Notes, due July 15, 2025; the 4.00% Notes, due October 1, 2026; the 5.00% Notes, due October 1, 2029; the 5.50% Notes due July 15, 2030; and the 3.875% Notes, due March 15, 2031. On November 17, 2022, the Company entered into the fourth amendment to the Credit Agreement to temporarily increase the maximum consolidated total net leverage ratio permitted to be no greater than 7.0 to 1.0, before returning to 6.0 to 1.0 at the earliest of (i) September 29, 2023, or (ii) 10 business days after the closing of the HHI divestiture or receipt of the related termination fee.

A portion of our cash balance is located outside the U.S. given our international operations. We manage our worldwide cash requirements centrally by reviewing available cash balances across our worldwide group and the cost effectiveness with which this cash can be accessed. We generally repatriate cash from non-U.S. subsidiaries, provided the cost of the repatriation is not considered material. The counterparties that hold our deposits consist of major financial institutions.

The majority of our business is not considered seasonal with a year round selling cycle that is overall consistent during the fiscal year with the exception of our H&G segment. H&G sales typically peak during the first six months of the calendar year (the Company's second and third fiscal quarters) due to customer seasonal purchasing patterns and the timing of promotional activity. This seasonality requires the Company to ship large quantities of products ahead of peak consumer buying season that can impact cash flow demands to meet manufacturing and inventory requirements earlier in the fiscal year, as well as extended credit terms and/or promotional discounts throughout the peak season.

From time to time the Company enters into factoring agreements and customers' supply chain financing arrangements to provide for the sale of certain trade receivables to unrelated third-party financial institutions. The factored receivables are accounted for as a sale without recourse, and the balance of the receivables sold are removed from the Condensed Consolidated Balance Sheet at the time of the sales transaction, with the proceeds received recognized as an operating cash flow. Amounts received from customers for factored receivables are recognized as a payable and remitted to the factor based upon terms of the factoring agreements. The Company factored certain of its trade receivables during the three month period ending January 1, 2023. Additionally, the Company facilitates a voluntary supply chain financing program to provide certain of its suppliers with the opportunity to sell receivables due from the Company (the Company's trade payables) to an unrelated third-party financial institution under the sole discretion of the suppliers and the participating financial institution. There are no guarantees provided by the Company or its subsidiaries and we do not enter into any agreements with the suppliers regarding their participation. The Company's responsibility is limited to payments on the original terms negotiated with its suppliers, regardless of whether the suppliers sell their receivables to the financial institution and continue to be recognized as accounts payable on the Company's Condensed Consolidated Balance Sheet with cash flow activity recognized as an operating cash flow.

During the three month period ended January 1, 2023, there have been no material changes to our debt obligations, lease obligations, employee benefit obligations or other contractual obligations or commercial commitments previously discussed in our Annual Report on Form 10-K for the year ended September 30, 2022, other than the increased revolver capacity and borrowings under the Company's Credit Agreement, which have a maturity date of June 30, 2025 and are subject to repayment or re-borrowing by the Company without penalty. See *Note 9 – Debt* in the Notes to the Condensed Consolidated Financial Statements included elsewhere in this Quarterly Report for further detail. We do not have any off-balance sheet arrangements that have or are reasonably likely to have a current or future effect on our financial condition, changes in financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources that are material to investors.

Critical Accounting Policies and Estimates

There have been no material changes to our critical accounting estimates as discussed in our Annual Report on Form 10-K for the year ended September 30, 2022.

New Accounting Pronouncements

See Note 1 – Basis of Presentation and Significant Accounting Policies in Notes to the Condensed Consolidated Financial Statements elsewhere included in this Quarterly Report for information about accounting pronouncements that are newly adopted and recent accounting pronouncements not yet adopted.

Guarantor Statements - SB/RH

SBI has issued the 5.75% Notes under the 2025 Indenture, the 4.00% Notes under the 2026 Indenture, the 5.00% Notes under the 2029 Indenture, the 5.50% Notes under the 2030 Indenture, and the 3.875% Notes under the 2031 Indentures (collectively, the "Notes"). The Notes are unconditionally guaranteed, jointly and severally, on a senior unsecured basis by SB/RH and SBI's domestic subsidiaries. The Notes and the related guarantees rank equally in right of payment with all of SBI and the guarantors' existing and future senior indebtedness and rank senior in right of payment to all of SBI and the guarantors' future indebtedness that expressively provide for its subordination to the Notes and the related guarantees. Non-guarantor subsidiaries primarily consist of SBI's foreign subsidiaries.

The following financial information consists of summarized financial information of the Obligor, presented on a combined basis. The "Obligor" consists of the financial statements of SBI as the debt issuer, SB/RH as a parent guarantor, and the domestic subsidiaries of SBI as subsidiary guarantors. Intercompany balances and transactions between SBI and the guarantors have been eliminated. Investments in non-guarantor subsidiaries and the earnings or losses from those non-guarantor subsidiaries have been excluded.

		Three Month Period Ended				
(in millions)	January	1, 2023	Septer	mber 30, 2022

Current payable to non-guarantor subsidiaries		357.3	311.2
Long-term debt with non-guarantor subsidiaries		2.1	2.0

Item 3. Quantitative and Qualitative Disclosures About Market Risk

Market Risk Factors

No material change in the Company's market risk has occurred during the three month period ended January 1, 2023. For additional information, refer to *Note 9 – Debt* and *Note 10 – Derivatives* to the Condensed Consolidated Financial Statement included elsewhere in the Quarterly Report and to *Part II, Items 7A* of the Company's Annual Report on Form 10-K for the fiscal year ended September 30, 2022.

Item 4. Controls and Procedures

Spectrum Brands Holdings, Inc.

Evaluation of Disclosure Controls and Procedures. Our management, with the participation of our principal executive officer and principal financial officer, has evaluated the effectiveness of our disclosure controls and procedures (as such term is defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act) pursuant to Rule 13a-15(b) under the Exchange Act as of the end of the period covered by this Quarterly Report on Form 10-Q. Based on this evaluation, SBH's management, including our Chief Executive Officer and Chief Financial Officer, has concluded that, as of such date, our disclosure controls and procedures are effective to ensure that information required to be disclosed by us in reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in applicable SEC rules and forms, and is accumulated and communicated to SBH's management, including SBH's Chief Executive Officer and Chief Financial Officer, as appropriate to allow timely decisions regarding required disclosure.

Changes in Internal Control Over Financial Reporting. There was no change in our internal control over financial reporting (as defined in Rules 13a-15(f) and 15d-15(f) under the Securities and Exchange Act of 1934, as amended) that occurred during the three month periods ended January 1, 2023, that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

Limitations on the Effectiveness of Controls. SBH's management, including our Chief Executive Officer and Chief Financial Officer, does not expect that SBH's disclosure controls and procedures or SBH's internal controls over financial reporting will prevent all errors and all fraud. A control system, no matter how well conceived and operated, can provide only reasonable, not absolute, assurance that the objectives of the control system are met. Further, the design of a control system must reflect the fact that there are resource constraints, and the benefits of controls must be considered relative to their costs. Because of the inherent limitations in all control systems, no evaluation of controls can provide absolute assurance that all control issues and instances of fraud, if any, within SBH have been detected.

SB/RH Holdings, LLC

Evaluation of Disclosure Controls and Procedures. Our management, with the participation of our principal executive officer and principal financial officer, has evaluated the effectiveness of our disclosure controls and procedures (as such term is defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act) pursuant to Rule 13a-15(b) under the Exchange Act as of the end of the period covered by this Quarterly Report on Form 10-Q. Based on this evaluation, SB/RH's management, including our Chief Executive Officer and Chief Financial Officer, has concluded that, as of such date, our disclosure controls and procedures are effective to ensure that information required to be disclosed by us in reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in applicable SEC rules and forms, and is accumulated and communicated to SB/RH's management, including SB/RH's Chief Executive Officer and Chief Financial Officer, as appropriate to allow timely decisions regarding required disclosure.

Changes in Internal Control Over Financial Reporting. There was no change in our internal control over financial reporting (as defined in Rules 13a-15(f) and 15d-15(f) under the Securities and Exchange Act of 1934, as amended) that occurred during the three month periods ended January 1, 2023, that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

Limitations on the Effectiveness of Controls. SB/RH's management, including our Chief Executive Officer and Chief Financial Officer, does not expect that SB/RH's disclosure controls and procedures or SB/RH's internal controls over financial reporting will prevent all errors and all fraud. A control system, no matter how well conceived and operated, can provide only reasonable, not absolute, assurance that the objectives of the control system are met. Further, the design of a control system must reflect the fact that there are resource constraints, and the benefits of controls must be considered relative to their costs. Because of the inherent limitations in all control systems, no evaluation of controls can provide absolute assurance that all control issues and instances of fraud, if any, within SB/RH's have been detected.

PART II. OTHER INFORMATION

Item 1. Legal Proceedings

Litigation

We are a defendant in various litigation matters generally arising in the ordinary course of business. See risk factors below and *Note 16 – Commitments and Contingencies* included elsewhere in this Quarterly Report. Based on information currently available, we do not believe that any matters or proceedings presently pending will have a material adverse effect on our results of operations, financial condition, liquidity or cash flows.

Item 1A. Risk Factors

Information about our risk factors is contained in *Item 1A* of our Annual Report on Form 10-K for the fiscal year ended September 30, 2022, filed with the SEC on November 22, 2022, and in *Item 1A* of our Quarterly Reports on Form 10-Q for quarterly periods subsequently filed. We believe that as of January 1, 2023, there have been no material changes in our risk factors from those disclosed in *Item 1A* of our Annual Report on Form 10-K for the year ended September 30, 2022, and in *Item 1A* of our Quarterly Reports on Form 10-Q for quarterly periods subsequently filed.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

On May 4, 2021, the Board of Directors approved a share repurchase program authorizing the purchase of up to \$1 billion of common stock. The authorization is effective for 36 months. The share repurchase program permits shares to be repurchased in open market or through privately negotiated transactions, including by direct purchases or purchases pursuant to derivative instruments or other transactions (including pursuant to accelerated share repurchase agreements, the writing and settlement of put options and the purchase and exercise of call options). The number of shares to be repurchased, and the timing of any repurchases, will depend on factors such as the share price, economic and market conditions, and corporate and regulatory requirements. The share repurchase program may be suspended, amended or discontinued at any time.

The following table summarizes the common stock repurchases under the previous program for the three month period ended January 1, 2023:

	Total Number of Shares Purchased	Average Price Paid Per Share	Total Number of Shares Purchased as Part of Plan	Approximate Dollar Value of Shares that may Yet Be Purchased		
As of As of September 30, 2022	2,239,367	\$ 95.72	2,239,367	\$	785,647,294	
October 1, 2022 to October 30, 2022		_	<u> </u>		785,647,294	
October 31, 2022 to November 27, 2022	_	_	_		785,647,294	
November 28, 2022 to January 1, 2023	_	_			785,647,294	
As of January 1, 2023	2,239,367	\$ 95.72	2,239,367	\$	785,647,294

I, David M. Maura, Chief Executive Officer, certify that:

- 1. I have reviewed this quarterly report on Form 10-Q of Spectrum Brands Holdings, Inc. (the "registrant");
- 2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
- 3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
- 4. The registrant's other certifying officer(s) and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles:
 - c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
- 5. The registrant's other certifying officer(s) and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.

CERTIFICATION OF THE CHIEF EXECUTIVE OFFICER PURSUANT TO 18 U.S.C. SECTION 1350, AS ADOPTED PURSUANT TO SECTION 906 OF THE SARBANES-OXLEY ACT OF 2002

In connection with the Quarterly Report on Form 10-Q of Spectrum Brands Holdings, Inc. (the "Company") for the quarterly period ended January 1, 2023 as filed with the Securities and Exchange Commission on the date hereof (the "Report"), I, David M. Maura, as Chief Executive Officer of the Company, hereby certify, pursuant to 18 U.S.C. Section 1350, as adopted pursuant to Section 906 of the Sarbanes-Oxley Act of 2002, that, to the best of my knowledge:

- 1. The Report fully complies with the requirements of Section 13(a) or 15(d) of the Securities Exchange Act of 1934; and
- 2. The information contained in the Report fairly presents, in all material respects, the financial condition and results of operations of the Company.
